

Kiwanis Club To Hear T. H. Hoare

Plan Children's Picnic
At Norumbega July 14

The Newton Kiwanis Club is arranging a picnic at Norumbega Park for Tuesday noon, July 14th. Their guests will be the underprivileged children of the Peabody Home. The Newton Kiwanis Club contributes generously every year to the support of this Home and to their entertainment at this annual picnic.

The committee appointed by President Pous to arrange for this outing consists of Edward Cannon, Chairman, assisted by James H. Riggs, First Vice President, William Jasset, Chairman of Attendance Committee, Charles Black, Chairman of House Committee, "Wally" Finlay, Chairman of Interclub Relations Committee, Walter Hood, Chairman of Program Committee, C. J. Hutchings, Chairman Publicity Committee, and Dr. F. H. Paul, Chairman of the Underprivileged Child Committee.

Among their other committee activities the members of the Newton Kiwanis Club are encouraging the weekly purchase of Defense Bonds. Benjamin Lewis, who is in charge of the bond purchases, announced last Tuesday that members of the Club had already purchased over \$3000 worth of bonds within the past three months.

William Jasset, Chairman of Attendance Committee, announced that at the meeting last Tuesday there were twenty-four members present. The Newton Club has been one of the leading clubs in the Fifth District in their attendance percentage.

Mr. William Jasset, President of the Jasset Printing Company in Newton, and a member of the club, was the speaker last Tuesday. His subject was "The Light from the Statue of Liberty—Long May It Shine."

Mr. Jasset outlined very eloquently the history of the Statue of Liberty and their wish for the success of the new nation, America. He called attention to the fact that France now lies prostrate, conquered by a member of the club, who was in power and not in liberty.

The music at the meeting last week was conducted by Mr. Jack Janse, Chairman of the Music Committee, assisted by Miss Hicks at the piano.

The Newton Kiwanis Club joined with other clubs in the vicinity last Wednesday night in attending the Pop Concert at the Symphony in Boston. A number of the members of the local club reported a fine time.

The economic factors involved in total all-out warfare were discussed by Thomas H. Hoare of Boston in a talk scheduled for Tuesday noon, July 7th.

Mr. Hoare is a former newspaper reporter and editor who has been engaged in social and economic research for the past ten years. He has appeared before civic and service clubs throughout New England.

"The success or failure of our war on the battlefronts of the world will depend upon the success or failure of our economic war on the industrial front," Mr. Hoare believes.

His talk is an analysis of these economic factors in simple language that any layman can understand. Mr. Hoare is now employed as the Director of the Division of Social Relations of the Massachusetts Association of Personal Financial Companies with headquarters in Boston.

New Teachers Are Appointed

Nineteen new teachers were appointed by the School Committee at their meeting Monday evening. The appointments are to fill vacancies and the teachers were selected upon recommendation of Superintendent of Schools Julius E. Warren.

The newly elected teachers will assume their duties in September.

Horrihan Named Food Consultant

Leo A. Horrihan of 102 Arlington st., Newton, has been appointed a food consultant in the New England Regional OPA office. Horrihan, who is president of the Smaller Business Association of Massachusetts, has been engaged in the retail and provision business in Brighton for nearly 20 years. For two years he served as president of the Massachusetts Retail Grocers and Provision Dealers' Association which has a membership of 2500. Mr. Horrihan was educated at Noble and Greenough School and Staley College.

Newton Officially Opens Watering Troughs For Horses

Dr. Francis H. Rowley, President of the Massachusetts Society for the Prevention of Cruelty to Animals, Mayor Paul M. Goddard, Newton, and Mr. Eric H. Hansen, Executive Vice-President of the Massachusetts S. P. C. A., look on, as a Newton work horse welcomes the official opening of the watering trough in Newton Centre Square.

To Open Horse Troughs for Season

Horse-watering troughs in many sections of the State, some of which have been shut off for years, will be in operation during the summer months, according to Dr. Francis H. Rowley, President of the Massachusetts Society for the Prevention of Cruelty to Animals. The large increase in the number of horses used for commercial and pleasure purposes, resulting from the rationing of gasoline and rubber, has created a demand for watering places, which are being provided by cities and towns in cooperation with the Massachusetts Society for the Prevention of Cruelty to Animals.

Mayor Paul M. Goddard and other Newton City officials joined Dr. Francis H. Rowley and Mr. Eric H. Hansen, Executive Vice-President of the Massachusetts Society for the Prevention of Cruelty to Animals, in a brief ceremony in Newton Centre square recently, marking the first official opening of horse-watering troughs in the Commonwealth.

In addition to the public watering troughs, plans are under way, according to Society officials, for furnishing drinking water to horses at centrally located gasoline and service stations.

Rationing Board Has New Members

The appointment of three new members to the Newton War Price and Rationing Board, doubling the membership of the board, was announced Wednesday by Mayor Paul M. Goddard.

The newly appointed members are John P. Curley, 43 Walnut Hill rd., Chestnut Hill graduate manager of athletics at Boston College; Albert M. Lyon, 567 Walnut st., Newtonville, a former alderman and a former member of the School Committee; and Herbert N. McGill, 142 Irvington rd., Auburndale, head of the McGill Commodity Service.

As the city is to have a nine-man board eventually, the mayor will appoint three more members. William B. Baker will continue to serve as chairman of the enlarged board. The other two members are Harold Tracy and Franklin S. Hoyt.

Seven Patrolmen Respond To Alarm

A squad of seven patrolmen from the sub-station on Willow st., Newton Centre, led by Sergeant Sheridan, responded to an alarm from the Newton Centre Savings Bank at 103 Union st. on Monday. The alarm which was sounded at Police Headquarters in West Newton was relayed to the sub-station immediately where the men were on duty. On their arrival at the bank it was found that an investigator has accidentally stepped on the lever which sounded the alarm.

Newton Boys Register In Selective Service

Fifth Registration Held Tuesday For Youths in 18 To 20 Year Group

Falling far short of expectations, 1,036 youths 18 to 20 years of age registered for Selective Service in the fifth registration in Newton Tuesday.

The light registration was attributed in part to the fact that many colleges are conducting Summer sessions this year in an educational "speed-up" due to the war and many Newton youths are believed to be attending the Summer schools. These were registered in the college towns, but their registration cards will be forwarded to the Newton boards. Thus the Newton boards are expected to gain in the exchange of registration cards with other cities and towns.

Based on a prediction by officials that the total would equal about 40 per cent of the third registration last February, the number registered Tuesday was about half of the number expected.

The number registered by each board was as follows:

Board 112 (Wards 1, 2 and 3)—511.
Board 113 (Wards 4 and 5)—265.
Board 114 (Wards 6 and 7)—260.

The total registration in each board last February was: Board 112—2,014; Board 113—1,558; Board 114—1,396.

Among those who had the registrars come to them instead of going to the designated places of registration were a pair of twin brothers, one of whom was confined to the Newton Hospital by injuries received in an auto accident at Stafford Springs, Conn.

Newton Elks To Hold Night Before Celebration

Newton Lodge of Elks will hold a Fourth of July Eve celebration at Elks' Hall on Friday evening. John P. Feeney and Jerome J. Crowley, chairman of the entertainment committee, are being assisted by a committee consisting of Edgar F. Callahan, Peter Ryan, Wallace Macpherson, Joseph R. Wombold, George E. Longbottom, Nicholas Vedeccio, Patrick J. Donahue, Joseph Muzzia, Ernest J. Bleiler, Eugene L. Jasset, Wilfred Chagnon and Fred Jasset.

The Lodge has been requested by Roy S. Edwards, Chairman of the Newton Citizen's Committee, to sponsor the presentation of gifts to selectees during the month of July.

Letters were read at the meeting on Thursday night from George Johnson and Peter Boore who are in the army.

Leading Knight Carl Eschelbach reported that the weekly socials will be held throughout the summer on Wednesday evenings.

Transportation Committee Meets

A meeting of the Newton War Transportation Committee was held at the Mayor's Office, City Hall on Tuesday morning. The meeting was called by Administrator Rupert C. Thompson for the purpose of hearing Mr. H. Ainsley Highman, Director of the Massachusetts War Transportation Committee, discuss the rubber and gasoline situations and transportation problem resulting from them.

Mr. Highman was recently appointed State Director of War Transportation by Governor Saltonstall. He is an executive of the United Air Lines, but his company has loaned his services to the state during the present emergency.

Suspension of the city ordinance prohibiting heavy trucking on Watertown st. at night and curtailment of the use of traffic lights for the duration of the war were recommended for the purpose of conserving gasoline, tires and motor vehicles.

The committee will ask the city government to take the necessary action to effect the suggested changes. Plans were also made to distribute questionnaires to workers in factories and stores to bring about the pooling of autos as far as possible.

To Furnish Maps
The committee will also furnish maps to assist workers in conserving their cars. These are 44 factories and about 80 stores which are to be canvassed, according to Rupert C. Thompson, local administrator.

Mr. Highman urged the formation of "tire exchanges" among motorists in order to prepare for the time when some may not have a full complement of tires to keep their cars on the road.

Wastes Gas
The present city ordinance concerning Watertown st. prohibits heavy trucking in the night and early morning hours on that street which is a part of Route 16. Trucking concerns complain that the ordinance is the cause of extra mileage for their through truck traffic.

As for the traffic lights, officials contend that they are gasoline wasters, requiring cars to stand still with the motors idling for extensive periods.

The meeting was attended by 11 members of the committee.

Newton Fireman Suffers Injury

Louis A. Antonellis of Engine 6 Newton Lower Falls, suffered a severe injury to his back while hauling a hose at a fire in the home of Herbert F. Hatch, Jr., 14 Grove st., Auburndale, early Saturday morning. He was taken back to the engine house and when his condition failed to improve he was taken to the Newton Hospital in the police ambulance.

The fire, which started under the back piazza of the house, burned along the outside wall. Mrs. Hatch and her two children, Barbara 3 and Bruce 1 yr. old, were asleep and unaware of the fire until aroused by neighbors. With her children she took refuge in the home of Mrs. Herbert S. Hatch Sr., who lives nearby. Mrs. Hatch was on a business trip in New York and returned home on Saturday.

The fire was discovered by a neighbor as she was returning home. Box 461 was sounded at 1:24 a. m. to which Engines 4 and 5 and Ladder 1 responded. The blaze was confined to the outside of the house but dense smoke filled the interior.

The Hatch family resided on the first floor of the house and the family who had occupied the second floor had moved Friday. The loss was estimated at \$350. At 8:12 a. m. on Monday Box 513 was sounded for a fire at the home of John Cooney, 676 Grove st., Newton Lower Falls, caused by grease in an oven.

At 8:33 on Monday Engine 3 was called to 1231 Centre st., Newton Centre, for a fire resulting from a defective oil burner and at 9:08 a. m. a call was received for a short circuit in the motor of a refrigerator at 28 Nobscot rd., Chestnut Hill.

A false alarm was sounded at 1:08 a. m. on Monday from Box 734 at Ward st. and Westbourne rd., Newton Centre.

Examinations To Be Given Here Today
Physical examinations for the Pre-Flight Training course to be given at the Newton Summer School are in progress now. All students should register Thursday or Friday. Classes start Monday, July 6, at 8 o'clock.

School Teachers Enjoy Luncheon

On Thursday, June 25, at 12:15 noon, the Newton Upper Falls Red Cross Canteen Unit served luncheon to 84 grade school teachers at Pomroy House. The group had been instructed by Mrs. Erickson Angus, Mrs. George Brace-Land, Mrs. Donald Finchbaugh, Mrs. Ann Flint, Miss Alice Jones, Mrs. Robert Miller, Miss Madeline Sears, Mrs. Frank Smith and Miss Hazel Stewart.

Two Aldermen Get Farewell Gifts

Two members of the Newton Board of Aldermen who have joined the armed forces were presented with farewell gifts of fitted suitcases by their fellow aldermen at the annual outing and dinner of the Newton Board, held at the Brae Burn Country Club on Monday of last week.

Alderman Howard Whitmore, Jr., of Ward 5, who resides at 88 Curver rd., Newton Highlands, has been commissioned a first lieutenant in the Army Air Corps and left last week for Miami, Florida, where he will attend an officers' training school. Lt. Whitmore is married and has a son, Howard Whitmore, 3rd, 4 years of age. He is a graduate of Newton High School and of Harvard College, a member of the Newton Highlands Men's Club, the Episcopal Club of Boston and the Varsity Club. He has been in business as an investment counselor, and was formerly a member of the First Motor Squadron of the Massachusetts State Guard. He was elected to the Newton Board a year ago to fill the vacancy caused by the resignation of Donald McKay and was re-elected for a two year term last Fall.

Alderman Edward A. Fahey of Ward 1, who resides at 60 Allison st., Newton, is joining the Army Signal Corps as a civilian attaché. He has served on the Board for several years as chairman of the Franchises and Licenses committee, and was re-elected last Fall for a two year term. He is a lawyer with an office at 302 Watertown st.

Both aldermen have indicated that they will resign from the board in which event their places would be filled by vote of the remaining members of the board.

Rotary Club Has Meeting Monday

Newton Rotary Club met at Brae Burn Country Club Monday, June 29th, at 12:30. Acting President Charles Ansley introduced Mr. Eugene Campbell, Newton manager of the New England Telephone Company, who told the importance of some of the problems that the Telephone Company is faced with during the war emergency regarding new and additional service. He asked members for their co-operation in getting along with present equipment and suggested that if any of the members had a problem that he would be glad to help them.

He introduced Mr. Robert Fitzgerald of his company who operated the projector to show a film—"Spreading the Alarm"—which showed the workings of the A. R. P. Report Centre in Newton and many Rotarians in taking part.

Authorize War Damage Coverage

At the special meeting held by the Newton Board of Aldermen on Monday evening it was voted to authorize the insurance of all city buildings and their contents against war damage to the extent of approximately \$11,000,000. 15 members of the Board were present and a unanimous vote was taken to appropriate the sum of \$8,145.23 as premiums on the policies. This included \$341.13 for Water Department buildings and \$7,711.11 on other buildings. The policies became effective July 1.

The details of the plan were worked out by a committee consisting of Alderman Theodore Lockwood, chairman, and Alderman Henderson Inghes and Maxwell P. Gaddis, who were appointed by President Floyd at the request of Mayor Goddard.

Vice-President Joseph B. Jamieson presided at the special meeting on Monday night in the absence of President Charles B. Floyd.

Autoists To Register July 9, 10 and 11 For Gasoline Rationing

Registration Will Be Held At City Hall and At School Houses—Urge Stagger Plan To Avoid Confusion

Preliminary instructions from Commissioner of Education, Walter F. Downey, to Superintendent of Newton Schools, Julius E. Warren, in regard to the gasoline rationing July 9, 10 and 11, state that owners or operators of the following vehicles will not receive their gasoline ration books at the designated school houses, but rather should apply directly to the Local Ration Board at City Hall: a vehicle owned or leased by a federal, state, local or foreign government agency; an ambulance or hearse; a taxi, jitney, livery vehicle, or a vehicle available for public rental; a vehicle which is a part of a fleet of four or more similar vehicles used principally in the business or occupation (whether gainful or not) of the same person; a vehicle held by a dealer for sale or resale; and all vehicles of obvious commercial identity or for which the motor registration card bears the designation "commercial," such as trucks, buses, taxis, jitneys, delivery or messenger automobiles or motorcycles.

Over 300 Inspect Red Cross House

On Saturday afternoon, June 27, beginning at two o'clock, a stream of visitors inspected the new Chapter House of the Newton Red Cross at 21 Foster st., Newtonville. Many old friends of the Chapter were there, as well as hundreds of people active at the present time in the various workrooms throughout the Villages.

It was indeed a gala occasion and culminated a series of celebrations which began on Wednesday evening, June 24, with the formal presentation of the House to the Chapter by Mrs. William Leroy Young.

Mr. C. R. Cabot, chairman of the Newton Red Cross, greeted the many visitors, and was assisted by the chairmen of the various departments and their corps of workers. Punch was served on the large porch by the Canteen Unit.

Canteen Class Serves Supper

Ex-Mayor Edwin O. Childs entertained the Scout Troop, whose leader is Bob Wombold, at the Boys' Club in Nonantum on Friday evening, June 26th. Supper was served outdoors by the Nonantum Red Cross Canteen Class, and was much enjoyed by the group of boys.

The Nonantum Canteen Class meets twice a week at the Pomroy House. The members are: Mrs. Edwin Weldon, Mrs. Rose Mason, Miss Nellie Weldon, Mrs. Thomas Concannon, Miss Phyllis Schipani, Miss Angela Cupoli, Miss Vera De Wolfe, Miss Marjorie MacNeil, Miss Dorothy Dunn, Miss Eleanor Leone, Miss Nancy Visco, Miss Loretta Antonelli and Miss Antoinette Pellegrine.

The beaches which are closed are those at Auburndale, Upper Falls and Allison, the latter having been closed for the past two years because of pollution. Signs will be posted at these beaches and men will be on duty to prevent any bathing there.

Crystal Lake, Newton Centre, is not affected by this order as tests taken there have proved satisfactory and it is free from pollution.

The following persons should also apply directly to the Local Ration Board: persons operating boats of any description; persons who use gasoline for purposes other than in a motor vehicle; that is, for use in farm equipment, stationary engines, stoves, furnaces, cleaning and dyeing establishments, etc. Others than those described above should, as they did before, apply to the nearest school building open for registration at any time between 9 a. m. and 8 p. m. The same buildings used for gasoline rationing in May will be open on July 9, 10 and 11: namely, Newton High School in Newtonville, Bigelow Junior High School in Newton, Day Junior High School in Newtonville, Warren Junior High School in West Newton, and Weeks Junior High School in Newton Centre. It is suggested that those whose last names begin with A to G apply on Thursday; H to R on Friday; and S to Z on Saturday. Insofar as personal convenience permits, it would be helpful if autoists would apply in accordance with this alphabetical order.

The owner, his agent, or person entitled to possession of a motor vehicle may apply for the ration book; he must have with him the motor registration card of the automobile or motorcycle for which he is making application. If he is not one of those persons who must apply directly to the local ration board, he fills out an application form and receives his gasoline ration book. Only ration books "A" and "D" will be issued in the schools; "A" for automobiles, and "D" for motorcycles and motorbikes. Persons expecting to apply for supplemental rations at a later period may secure forms for this purpose at the schools, if they request them.

Registration will be carried on by volunteer teacher and parent corps from all sections of the city. Adequate staffs of workers are expected to make for a smooth and comfortable registration of Newton car owners.

Newton Beaches Ordered Closed

F. Ewing Wilson, Recreation Commissioner, has announced that all Newton beaches along the Charles River have been ordered closed because of pollution. Tests of the water have been made in the laboratories of the Newton Health Department under the direction of Dr. Ernest M. Morris.

The beaches which are closed are those at Auburndale, Upper Falls and Allison, the latter having been closed for the past two years because of pollution. Signs will be posted at these beaches and men will be on duty to prevent any bathing there.

Crystal Lake, Newton Centre, is not affected by this order as tests taken there have proved satisfactory and it is free from pollution.

THE "BELL" OF RIGHTS

"Proclaim liberty throughout the land, to all the inhabitants thereof." That message encircles our Liberty Bell, cast in 1753, rung gloriously JULY 4th, 1776, when the Declaration of Independence was signed. Much had happened within the dark folds of those years. Every man became a soldier in freedom's army — men like Paul Revere, riding through the night to warn Middlesex to rise in defense! When liberty was finally hard won, other realistic Americans went about moulding it to cloak our nation in freedom for all time. It was in 1787 that the first ten articles of the Constitution were fully framed: our Bill of Rights. We need only re-read it to know in our hearts that no document more worth defending was ever evolved by men for the government of men. The fight for liberty carries on. But with our Bill of Rights to govern our action, and our Bell of Rights to keep liberty's gong ringing clear, we shall ever be the true heralds of freedom . . . as was that earlier hero about whom Longfellow unforgettably wrote: "Through all our history, to the last, in the hour of darkness and peril and need, the people will waken and listen to hear the hurrying hoof-beats of that steed, and the midnight message of Paul Revere."

Red Cross Starts Nutrition Course

On Tuesday morning, July 7th, the Newton Chapter of the Red Cross started a summer nutrition course, with 35 women enrolled. The class will meet twice a week for five weeks at the St. John's Church in Newtonville. Mrs. Alice Shedd, a member of the Newton Red Cross Nutrition Committee, introduced to the class their two instructors, Mrs. Everett C. Marsden and Mrs. Joseph T. Bishop.

This is the only summer nutrition course to be given in Newton, although many courses will be started in the Fall. Already over 500 Newton women have completed this standard Red Cross Nutrition course, and many of them have gone on to canter work, for which a nutrition certificate is required. However, more and more women who do not intend to do canter work have been taking these nutrition courses to learn what foods are essential to maintain a balanced diet for their families, and how to purchase foods wisely and prepare them most advantageously. This knowledge becomes vital to every housewife who must face rising food costs and the withdrawal of many of the familiar foods from the markets. Instruction in nutrition shows what foods can be substituted for those that are withheld without sacrificing the balanced diet so necessary for the health of every family.

Nutrition classes for the Fall are being formed now, and those who wish to enroll can do so by sending a postcard with their name, address and telephone number to the Nutrition Committee of the Newton Red Cross, 21 Foster st., Newtonville. All such applicants will be notified when and where classes will start.

RAWSON CANDIDATE FOR LEGISLATURE

Alderman George E. Rawson announced today that he will be a candidate for Representative to the General Court, to succeed Clarence C. Colby, whose term expires this year, from the 4th Middlesex District which includes Newton Wards 1, 2, 3 and 7.

Mr. Colby, who is now City Collector and Treasurer, will not be a candidate for re-election as Representative. Mr. Rawson has been a member of the Board of Aldermen for 8 years. He was elected in 1934 and succeeded former Alderman Joseph Murray.

Chairman of the Claims and Rules Committee since 1936, Mr. Rawson has had a leading role in instituting many improvements in Newton. In 1939 he sponsored the revised Building Code to maintain the high character of the city. Last year he was responsible for the amended Zoning Ordinance which zoned property by sizes of lots.

He was born in Holliston, Mass., has resided in Newton for the past 23 years and has been in the insurance business in Boston for 27 years.

Mr. Rawson is a graduate of Amherst College, and has been secretary of Amherst class of 1908 for many years. He is a member of Phi Gamma Delta.

Mr. and Mrs. Rawson and their two children live at 22 Marlboro st., Newton.

His excellent record as Alderman is an indication of the sincere and conscientious service he will render as representative from his district.

Four Point Aviation Program Is Planned

The campaign of the Newton School Department to make pupils air-minded, or "air conditioned," the school program, will continue through the Summer, Superintendent Julius E. Warren has announced.

The success of the campaign to date is evidenced by the enrollment of 30 boys in the Summer pre-flight course at the Senior High School. The steering committee of the "air conditioning" group has prepared a list of books for Summer reading contained in a bulletin designed to help teachers who are interested in giving the subject consideration during the vacation months.

The four major points in the program as outlined in the bulletin are as follows:

"A general program of air-mindedness for all subjects in all grades.

"Promotion of aviation clubs in the high schools.

"Installation of appropriate courses in aviation education in high schools with out-of-school activities for the Summer.

"Installation of aviation education in high and junior high schools in the 1942-43 school year.

The committee suggests that members of the staff in Newton who locate materials or suggestions on aviation during the Summer refer them directly to the office of the superintendent. Russell Burkhardt of the Day Junior High School is chairman of the steering committee which includes Mr. Warren, ex-officio; Raymond E. Green, Elizabeth Deane, F. Eleanor Elliott, Gertrude M. Abbihi, Katherine E. Torrant.

A special committee appointed to check films for Visual Education Service with the Summer course in aviation at the high school includes Frank Toscano, Trade School; Charles Harrington, Charles Mergendahl and Raymond Green, all of the high school, and Miss Katherine Wilder of the Weeks Junior High School. A special committee to prepare aviation materials for the elementary school program in the Fall comprises Miss Mildred March, Joseph Randall and Mrs. E. T. Clark.

The following subcommittee has been appointed to serve toward building the general program of air-mindedness for all subjects in all grades.

Chairman of the Science, Mathematics, and Social Studies Committees of Elementary Schools, Miss Mildred March; Science, Joseph Randall, Mathematics; Mrs. Edythe Clark, Social Studies.

Heads of following departments in Junior and Senior High Schools: Science, Charles B. Harrington; Mathematics, Charles Mergendahl; Abner Bailey; Social Studies, Horace Kidger, Francis A. Tanner; Physical Education, Frank Simmons; Norman MacConnell; Industrial Arts, Herman Pohlman, chairman; Clubs, Daniel Willard; Art, Miss F. Eleanor Elliott; Trade School, Frank Toscano; Administration, John Whitelaw.

Miss Gertrude Abbihi, a member of the group of Newton representatives who attended an aviation course at Harvard recently,

has outlined the recommendations of the National Civil Aeronautics Authority for the other members of the committee. Some of the recommendations are as follows:

Senior High and Trade School— "Introduce Aviation Science and Pre-flight preparation into High School curricula by project method to include Algebra, Geometry, Physics, Mechanical Drawing, Geography and Industrial Arts.

"Give it a place as a minor, half-time for full year or full-time for half-year. Duplicate Army Ground School Training (Boston Trade School). A course may be based on Pope and Otis, Elements of Aeronautics for a general knowledge."

All levels of school program. "Organize clubs on a volunteer basis; make models and gliders; show films.

"Add nothing new but emphasize aviation aspect in all subjects and create urge to tackle the drum-drum thing with fervor and seriousness, particularly in math, where the aviation student needs sure competence in simple calculation, and the character necessary to be ready to use simple skills when needed.

"Introduce units of work on such subjects as: aviation history, industry and aviation, anthropology (in elementary grades to develop the concept that creativity and intelligence is found in all nationalities and races)."

Pleads Guilty On Failing To Stop

The case of John F. O'Hara, 29, of 49 Rogers st., Gloucester in the Newton District Court on Tuesday morning, was placed on file, after he had pleaded guilty on a charge of failing to stop and enter.

O'Hara had previously failed to appear in court or answer letters sent him from the Traffic Bureau and a default warrant was issued. A letter was later received from his brother who stated that the defendant was in Washington and would call the traffic bureau when he returned, which he did, and drove up from Gloucester on Monday morning to appear in court.

A fine of \$5 was imposed on Francis J. Brady for overtime parking, and a charge of parking with left wheels to the curb was filed, also a parking charge against Horace W. Cole was placed on file.

Flier Reported Missing In Action

Captain Francis P. McCarthy, son of Mr. and Mrs. William J. McCarthy, has been officially reported as missing in action.

Captain McCarthy, a graduate of Newton High School and Wake Forest College, N. C., joined the Marines in 1939 and became a flying cadet. He received the Distinguished Flying Cross for his part in repulsing five Jap attacks on Midway Island last March.

Services Held For William T. Rich

William T. Rich, nationally known Methodist layman and a former partner in the Chase and Sanborn Company of Boston died at his home, 11 Hyde ave., Newton, on Monday, July 6, after a brief illness.

Mr. Rich, who was in his 80th year, was born in Wellfleet, Mass., the son of Charles L. and Sophronia Baker Rich. He had resided in Newton for the past 50 years and was a member of the Newtonville Methodist Church and president of the board of trustees of the church at the time of his death.

He went to work with the firm of Chase and Sanborn when he was 20 years of age and in 1900 became a partner in the firm. He later became treasurer which position he held until his retirement in 1929 after completing 50 years with the firm.

He was a former president of the New England Deaconess Association, the New England Deaconess Hospital, the Boston Wesleyan Association, a trustee of Wesleyan University and of Boston University, a former director of the National Shawmut Bank, and an incorporator of the Newton Savings Bank.

He served as treasurer for many years of the Union Rescue Mission and was also prominently connected with the New England Evangelical Association, the Morgan Memorial, and many local and national committees and boards of the Methodist Church.

Surviving him are his wife, Mrs. Abbie Everett Rich, and two sons, William T. Rich of Andover and Howard L. Rich of Newton.

Funeral services were held on Wednesday afternoon at 2:30 in the Newtonville Methodist Church. Burial was in the Newton Cemetery.

Rev. L. O. Hartman, editor of Zion's Herald and Dr. Hamilton M. Gifford gave the scripture and the prayer and Dr. Daniel L. Marsh, president of Boston University, gave the eulogy.

Burial was in the Newton Cemetery.

Three priests appointed from Holy Cross College, Worcester, to Boston College are Rev. James W. Ring, professor of physics; Rev. Joseph P. Shanahan, teacher of Greek; and Rev. Edmund J. Keating, teacher of psychology.

Appointed to the business administration faculty at the college are Rev. Anthony J. Elardi, mathematics, and Rev. Francis McManis, English.

Members of the new faculty members will be Rev. Edward J. Finnegan, history; Rev. Joseph F. Finnegan, history; Rev. Joseph F. Finnegan, history; Rev. Joseph F. Finnegan, history.

Rev. John F. Devlin, formerly of Boston College, who has been professor of English at Holy Cross for the past two years, is to succeed Rev. Timothy J. Phelan, director of athletics at Holy Cross, who is to do parish work at the Immaculate Conception Church in Boston.

These classes are in operation from 8 a. m. to 4 p. m. and from 4 p. m. to midnight and are open to all men over eighteen years of age who are physically able to qualify.

The school has received a large number of requests from people who could only devote four hours a day of their time to this training, and it has been decided to give such individuals this opportunity.

Candidates for this supplementary training should inquire immediately at the office of the Newton Trade School.

Blackout Test Early Tuesday A.M. Planned

Newton To Participate In Undertaking—Daylight Test Also

The State's biggest blackout, covering two-thirds of the Massachusetts coastline, including Newton, will be held early next Tuesday morning.

The "progressive test" will begin at 1 a. m. and by 2:30 a. m. an area extending from Salisbury to Plymouth on the coast, and west to Worcester, will be totally blacked out. Newton's blackout will begin at 1:30 a. m.

During the hour and a half, Army experts with special instruments will carry on continuous tests to determine what, if any, changes are necessary in the present dimout regulations.

It has also been announced that a daylight raid test will take place sometime next week between sunset next Tuesday and sunset on Friday, July 17. As with the blackout test, Newton's civilian defense group will be called on to participate. The daylight test will be a "surprise test" with local civilian defense authorities as much in the dark as to when it will occur as will be the general public.

These concerns are of a Community Service nature under the sponsorship of the Newton Legion Post, as a means of presenting to the public a program of fine music, played in fine manner.

Hearty cooperation has been given the Band in its first of a series of intercity concerts, by Mayor Goddard, and playground Comm. F. Ewing Wilson, and much credit goes to the manager of the band, Ross E. Denison for his untiring activities, also to each member of the Band as well.

After hearing these concerns comments from the Public will be gratefully appreciated. The manager of the Band is Ross E. Denison, 100 Langley rd., Newton Centre, Mass., LAS 8026.

West Newton Playground, July 21, at 8 p. m.

Victory Field Playground, July 27, at 8 p. m.

Upper Falls Playground, Aug. 4, at 8 p. m.

Newton Highlands Playground, Aug. 11, at 8 p. m.

Cabot Park Playground, Aug. 18, at 8 p. m.

In case of rain concerts will be postponed until the following week. A short parade will precede each concert.

Mayor Paul M. Goddard will speak at the first concert thereby opening the series, and as an added attraction at each playground where a concert is to be held a baseball game will precede the concert. Other attractions will be vocal selections by our competent bandmaster J. Collins Lingo, also xylophone solos by Miss Winifred Magee, an artist of outstanding achievement.

These concerns are of a Community Service nature under the sponsorship of the Newton Legion Post, as a means of presenting to the public a program of fine music, played in fine manner.

Hearty cooperation has been given the Band in its first of a series of intercity concerts, by Mayor Goddard, and playground Comm. F. Ewing Wilson, and much credit goes to the manager of the band, Ross E. Denison for his untiring activities, also to each member of the Band as well.

After hearing these concerns comments from the Public will be gratefully appreciated. The manager of the Band is Ross E. Denison, 100 Langley rd., Newton Centre, Mass., LAS 8026.

The Settlement of Your Estate

The settlement of the modern estate requires familiarity with the intricacies of the law, a training in tax matters, knowledge of investments and the skill of an accountant.

This highly specialized task should not lightly be thrust on a wife, relative or friend who may have had little or no training in intestate administration.

Our many years' experience as Executor is always available for the settlement of your estate.

A BUSY WEEK FOR THE ARP

The coming week promises to be a busy one for everyone connected with the local civilian defense committee.

First comes a concentrated course for auxiliary policemen and others. Then another morning, in the wee small hours, practically all units of the civilian defense will be called to arise from sleep and go on duty about 1 a.m. for the huge blackout test which is to be staged. Following this comes word that sometime next week another surprise daylight test will be held.

If anyone should wonder as to the reason for all this preparedness they should realize that this country is at war and a war in which unlike former conflicts, the civilian population is, so to speak, right on the battlefield.

Here in Newton, as elsewhere, a patriotic group of citizens have joined into a civilian defense unit. It is an integral part of the civilian defense and these men and women who have willingly given of their time and effort should, and probably do, receive the heartfelt gratitude of every citizen.

Watching silently, but thoroughly, citizens of Newton have the assurance that should danger come, and it may at any moment, because of the alertness of these individuals serving in the report center, they will be amply warned of any impending trouble. Citizens may also rest assured that if, and when, trouble does come, every unit of the civilian defense group in Newton will be ready to carry out their individual assignments.

Indeed this week is a busy one for the local civilian defense group but a week in which very vital and necessary tests will be made that errors can be determined and corrected in order that smooth functional operations will result.

LESS GASOLINE—LESS DRIVING

The new rationing of gasoline which resulted this week through a more drastic registration, will probably result in a more careful conservation of gasoline.

While the previous registration impressed many motorists with the need to conserve on gasoline, nevertheless there was no appreciable letting down of driving. That it did reduce certain types of driving, no one will dispute but it hardly called forth the effect which apparently government authorities believed necessary.

Now, however, the regulation governing the purchase of gasoline from now on is so drastic that only limited amounts of gasoline may be purchased. Newton motorists will gladly comply with these new regulations if it means a more determined aid toward ultimate victory. But Newton motorists, like every other motorist in the affected states find it a bit hard to understand why central and other States are permitted an unlimited quantity of gasoline.

Nevertheless, motorists here and throughout New England and the Eastern seaboard will give one hundred per cent cooperation to the edict laid down by the Federal government and as in every matter of war effort, will give their all. New Englanders have never been found lacking in doing all in their power to aid our boys fighting on many fronts in order to secure ultimate, and let us hope, lasting peace.

Advisory Exam For Your Auto

In line with President Roosevelt's request to make every effort to prolong the life of tires, and to save gasoline, the Federal Government has made arrangements with General Motors Engineers for an advisory examination of automobiles in Newton.

On Friday and until noon Saturday of this week General Motors experts will be at the shop to inspect free of charge any make or model, for tire wear and combustion efficiency. This is an advisory service and does not obligate the auto owner in any way.

Because of the importance of saving tires and gas for the duration it is expected that many will take advantage of obtaining expert advice on how to save tires and gas.

During the summer, while fruit and vegetables are plentiful, an especial effort must be made to prevent food shortage by preserving the surplus from our gardens for winter use. The Social Service Committee of the Special Aid is conducting a campaign to conserve this surplus. From week to week as crops ripen, the committee will make an appeal to the townspeople of Newton to send them the surplus from their gardens. These contributions of food will be preserved in glass jars, or evaporated and dried, as may seem best, and held for charitable distribution, through the established Newton agencies, as needed arises. A portion of the canned produce will be sold to the public at market prices, to help cover canning expenses.

THE FIRST CHURCH OF CHRIST, SCIENTIST

"The Sacrament" is the subject of the Lesson-Sermon Sunday, July 12, in all Churches of Christ, Scientist, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The Golden Text is: "Let a man examine himself, and so let him eat of that bread, and drink of that cup" (I Corinthians 11:28). Other Bible citations include: "Then cometh Jesus with them, and saith unto the disciples, Sit ye here, while I go and pray yonder. . . And he went a little farther, and fell on his face, and prayed, saying, O my Father, if it be possible, let this cup pass from me; nevertheless not as I will, but as thou wilt" (Matthew 26:36, 39).

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "When the human element in him struggled with the divine, our great Teacher said: 'Not my will, but Thine, be done'—that is, Let not the flesh, but the Spirit, be represented in me. This is the new understanding of spiritual Love. It gives all for Christ, or Truth" (p. 33).

Lawns Have No Vacations

Massachusetts "stay-at-homes" are really wearing out their lawns this summer. A year ago the weather was hot and very dry, but this season the weatherman has brought to most of New England the finest kind of growing weather. And yet in spite of abundant moisture and equable temperatures, lawns are going to need extra care this season. Garden dining, out-of-door entertaining, and just plain summer loafing are all good fun, but they do help wear out the grass.

The next six weeks will be the most critical for lawns that have been lived on. From July until late August the lawnmower should be raised to cut the grass not less than two inches high. The extra height will protect the roots from the hot sun, and will also make it easier for the mower to destroy the weeds. Crab-grass before it sows the seed for next year.

The principles for lawn success were enumerated for gardeners recently by E. Dexter Davis, at Little Tree Farms, Framingham Centre. The success of next year's lawns depends on the observance of a few simple rules. Mr. Davis listed deep watering and high cutting as most important for the next few weeks. The control of Crab-grass and other fall-seeding weeds should be completed before the seeds have ripened. These weeds may either be removed by hand or destroyed by some of the new chemicals developed for lawn use and now available at a very reasonable cost. Late August and September is the best time for making new lawns and for making old lawns healthier. A good cleaned loam with plenty of organic matter, deep preparation, the right fertilizer, and a good grade of seed are the essentials for smooth velvety lawns.

The labor cost is the same in lawn work, whether good materials are used, or whether the cheapest, so that it is poor economy to scrimp on lawn building supplies. The best lawns will be produced from the best seed and fertilizer, and not from the cheapest.

A complete, on-the-spot service is offered at Little Tree Farms, Pleasant st., Framingham Center, whereby the home owner is assured of receiving the help needed for improvement of his grounds. Because soils and other conditions are so varied, the trained plantmen at Little Tree Farms prefer to study each lawn personally and to make their recommendations according to the needs of each lawn. Crab-grass, dandelions, Japanese beetles, poor soils, or the wrong grass seeds are the most common reasons for lawn complaints, and the remedying of them need not be costly.

Jewish War Vets Receive Thanks

Philip Miller, Commander of Newton Post, Jewish War Veterans of the United States, has expressed satisfaction with the war activities of his organization in a conference at the White House when he received a report from National Commander Benjamin Katonah, and from the Congressional Medal of Honor, and from J. G. Breedman, past national Commander and editor of the "Jewish Veteran."

Commander Kaufman, reported to the President that \$30,000 had already been presented to Secretary Morgenthau and that arrangements are being completed for the presentation of \$30,000 for another plane. He also reported that the J. W. V. have sold more than \$12,000,000 of a pledge of \$28,000,000 in war bonds.

Newton Post was the first to reach its quota in the \$180,000 pursuit plane fund.

Housewives . . . Attention Please

Housewives, cooks, chefs of America, Uncle Sam is calling you to the colors.

He is showing you how you on the home front can do almost as much as our boys on the front firing lines toward winning the war.

Save all your waste fats. Let your fats flow out of the frying pan into the fire—the fire of anti-aircraft guns protecting you from the fire of the big guns on battleships and faraway battle fronts, the fire of rifles in the hands of our soldiers and sailors. Kitchen fats make glycerine.

Glycerine makes explosives. Explosives will blow Hitler and Hirohito off the map.

Housewives, cooks, chefs of America, start firing now.

Every earthen jar of fat you save and turn in to your butcher for collection by the rendering plants means a bullet in Uncle Sam's cartridge belt. Save your fats and help get the ammunition for our soldiers and sailors. Save your fats, and start saving them now.

Files Entitlement To Keep Food Prices Down

Congressman Thomas H. Eliot last Thursday introduced an amendment to the Emergency Price Control Act in an effort to keep food prices from rising out of reach of the ordinary housewife's pocketbook.

Mr. Eliot said: "The break in the price ceiling has started, with an increase of 15 per cent on virtually all canned fruit and dried fruit. This is just the beginning, unless action is taken by the Congress. The ordinary low income family will find it harder and harder to buy food, unless the Price Control Act is amended."

"The price rise in canned fruits was caused by the provision in the law saying that the fruit growers can charge a price of at least 110 per cent of 'parity.' The idea of 'parity' is that of a fair price for farm products. The farm bloc just makes it look ridiculous when it says that every price ceiling on farm products must be at least 10 per cent higher than a fair price, yet that is what they wrote into the law."

"I am today introducing an amendment saying that for products which have been below parity, the price ceiling may not be any higher than parity itself. That preserves the fair price for the farmers and at the same time will be helpful in keeping prices down for the housewife."

"I don't want to see children go without adequate nourishment and I don't want to see families go broke in just buying the food they have to eat in order to live. Control of food prices is more important than any other part of price control. The farm bloc has made it almost impossible, by insisting on more than a fair price for the farmer. That is why the law needs immediate amendment."

Rebecca Pomroy House Activities

Summer activities started bright and early Monday morning of last week at the Rebecca Pomroy House of Newton corner, a Newton Community Chest Agency. Thirty-five children between the ages of four and eight came to attend the Playground Activities at the House. Eleven boys were transported to the Two Centers Camp in Cohasset and in the evening six girls came to the House for a program which they will plan.

During the morning and afternoon children will find a varied program under the direction of Miss Connie Fanning assisted by Miss Marie Kravitz and Mrs. Morris Mazick together with Junior Leaders trained at the Pomroy House. These Junior Leaders include the Misses Eula White, Sylvia Frediani, Marie Cafarelli, Adeline Vitti, Eleanor Aiello, Celeste Lombardi, Sylvia Farina, Anna Pelligrini, Catherine Tempista, Mary Coughlin, Mary Gilday.

Miss Gertrude MacCallum of the West Newton Community Center and Miss Helen I. Sandstrom of the Pomroy House transport children each day to the Day Camp at Cohasset for a Camp program of varied interests. About twenty-four boys will go for this week, a like number next week after which the girls of the Two Centers will have the privilege of going for five weeks.

Miss Marian Hicks, a member of the Newton School Staff, is at the Pomroy House each evening to carry on a program for adolescent girls who care to come between the hours of seven and nine. Any girl is welcome and it is sure that she will find fun and amusement if she cares to come and help carry out the program of activities.

Fire In Old Adams School

A fire which started in baled paper in the cellar of the Old Adams School at the corner of Watertown and Crafts st., Newtonville, was extinguished by members of the Fire Department in less than half an hour. Monkey Escapes; Finally Captured

A pet monkey, the property of Norman D. Harris of 185 Highland st., Newtonville, which had been taken to the grounds of the home of Edmund H. Winterbottom at 79 Howland rd., West Newton, was captured by the police.

The police were notified and Patrolmen Charles E. Goodale and James Cunningham who were sent to catch the monkey managed after quite an exciting chase to capture the fugitive with the aid of a blanket. It was taken to police headquarters where it was later claimed by the party who had charge of it.

Need a New Car? then-better get it!

Think things THROUGH on buying a new car!
If you are Eligible under Newly Liberalized Rules it's Smart to BUY NOW! And here's why!

The Government wants us all to save gasoline.

The Government wants us to save rubber.

The Government also wants to make most efficient use of transportation facilities now available—including cars now built and ready for sale.

You do not help the country by continuing to "get along" on a car no longer fully efficient, safe or dependably able to serve you in any necessary use.

If you can qualify under latest rationing rules, you are recognized as an essential driver.

As such, you are not only entitled to your share of available gasoline and rubber, but are in reality expected to make the best use of them.

Your Buick dealer can show you that you can more efficiently do this in a brand-new, gas-thrifty, solidly dependable new 1942 Buick than in an older car which may have seen better days.

So before jumping at conclusions, get the whole story on new-car buying. Drop in on your Buick dealer for full details. He is at your service—any time.

If you're eligible to buy—

Better Buy Buick!

NEWTON BUICK COMPANY

Are you included in this list?

ARE YOU directly or indirectly engaged in the production of war materials or the prosecution of the war?

ARE YOU a physician, surgeon, nurse, veterinarian, clergyman or farmer?

DO YOU use your car in public service, such as fire or police, public health, highway maintenance work or the like?

ARE YOU owner of a taxicab or other vital means of public transportation?

ARE YOU a newspaper wholesaler, or a salesman in essential fields connected with war work?

THESE ARE the broad groups who are eligible under present rationing rules to buy new automobiles. There are other details of eligibility, of course, but if you are included in the above, it will pay you to see your Buick dealer now and get full information. Get the facts before you assume either that you can't or shouldn't buy a new car now!

State Guard Unit Has Exhibition

At the meeting of State Guard Co. C, 23rd Infantry, held in the West Newton Armory, Patrolman David T. Dalton gave an exhibition of straight and fancy shooting. Dalton, who is the New England Police Champion, also gave a talk on small arms, gas grenade guns, and sub-machine guns, and completed his demonstration with target shooting with pistols.

Three men were advanced from the reserve list to fill the places of men who resigned and to bring the company to its full strength of 61 enlisted men. Twenty-two men remain on the reserve list and nine additional applicants are awaiting physical examinations. Newly advanced reserves are Ivan K. Hoyt, James L. Gridley and Maurice F. White. The company includes seven sets of brothers, including two sets of twins, and two father and son combinations.

Close order drill was held under the direction of Lieut. A. Leo Taffe, company commander. A guest at the drill was Lieut. James P. Akins of the battalion staff, who was formerly an officer of the company. It was announced that the men will be vaccinated for smallpox next Monday evening.

Mess was served under the direction of Sergeant Irving House, assisted by Edward P. Womboldt, newly appointed cook. Private Kenneth Bourne has been promoted to corporal.

NEWTON UPPER FALLS GARDEN CLUB

The Newton Upper Falls Garden Club met recently at the home of Mrs. Austin Flint, 25 Washington pk., Newtonville. Dessert, coffee was served, followed by a business meeting. Mrs. Frank G. Mordo, President, presiding.

A roll call of the members was followed by an exhibit of specimens by each member of flowers from their own gardens. Several flowers featured were varieties of iris and roses.

Mrs. Joseph Valente instructed the members in the art of "corsage making." Awards for the corsages were made as follows: 1st, Miss A. Gertrude Osborne; 2nd, Miss Florence M. Osborne; 3rd, Mrs. John Donlon; honorable mention, Mrs. Elmer Atwell, Mrs. Robert McLaughlin, Miss Alice Jones; sprague, Mrs. Harold T. Sprague.

The next meeting of the club will be held on July 2, in the Hillside Gardens at the home of the Misses Osborne, 117 High st., Newton Upper Falls, at 7 p. m.

More Volunteers Needed Here for Sewing Classes

Mrs. Herbert Bramwell Shaw and Mrs. John E. Kennedy of the Uptown Branch of the British War Relief Society at 27 Commonwealth ave., are sending out an S. O. S. for more volunteers to join their new sewing classes.

Under the direction of an expert in tailoring, as well as sewing, the classes enable beginners to learn how to make dresses, top coats, slacks, children's garments, and even men's trousers. There is no charge for the classes and all the clothes made are immediately shipped to Britain where they are bitterly needed since the recent raids.

Materials used by the pupils are all freshly cleaned or new, and have all been donated by people in and around Boston wishing to help relieve the suffering of helpless civilians in Britain who have been orphaned, wounded and made homeless by air raids.

Anyone may join these classes at any time and give as much or as little of their time as they wish. Some pupils spend two or three days a week, while others just sandwich in an hour or two during shopping trips in town.

The rooms at 27 Commonwealth ave. are airy, cool, spacious and completely surrounded by wide gardens and all equipment and materials, such as cutting tables, sewing machines, cloth, thread, buttons, etc., are provided. All a volunteer has to do is give her time and heed directions. Thus she becomes an expert at dressmaking, without any cost to herself whatever, while creating clothes for those in bitter need.

PIANO RECITAL

A Piano Recital was given recently by pupils of Mrs. Charlotte Broughton Winchester at the home of Major and Mrs. Leroy B. Pat Hanley, 134 Waverley ave., Newton.

RECENT DEATHS

JOHN M. COSTELLO

John M. Costello of 89 Lexington st., Auburndale, died at his home on Tuesday, June 30. Mr. Costello, who was in his 63rd year, was born in Auburndale, the son of Edward and Ann (Carey) Costello and had resided there all of his life. He was for many years an employee of the Newton Street Department.

Surviving him are four sisters, the Misses Catherine, Genevieve, Mary and Alice Costello of Auburndale, two brothers, William Costello of Auburndale and James Costello of Newtonville and two nieces, Miss Esther M. and Miss Anna S. Costello of Auburndale.

Funeral services were held from his home on Friday morning. A solemn high mass of requiem was celebrated in St. Bernard's Church, West Newton, at 9 o'clock by Rev. Thomas L. Boland with Rev. John J. Ryan as deacon and Rev. George F. Smith as epistole. Seated in the sanctuary were Rev. Edward T. O'Connell of St. Aidan's Church, Brookline, and Rev. John J. Connolly, director of the Catholic Guild for the Blind. A delegation from the Newton Street Department attended the services and employees of other city departments were present.

Burial was in Calvary Cemetery, Waltham, where prayers were read by Fr. O'Connell, Fr. Boland and Fr. Connolly.

ALBERT E. HUDSON

Albert E. Hudson of 272 Newtonville ave., Newtonville, was stricken ill at Newton Corner on Sunday afternoon, July 5, as he was crossing the street with his 11 year old son to board a trolley car on their way to the ball game. Patrolman Timothy Riley carried him to a nearby store, and the police ambulance was summoned. On arrival at the Newton Hospital he was pronounced dead. Medical Examiner Dr. T. Morton Gallagher said death was due to a heart attack.

Mr. Hudson, who was in his 60th year, was born in England. He joined the English Navy at the age of 16 years and during the First World War was transferred to the Canadian Navy with the rank of warrant officer. He came to Newton about 18 years ago and had been a housepainter. He had served as an air raid post ward in Newtonville and was a member of St. Mark's Lodge of Masons of Halifax, Nova Scotia.

Surviving him are his wife, Mrs. Emily Hudson, 4 daughters, Emily, Frances, Mary and Pearl, and three sons, Albert, William and Frank Hudson.

Funeral services were held at his home on Tuesday, July 7, at 2 o'clock. Rev. H. M. Gifford officiated. Burial was in the Newton Cemetery.

HARRY LOWTHER

Harry Lowther of 120 Jewett st., collapsed on Monday morning at a parking lot on Washington st. and was pronounced dead on his arrival at the Newton Hospital in the police ambulance. Medical Examiner Thomas M. Gallagher pronounced death due to a heart attack.

Mr. Lowther, who was a painter, was awaiting the arrival of his workmen at the parking lot when he was stricken. He was in his 60th year. Surviving him are his wife, Mrs. Carrie Lowther, and 4 children.

Training Courses Are Now Offered

Free training courses in machine operating and sheet metal work are now available for men 18 years of age or over, who wish to equip themselves to assist in the war production program. Ralph Wight, Manager of the Newton office of the United States Employment Service, announced recently.

"The courses, consisting of 40 hours a week, extend for a period of ten weeks," Manager Wight stated. "Employment in well-paying war production jobs is practically assured any person who successfully completes the course. In fact, men who exhibit marked ability are often offered positions before the end of the ten-week training period, with employers completing the instruction 'on the job.'"

All persons interested in enrolling in these free training courses are urged to make immediate application at the Newton office of the Employment Service, at 290 Centre st. Office hours are 8:30 a. m. to 5:30 p. m., Mondays through Fridays, and 8:30 a. m. to 12:30 p. m., Saturdays.

Home Lodge New Flag Dedicated

Home Lodge, I. O. O. F., of Newton Highlands, dedicated their new flag and flag pole at dedication exercises held on the grounds at Odd Fellows Hall, Hartford st., Newton Highlands, on Thursday evening, July 2, at 7:30 p. m. Thomas W. White, secretary to U. S. Senator Henry Cabot Lodge, presented the flagpole and was the principal speaker. Following the exercises an "Old Timers' Night" was held.

District Deputy Christian Larsen of Lomer Lodge, Brookline, was a guest of honor. John Ewart was in charge of the arrangements and was assisted by Reuben L. Rottler; Arthur R. Torrey, Grand Warden, William Schofield; Charles W. Fewkes, treasurer; John Lucas, Noble Grand; and F. Burton Mitchell, Vice-Grand.

MARION ADENA DEXTER

Marion Adena Dexter, widow of Edward A. Dexter, of 33 Eddy st., West Newton, died on Thursday, July 2nd, 1942. Mrs. Dexter, who was in her 86th year, was born in Brookline, Mass., daughter of Elizabeth Barnard Cushing and Charles Pelham Trowbridge.

She had been a resident of Newton for fifty years and was a member of the Central Congregational Church of Newtonville and for many years was active in the Association of the Church.

Surviving Mrs. Dexter are one son, Arthur Linwood Dexter of West Newton and two brothers, Herbert W. Trowbridge of Cambridge and Joseph C. Trowbridge of Stoughton, Mass.

Funeral services were held on Saturday, July 4th, at 3:00 p. m. in the new chapel in Newton Cemetery with the Rev. Ralph H. Rogers of the Auburndale Congregational Church officiating. Burial was in the family lot in Newton Cemetery.

MILDRED M. TUCKER

Miss Mildred M. Tucker who since 1913 had been head supervisor in charge of the catalogue department of the library at Harvard College died suddenly on Sunday, July 5, at her home, 37 Judkins st., Newtonville.

Miss Tucker was born in Newton, the daughter of Nelson H. and Virginia W. Tucker. She graduated from Wellesley College in 1911 and was a member of the American Library Association.

She is survived by her father, Nelson H. Tucker of Newtonville, a brother, Harold W. Tucker of Taunton and a sister, Miss Agnes M. Tucker of Newtonville.

Funeral services were held at the Newton Cemetery Chapel on Wednesday afternoon at 2:30. Burial was in the Newton Cemetery.

LUCY M. BARKER

Mrs. Lucy Morse Barker, widow of Edward S. Barker, formerly of Winchester, died on Tuesday, June 30, at the home of her daughter, Mrs. Mason H. Stone, 7 Breamore rd., Newton.

Mrs. Barker, who was in her 86th year, had resided in Newton for about 25 years. She was born in Boston, the daughter of William S. Morse and Mary Chadbourne.

This resulted in Gloria's being discovered by Carl Laemmle, Jr., who signed her for motion pictures and, because she could scream convincingly, she won her first role in "The Dark Tower".

Funeral services were held on Friday afternoon, July 3, at 2:30 at her late home. Rev. Irving R. Murray of Channing Church officiated. Burial was at Duxbury, Mass.

HELEN C. ROONEY

Mrs. Helen C. Rooney, wife of Edward Rooney of 52 Arlington st., Newton, died on Sunday, July 5. Mrs. Rooney was in her 55th year. She was born in Swampscott, the daughter of Richard A. and Emmeline Freeman Cobb.

Funeral services were held on Tuesday at one o'clock at the Rich Funeral Parlor, Rev. H. Robert Smith of Grace Church, Newton, officiated. Burial was at Swampscott.

Mr. Haines, who was in his 64th year, died at his home on June 30. He was born in Lunenburg, Nova Scotia.

He is survived by his wife, Mrs. Anna Haines.

Funeral services for Harry L. Haines, superintendent of the Metropolitan Ice Company, were held at his home, 15 Lindbergh ave., West Newton, at 2:30 o'clock on Friday afternoon, July 3. Rev. Mr. Weber of Tremont Temple, Boston, officiated. Burial was in the Newton Cemetery.

Mr. Lowther, who was a painter, was awaiting the arrival of his workmen at the parking lot when he was stricken. He was in his 60th year. Surviving him are his wife, Mrs. Carrie Lowther, and 4 children.

Can Extend Season If Funds Are Provided by City

In response to a public demand that the season for the Newton Playgrounds be extended to the opening of the schools on September 14, Recreation Commissioner F. Ewing Wilson has announced that he will ask Mayor Goddard to seek an additional appropriation of about \$2,000 in order that the playground season may be extended to the opening of the schools. If the Mayor approves this additional outlay it will be presented to the Board of Aldermen for action next Monday.

Playground directors have reported an unusually large attendance at the playgrounds throughout the city since they opened on Monday. Due to war time conditions many families are staying at home and there is a public demand for the extension of the playground season.

The playgrounds opened on Monday under full time supervision of the city. The playgrounds are open from 9 a. m. to 5 p. m., and 6 p. m. until dark. The members of the staff and their assignments are as follows:

Burr and Farlow—Guy S. Baker, Helen B. Anderson, Barbara Dimars, Paul Rich, Olga Carrisim.

NEWTON UPPER FALLS GARDEN CLUB

The Newton Upper Falls Garden Club met at the home of the Misses Nellie M. A. Gertrude and Florence Osborne at 117 High st. on Thursday, July 2, at 7 p. m.

Dessert was served on the open piazza followed by a short business meeting and program in charge of the president, Mrs. Frank G. Mordo. A garden quiz was given to the members. The winners were, 1st prize, Miss A. Gertrude Osborne; 2nd, Mrs. Robert B. McLaughlin; consolation prize, Mrs. Mary Wiczorek.

Reports were given on the progress of the War Gardens of the members. The next meeting will be held on Thursday, August 6.

THE CAMBRIDGE SUMMER THEATRE

The Cambridge Summer Theatre's attraction all next week will be the lovely, blonde screen star Gloria Stuart who will be starred in "The Dark Tower", a murder-comedy play by Alexander Woolcott and George S. Kaufman.

A great favorite of the film fans, Gloria Stuart was born in Santa Monica less than twenty miles from Hollywood, and started her theatrical career while in college at the University of California. From there she played in Little Theatres in her native state, then was invited by the director of the Pasadena Community Playhouse to appear opposite Norma Talmadge in "The Dark Tower".

This resulted in Gloria's being discovered by Carl Laemmle, Jr., who signed her for motion pictures and, because she could scream convincingly, she won her first role in "The Dark Tower".

Funeral services were held on Friday afternoon, July 3, at 2:30 at her late home. Rev. Irving R. Murray of Channing Church officiated. Burial was at Duxbury, Mass.

Awarded Wings In Army Air Force

Martin Marburg of 39 Dolphin rd., Newton Centre, and Donald J. Quigley of 913 Centre st., Newton Centre, were awarded their wings and commissions as second lieutenants on Fourth of July at the graduation exercises of the Army Air Forces Navigation School at the University of Miami. Before assignment to duty they are being granted brief furloughs.

Men In Service

Second Lieut. Francis C. Donovan has been transferred from Fort Bragg, N. C., to the Field Artillery School, Fort Sill, Oklahoma.

Ensign Charles L. Donovan is now on the West Coast.

July 8—Lawrence De Saulniers, 21, son of Mr. and Mrs. Clement De Saulniers, 12 Fairfield st., was graduated today from the Hospital Corps School at the U. S. Naval Training Station at Great Lakes.

A member of a class of 504 Blue-jackets from 43 states, he was promoted to hospital apprentice, second class.

De Saulniers has completed a study of anatomy, physiology, first aid, hygiene and sanitation, and has received his commission in the medical corps and will receive additional training at a Navy hospital. Later he will be assigned to general duty with the Hospital Corps at sea or at a shore station.

1st Lieutenant Howard Whitmore, Jr., of Newton, Mass., former investment counsel, is one of hundreds of executives of specialized businesses and industries now being trained at the new Air Forces Officer Training School, Miami Beach, Fla., to direct vital administrative and supply operations of the rapidly expanding ground forces.

In a 6 weeks' course of military instruction and physical conditioning, Lt. Whitmore and other specialists commissioned directly from civilian life will be prepared to take over executive duties in Air Forces maintenance that parallel the responsible positions they held in commerce and industry.

The Air Forces Officer Training School was established specifically for the purpose of enlisting the services of commissioned officers of civilian specialists. Its training program will provide Army fliers with expertly directed ground support and relieve Air Forces Pilot Officers of non-flying duties that have kept them grounded.

As a civilian, Lt. Whitmore lived at 88 Carver rd., Newton. His wife, Mrs. Henrietta M. Whitmore, lives at 88 Carver rd., Newton, Mass.

Second Lieut. Richard Potts Law, Jr., FA-Res., of 505 Centre st., Newton, has been ordered to active duty by the War Relocation Authority, Commanding General, First Corps Area, Boston.

Sgt. Walter J. Carley, son of Mr. and Mrs. Walter Carley of Charlesbank rd., Newton, returned home from Fredericksburg, Va., last week. Sgt. Carley has been assigned to the Officers' Training School at Fort Benning, Georgia, and began his training there last Tuesday. He is a graduate of Newton High School and enlisted in the Armed Service in January, 1941.

2nd Lt. Robert Henry Shield, QM-Res., of 49 Mayflower rd., Newton Highlands, has been ordered to active duty at Fort Francis E. Warren, Wyoming.

Albert Brock of 56 Walker st., Newtonville, who has enlisted in the U. S. Marines left last Friday for the training camp at Parris Island, So. Carolina.

Private First Class Robert E. Kittis, son of Mrs. Louis Cohen, 239 Ward st., Newton Centre, Mass., recently was promoted to the grade of corporal at the Army Air Forces Technical School at Kessler Field, Miss.

Frank W. Pechulis of 904 Boylston st., Newton Highlands, has graduated from the Army anti-aircraft artillery school at Camp Davis, North Carolina, and has been commissioned a second lieutenant.

Willard Henri, son of Mr. and Mrs. Eugene H. Henri of 421 Watertown st., Newton, left on Wednesday to start training as a naval aviation cadet.

Newton Youths Enlist in Navy

Eleven residents of Newton were among the men inducted into the U. S. Navy last week by Lt. George M. Powers, Jr., according to information released by Chief Machinist's Mate Leonard A. Weber, recruiter in charge of the Navy Recruiting Station at Waltham City Hall.

Men enlisted were: Anthony Ralph DeMichele, 32 Keefe ave., Upper Falls; Herbert Moss Silver, 16 Arlington rd., West Newton; Alfred Peter Mazzola, 25 Bridge st.; Francis Stephen Higgins, 121 Cornhill st., Lower Falls; Richard Peter Mandanjan, 28 Williams st., Upper Falls.

John Bartlett Shorton, 11 Jenison st.; Victor Lipoma, 35 Faxon st.; Kenneth Paul Sennett, 352 Watertown st.; Robert Felmore Doig, Clark st., Newton Centre; Daniel Joseph Kiley, Jr., 109 Charlesbank rd., and Alfred William Dunn, 20 Ricker terrace.

Opportunities still exist for men possessing a background of electrical or mechanical experience with ratings as high as chief petty officer available depending upon individual qualifications. There are openings also for radio technicians, mail clerks, mess attendants, divers, and men with sea experience.

Further information may be obtained without obligation at the nearest Navy Recruiting Station at Waltham City Hall from 8:30 to five o'clock daily or on Monday or Wednesday evenings until nine o'clock.

Safe and Sane 4th Celebrated Here

Newton celebrated a safe and sane Fourth of July this year, and for the first time in many years not one false alarm was sounded.

Due to the scarcity of gasoline many of the gas stations in the city were closed and motor traffic was very light.

On the Charles River the Metropolitan District Police reported the greatest number of canoes and other pleasure craft that has been seen there in several years.

Thompson To Seek Nomination

Rupert C. Thompson of 60 Hull st., Newtonville, had taken out papers for the Republican nomination for the Senate seat now held by Senator Arthur W. Hollis, who for a number of years has so ably represented Newton in that body. The district, Middlesex and Suffolk, comprises all of the City of Newton, together with Ward 5 in Cambridge and Ward 22 in Boston.

Leave of Absence For Officer Marden

Officer Charles H. Marden, a member of the Newton Police force for 18 years, has been granted a leave of absence and will enter the U. S. Navy as a first class boatswain's mate.

On Saturday morning he was presented with a farewell gift of \$50 from the Newton Police Memorial Association, the presentation being made by Christopher Bradley, president of the association.

Summer School Gives First Play

The first in a series of five plays to be produced this season by the Boston College Summer School of Dramatic Arts was presented on Saturday. The plays will be presented in the auditorium of the college library under the direction of Miss Lillian Hartigan and Rev. John L. Bonn, director of the Institute of Dramatic Arts.

Stolen Bicycle Is Recovered

A bicycle which was stolen on July 4 from Newton Park was recovered by the Waltham police on July 8, and was identified by Douglas A. DeDoming of 8 Mechanic st., Newton Upper Falls as being the property of his sister, Nancy DeDoming.

Aldermen Appropriate \$1,827.06 to Extend Playground Season

Permission Granted for Extension of 2 Bus Lines

The sum of \$1,827.06 was appropriated by the Board of Aldermen at the meeting on Monday night for the extension of the supervised playground season, until Sept. 14.

The board also voted an appropriation of over \$40,000 for the purchase of coal for public buildings for the period from Jan. 1 to June 1, 1943. The vote was taken under a suspension of the rules in order that the city might purchase as much coal as possible during the summer on account of the anticipated transportation shortage.

It was also voted to expend the sum of \$3,500 for the construction of a reinforced concrete floor and other minor structural changes at the Chestnut Hill Fire Station.

When the work is finished the ladder truck now housed at the Newton Highlands Station will be housed at Chestnut Hill, and a new ladder truck is soon to be delivered to the Newton Highlands station.

For the construction of a drain in Hammond Brook, Ward 6, between Garland rd. and land of the Newton Cemetery, the sum of \$2,600 was voted. Alderman Joseph B. Jamieson, chairman of the Public Works Committee, stated that if the drain were not built, the city might be liable for damage caused by the brook overflowing its banks.

The board also voted to pay \$19 for expenses incurred by Patrolman Thomas L. McEnaney who fell from his motorcycle, Alderman Rawson of the Claims and Rules Committee stating the fall was due to a loose wheel. The \$19 includes the charge for X-rays taken at the Newton Hospital and damage to McEnaney's uniform.

For payment of a pension to Joseph Brasill, an employee of the Street Department, who retired in June, the board voted the sum of \$260.69.

For bus transportation of WPA workers to Fort Devens until September 30, the sum of \$1,738 was voted. A sum previously voted of \$4,777 for this purpose has been nearly exhausted and Alderman Schipper explained that if the additional sum was not appropriated, there are 28 men on the project at Devens who would probably go on relief.

The board voted an appropriation of \$547.50, annuity to be paid to the widow of the late Assistant Chief Henry T. Seaver, on the basis of \$1,000 a year.

Many Nurses Are Needed at Once

With the Government asking Massachusetts to produce 3,000 of the 55,000 young women needed to train for nursing this fall, the members of the Newton Hospital Nursing School Committee are concerned with meeting the acute need through additional enrollments.

Shortages are common enough these days—every one is now accustomed to the Government's drives for tin, rubber, waste paper and grease. For many of these vital materials, America's best scientists are developing adequate substitutes. A human shortage, however, must be prevented. No scientist can create ersatz doctors and nurses to care for the millions of service men and civilians co-operating in total war.

As part of the nation's long-range nursing plan, 55,000 young men are asked to train in approved hospitals this year. New students working under older nurses can be of aid almost immediately in caring for civilian sick, while releasing registered nurses for war duty. Next year 65,000 must be trained, and 75,000 the following year in order to safeguard national health during the war and the period of reconstruction.

Miss Sophie C. Nelson, director of the nursing service at the John Hancock Mutual Life Insurance Company in Boston, wrote in a recent issue of the "News Letter," the official publication of the Massachusetts organization for Public Health Nursing, "This is only a beginning. Every single individual interested in providing adequate nursing service for this country in time of war should take some responsibility both towards the recruitment of student nurses and towards the recruitment and procurement of nurses for military and home service."

Working on the problem at the local hospital are Miss Faye Crabbe, superintendent of nurses and principal of the School of Nursing; Mrs. Louis Arnold and Mrs. Clifford Walker of Waban, Benjamin Bowen of Auburndale, Joseph Vogan of Newton, Katherine Bronson and Miss Margaret Grant of Wellesley, Dr. Fred Stanwood of Wellesley Hills, Walter Amesbury of Lasell, Miss Helen Wood of Simmons College, Gerard Hartman, director, and Frank Richardson, president of the board of trustees.

For further information about training apply to Miss Crabbe or the Massachusetts Nursing Council for War Service at 420 Boylston st., Boston.

Plans For Drum And Bugle Corps

At the recent meeting of Captain Alexander C. Corkum Post, World War Veterans of the American Merchant Marine, plans were discussed for the formation of a drum, bugle and drum corps.

The membership drive contest will close on July 22. Several new members have been admitted. The post is to hold a whist and social on July 20 at the home of Francis Corcoran, 39 Fiske st., Waltham.

It is planned to hold a weenie roast and outing at Norumbega Park on Sunday, Aug. 2. Kenneth Goggin is chairman of the committee.

STORM CAUSES DAMAGE

During the storm on Tuesday afternoon, lightning struck a chimney on the home of James P. Gibbons at 433 Albarnele rd., Newtonville, and blew a fuse in the cellar where Mr. Gibbons was working. A chimney on the home of Richard R. Fischer at 221 Noble st., West Newton, was also struck but no other damage was reported.

Several tree limbs were broken off by the strong wind causing live wires to snap off and many streets were flooded. Employees of the Boston Edison Company worked for several hours to repair light circuits and in some cases it was midnight before service was restored. Employees of the street department were also kept busy in removing broken branches of trees.

John Bagley, a member of the Newton Police Department has resigned to enter private business. He will open a real estate and insurance office in Newtonville about August 1.

Mr. Bagley is a graduate of the Newton High School and attended Suffolk Law School and Boston College School of Law.

6-Year-Old Boy Seriously Injured

John Gilmartin, Jr., 6 year old son of Mr. and Mrs. John Gilmartin of 39 Linden st., Newton Upper Falls, who was seriously injured in an accident at Newton Highlands on Saturday, July 11, died at the City Hospital, Boston, on Sunday while undergoing an emergency brain operation.

According to the report of the traffic bureau of the Newton police the boy ran into the right rear door handle of a car driven by Thomas F. Flynn of 4 Palfrey st., Roslindale. The driver of the car told the police he was driving west on Boylston st. when he heard a bump behind him. Other passengers in the car stated that they did not see the boy until the car had passed him and when they looked back he was on the ground. The boy was removed to the Newton Hospital by John O'Connell of 65 Hartford st., Newton Highlands. He was found to have suffered a lacerated scalp and other head injuries and was rushed to the Boston City Hospital for the emergency operation in an effort to save his life.

Funeral services were held from the Bellingham Funeral Home, Newton, on Tuesday morning at 11 o'clock. Prayers were read by Rev. William O'Connell, pastor of the Mary Immaculate of Lourdes Church of Newton Upper Falls. Burial was in St. Mary's Cemetery, Needham.

Pass Resolution For Billing

At the meeting of the Newton Board of Aldermen on Monday evening, Alderman George E. Rawson, chairman of the Claims and Rules Committee, offered a resolution for his committee that it is the desire of the Board that Water and that the Claims and Rules Committee be authorized to report an amendment to the City ordinances providing for such billing.

Farewell Party For McLaughlin

A farewell party attended by more than 150 friends was tendered to James McLaughlin of 30 Channing st., Newton, last Thursday evening at the Bell Legion in Alston. McLaughlin is a member of the Newton Hospital Unit composed of doctors, nurses and druggists who will leave soon for active service with the U. S. Army.

Ex-Alderman Edward H. Powers was the toastmaster and the speakers were William H. Powers, member of the State Board of Pharmacy, Edward Gallagher, John Mahan and Bernard Burke. The entertainment consisted of imitations by John McGinnis, vocal selections by Edward H. Powers, James O'Halloran, Hon. McDonough and John Mahan, with P. Frank Gary as accompanist.

The committee in charge of the affair were Henry Arsenault, Edward Gallagher, John Joyce and Daniel McCarthy.

Mr. McLaughlin is the son of the late Dr. and Mrs. James McLaughlin.

E. J. Campbell Transferred To Main Office

Mr. Eugene J. Campbell, who has been manager of the Newton office of the New England Telephone and Telegraph Company for the past eight years, has been transferred to a position in the main office of the company in Boston.

Six Young Women Are Accepted

The Newton Hospital has accepted six young women from the July class of the Centre for Hospital Aides, Newbury st., Boston, to begin their service on the wards this week. Following four weeks at the Centre the Aides in their pink gingham uniforms will carry messages, arrange flowers, prepare and serve cooling drinks to the patients and assist the nurses wherever needed.

A special course for paid hospital aides was organized last summer as a war experiment at the Household Nursing Association, Boston, with the assistance of the Newton Hospital where several came from the first class. The arrangement was successful and a demand for this type of hospital worker has been created. Classes will form every five weeks at the Centre, where enrollments for the September and October class are now being received.

22 Windows Broken In Oak Hill School

Supt. of School Buildings Arthur S. Swanson has reported to the Newton Police that 22 windows have been broken in the Oak Hill School.

A report of a window having been broken in the Bowen School on Langley rd., Newton Centre, was made by Patrolman Stephen J. Madden and Patrolman Arthur J. Hanlon reported that a window had been broken Saturday night at the Franklin School, Derby st., West Newton.

Vote Approval For Incorporation

On Monday evening the Newton Board of Aldermen voted their approval of a request of the Thrift Board of Newton for a certificate of incorporation.

The application for incorporation was made with the Secretary of the Commonwealth by Harold P. Carver, president, and the following directors:

Harold P. Carver, 177 Homer st., Ward 6; Helen D. Pearson, 83 Warwick rd., Ward 3; Kenneth W. Rogers, 79 Alban rd., Ward 5; Jane R. Plumer, 165 Windsor rd., Ward 5; Franklin K. Hoyt, 136 Woodland rd., Ward 4; Margaret R. Carver, 177 Homer st., Ward 6; Marion F. Spence, 24 Stiles ter., Ward 6; Myrtle S. Peckman, 3 Fisher ave., Ward 5; William Payne, Jr., 56 Cedar st., Ward 6; Kathleen F. Johnson, 266 Woodland rd., Ward 4; Archibald G. Barron, 122 Pine Grove ave., Ward 4; Norman A. Hall, 10 Howe rd., Ward 5; Lillian K. White, 150 Eastbourne rd., Ward 6.

The Thrift Centre is a non-profit organization which collects and distributes used articles for distribution among the needy. Their motto is "Save It For Newton."

REPORTS TIRE THEFT

E. Kenneth Snyder of 197 Institution ave., Newton Centre, has reported to the police the theft of a spare tire and wheel from his car on Sunday night while the car was parked in the rear of his home.

Complaints were also received that boys were playing on the roof of the Rose-Derry Company on Chapel st., Newton, and breaking windows, and M. R. Johnson of 314 Newtonville ave., Newtonville, entered a complaint of boys taking plants from his garden.

AUTO TIPS OVER

A car which got out of control on Dedham st., near Greenwood st., Newton Centre, early Saturday morning, struck a wall and then tipped over. The driver, Thomas Yetman, of 58 Morton st., Dorchester, and a man who was riding with him were taken to the Newton Hospital in a police car where they were treated for minor injuries and discharged. The driver of the car told the police that the steering gear had failed to work.

Newton Civilian Defense Group Works Without A Flaw During Test

Over 1500 Workers at Posts In Speedy Mobilization; Report Center Manned Within 20 Minutes After Alert

The blackout in Newton Tuesday morning was achieved within 3 minutes of the time set for the biggest blackout test yet held in the State. With the exception of defense plants holding Army and Navy certificates, all lights were extinguished, no intentional violations by householders being reported, and all traffic was completely stopped for 70 minutes.

Over 1500 civilian defense workers, including air raid wardens of Shift 3, the auxiliary firemen and policemen, and Boy Scouts who acted as messengers, were on duty. About 250 gas lights and 70 electric lights were turned off by the men, the rest of the city's lighting system being operated by master switches.

Groups of observers headed by Chief Air Raid Warden William V. M. Fawcett and Douglas B. Francis, head of the auxiliary police, were stationed at various points throughout the city to check the effectiveness of the blackout. The need of three additional sirens was confirmed by these observers and as soon as they are completed will be placed at the Police Station, West Newton; the City Stable on Crafts st., and at Ladder 2 Fire Station in Newton Highlands. They are being made by the Gamewell Company at Newton Upper Falls and will be completed as soon as priority materials needed for their construction are received.

In less than 20 minutes after the first Green 1 signal came in the report center was fully manned and heads of defense organizations reported for duty and all post wardens were called. The industrial plants were notified by telephone and were darkened at 1:20 a.m. with the exception of some defense plants which joined the blackout during the last ten minutes.

Passing Spurious Checks Here

A man described as about 30 years of age, 5 ft. 10 inches tall, with black hair has been passing spurious checks in Newton and vicinity. His latest victim was the Dennison Liquor Store at 2112 Commonwealth ave., Auburndale, where he cashed a check for \$26. The checks which he has presented are drawn on the Tanner National Bank on printed forms of The Brown Lodge, Four Corners, and are made payable to Charles W. Myers and signed by Jacob Silver. A quantity of these checks were reported stolen from that restaurant in June.

Last month a check for \$28 cashed by the Hubert Hardware Co. in Newtonville and similar checks have appeared in Waltham and other communities.

Two Found Not Guilty of Charge

Benjamin Belli and Domenic Belli of 200 Adams st., Newton, were found not guilty in the East Cambridge Court last Friday on charges of larceny and of receiving stolen goods.

With James A. Kelley, 44 of Arlington, a shipper for a gravel company, the Belli Bros. were taken into custody last week when Cambridge police had trailed a truck loaded with cement to their home in Newton.

The Belli Bros. pleaded innocent and their counsel argued that they did not know the cement had been stolen or that Kelley did not have the right to sell it.

Kelley, who had been employed by the gravel concern for 20 years was given six months in the House of Correction and was held in \$2,000 bonds for appearance in the Superior Court.

Garden City Encampment, I. O. O. F. will be the guests at a Weenie Roast to be held on Monday, July 20, in the garden of the home of Mr. Fred E. Perkins, 18 Eddy st., West Newton.

3 Representatives Seek Re-Election

Representatives Margaret L. Spear and Douglass B. Francis have announced that they will be candidates for re-election to the General Court from the Fifth Middlesex District, comprising Newton wards 4, 5 and 6.

Mrs. Spear is serving her first term as representative and is on the Committee on Education. She led the fight in the House to permit public schools to allow one hour per week for Religious Education.

Representative Francis is on the powerful Ways and Means Committee and has done an outstanding job during his three terms in the House. He was influential in promoting the purchase of the East Boston Airport by the State.

Representative Loomis Patrick will be a candidate for re-election to the House from the Fourth Middlesex District which includes Wards 1, 2, 3 and 7. Patrick is a member of the Committee on Public Health of which he is clerk. He is also on the Committee on Counties. At one time Representative Patrick acted as Speaker of the House, an honor not usually accorded to a member serving his first term.

George E. Rawson, whose candidacy was announced in last week's GRAPHIC is also seeking election to the House of Representatives from the Fourth Middlesex District, to succeed Clarence C. Colby who is now Collector and Treasurer of the City of Newton.

NEWTON MAN INJURED

Thomas H. Manning, 68, of 29 Emerson st., Newton, was badly injured Tuesday evening when he was struck by the left fender of an automobile operated by Joseph McCarthy, 17, of 20 Maple ave., Newton. He was taken to the Newton Hospital in the police ambulance where he was found to have suffered injuries to his back.

In his report to the police, McCarthy said he was driving east on Centre st. and was about to make a left turn around the bank building when he was blinded by a bus parked on the opposite corner, and struck Mr. Manning in front of 279 Washington st.

The Settlement of Your Estate

The settlement of the modern estate requires familiarity with the intricacies of the law, a training in tax matters, knowledge of investments and the skill of an accountant.

G & W EXECUTIVE REPORTS POPULARITY OF BLENDS

The increasing popularity of blended whiskeys is clearly revealed in the recent sales figures of Gooderham & Worts, Limited, of Peoria, Illinois, according to a statement made recently by John

JOHN E. FINNERAN

E. Finneran, General Sales Manager. Mr. Finneran has been visiting New York for several days in the interests of the company. A breakdown of our sales records discloses an interesting point in regard to the taste preference of the buying public," said Finneran. "While our total business for the first eight months of the company's fiscal year from September 1, 1941, to April 30, 1942, showed an appreciable increase, the sale of G & W Blended Whiskeys in this time was up phenomenally—50.84 percent as compared to the same period one year ago. All blends produced by the company, including G & W Private Stock Five Star and William Penn, shared in this increase."

"For many years blended whiskeys have been the preference of American connoisseurs," continued the G & W executive. "But today, with the whole nation working as it has never worked before to achieve victory, the man in the street and the tycoon in his club, alike, are turning to blends to provide smooth, light-bodied drinks for their precious moments of relaxation," concluded Finneran. Maxon, Inc., is the agency.

LET'S GIVE THEM

L-50

L-50 is the number of a new War Production Order that means conservation of telephone materials. It means that copper, aluminum, rubber, steel and other materials necessary to telephone service, are being sent abroad. They won't be welcome because they'll arrive as warships, planes, shells, tanks and bombs.

WHAT DOES L-50 MEAN TO TELEPHONE USERS?

This order will probably affect you in several ways. . . . They may be inconvenient or irritating, but we won't ask you to do anything unnecessary or that won't help make life miserable for the unpleasant group pictured above.

HOW YOUR TELEPHONE SERVICE MAY BE AFFECTED

We ask everyone to make social conversations as brief as possible, to help conserve service and perhaps to prevent stricter limitations.

We may have to ask private line users to share party lines with neighbors for the duration.

We may not even be able to install a telephone for you, particularly if you're near camps or naval bases or war industries. But this may happen anywhere.

So, if any of these things happen to you, remember you're helping give L-50 to Hitler, Hirohito and Benito.

Newton Graphic, July 16, 1887
The electric light which the Electric Light and Power Company generously offered to place in Farlow Park free, provided the citizens would furnish the iron poles, will be put up as soon as the Board of Aldermen grant the right of way; the money for the poles has all been subscribed.

There were twelve car-loads on the parish picnic of the Church of Our Lady, Newton, to Highland Lake Grove today.

The station in Newton Centre has just received a coat of paint inside and out. The inside is especially good taste, bright orange ceiling, robin's egg blue walls and the wood work in imitation mahogany.

50 YEARS AGO

Newton Graphic, July 15, 1892
Watertown st., Nonantum, presents a pretty busy appearance with the erection of the new fire station on the one side and Mahoney's new black on the other.

Louis Chapman, of Newtonville, went to Hull this week in a row-boat, starting from Watertown and making the trip through Boston Harbor.

The new home of the Newton Club, Newtonville, will be ready for occupancy about Sept. 1. It will be undoubtedly one of the finest suburban club houses in the state.

It seems to be the general opinion of the citizens of Newton Highlands that it is quite uncalled for to exercise the fire engine horses in the early morning hours. Will the fire committee see to it that our slumbers are not disturbed.

The Pettie Machine Works are driven with work and fifty new men have been employed, and a night force put on in several of the departments.

The telephone company are thinking of establishing a metallic circuit station here, providing they can induce enough subscribers to change to the metallic service to make it an object. The basement in White's block, Newton Centre which they thought of taking last week, was found unsuitable, and it is now probable they will open an office in the new building being constructed opposite the depot by Mr. Sidney P. Clark.

SCOUTS ATTEND INVESTRURE SERVICE
Rev. William J. O'Connell assisted by Rev. Thomas Dwyer, officiated at an investiture of members of Troop 12 Norumbega Council Boy Scouts of America at the Mary Immaculate of Lourdes church recently. Assisting at the ceremony were their scout master, George W. Braceland, scoutmaster, Albert Duhaime, Robert O'Leary and junior assistant Philip Szylkonia and the committee members, Thomas Kenney, chairman, Joseph A. Arsenault, Edward A. Daly, Jr., John P. Kavanagh, Fred McKenna, Fred W. Fontannay, Charles Manning, Richard F. York, M.D., and Harold Ulaas.

The following boys were invested: Gordon Ulaas, Kenneth Ulaas, Albert Duhaime, Jr., John Kenney, William Manning, Peter Szylkonia, Edward Stanton, Jr., William Anthony Capobianco, Frank Brown, Frank Generazio, Jr., Harold Foley, Robert Mastroianni, Hugh Sheridan, Henry De Michele, Jr., Christie Tarantino, Henry Spaulding, Fred Schiarone, Robert Beecher, Lawrence Mahoney and Robert Mancine.

Benediction was given by Rev. Wm. J. O'Connell, pastor.

Following the ceremonies the committee and boys were invited to a home.

George W. Braceland and Mrs. Braceland, where a cook-out was enjoyed by the group and guests of the Council, Mr. McGowan, Jr., executive, and his assistant, William Oles, and Scout Commissioner James Walton.

BOWEN CANDIDATE FOR SENATOR
Yielding to the requests of many Newton citizens, Benjamin J. Bowen of 13 Hillside ter., West Newton, has consented to become a candidate for the Republican nomination for Senator for the Middlesex-Suffolk Senatorial District, which comprises the city of Newton, Ward 22 of Boston, and Ward 5 of Cambridge.

Mr. Bowen is a native of Wellsboro, Pennsylvania, and has resided in Newton for 40 years. He was a member of the Newton Board of Aldermen for 9 years, succeeding William B. Baker as Alderman-at-Large from Ward 2. He was for several years Chairman of the Finance Committee of the Board.

Naval Recruits To Get Leave

Navy recruits will be granted a five-day leave plus travel time not to exceed four additional days upon completion of their training or school period at all Navy Training Stations in accordance with a new ruling of the Bureau of Naval Personnel.

Contrary to popular opinion, men eligible for military duty under selective service may enlist in the Navy right up to the time of actual induction into the Army. Receipt of the ten-day notice of induction does not bar one from joining the Navy or Naval Reserve.

Naval service with the new pay increases and dependency allowance now compares favorably with occupational pay in civil life, more so when taking into consideration clothing, food, lodging, medical and hospital care, dental work, low insurance rates, and the security of a steady job at good pay.

Recent modifications in physical requirements have enabled many men between 17 and 50, who had been rejected previously, to pass the physical examination and to enlist. All recruits were examined and rejected prior to June 10 have been requested to return for a recheck.

Original applications may be made at the nearest Navy Recruiting Station in Waltham City Hall from 8:30 to five o'clock daily or on Monday or Wednesday evenings until nine o'clock.

Large Number of Newton Campers At Camp Zakelo

Hearty cheers rang through the camp trees and across Long Lake at Harrison, Maine, last week, as a large Newton contingent of campers arrived for another happy and active summer at Camp Zakelo.

Feeling themselves to be pretty lucky to be escaping the heat of the city and all talk of war, the boys filled their lungs with pine-scented air and whooped and yelled until they were emptied of self-expression for the moment.

Included in the group were Russell Althoff, son of Mr. and Mrs. Russell Althoff, Lewis st., Newton; Allan Burke, son of Mr. and Mrs. Allan Burke of Westminster rd., Newton Centre; Blake Byrne, son of Mr. and Mrs. John B. Byrne, of Ashmont rd., Waban; William Cattell, son of Dr. and Mrs. R. B. Cattell, of Cambridge; Walter Newton, son of Mr. and Mrs. Thomas Derr, son of Mr. and Mrs. Thomas Derr of Oxborough rd., Waban; Kevin Doherty, son of Dr. Richard C. Doherty of Washington st., Newton; Charles and Peter Fay, sons of Mr. and Mrs. Charles Fay, of Cambridge; William Newton, son of Mr. and Mrs. William Newton, of Cambridge; Billy Hudson, son of Dr. and Mrs. Henry Hudson of Beacon st., Waban; Jack Oakley, son of Mr. and Mrs. Leo Oakley of Davis ave., West Newton; Philip Pattison, son of Mr. and Mrs. Samuel J. Pattison of East Side Parkway, Newton; Frank Pitts, son of Mr. and Mrs. F. Pitts of Chestnut Hill; Fred Scher, son of Mr. and Mrs. Fred Scher of Waban Park, Newton; Robin and Brian Sleep, English refugees, who are now in the care of the British War Reliefs; Earl Bliss of Mt. Vernon st., West Newton; Robert Stewart, son of Mr. and Mrs. R. H. Stewart of Pilgrim rd., Waban; James Trefry, son of Mr. and Mrs. James Trefry of Neholiden rd., Waban; and Charles Wadsworth, son of Mr. and Mrs. Charles Wadsworth of Grove Hill ave., Newtonville.

Elect Delegates For Convention

At the meeting of Chaplain Farrell Post, D. A. V. held on Monday evening in the War Memorial Building, Newton Centre, delegates and alternates to the State Convention were elected. The convention is to be held at the Parker House, Boston, on July 31, Aug. 1 and 2.

The delegates elected were Commander George H. Kempton, Fred A. Farrington, Edward J. Theriault and Raymond Griener. Alternates were Thomas Schiavone, Dennis Cronin and Harold Trefrey.

The executive board will hold a meeting in August and the next chapter meeting will be in September.

BROOKLINE DAY CAMPS

The Brookline Day Camps opened this year on June 29th, and will operate for nine weeks through August 28th. As usual the boys' camp will be held at the Rivers Country Day School, but this year the splendid facilities of the Beaver Country Day School will be the headquarters for the girls' camp.

In addition, the director, Thomas W. Leydon, announces that a co-educational camp will be held at the Chestnut Hill School in Chestnut Hill. Here the program will be the same as at the other two camps except that the campers will bring their own lunches. This is to make the facilities of the camps available to about 25 people who wish to save the cost of food.

Applications for enrollment in the Brookline Day Camps have been more numerous this year than ever before; however, the camp selects with care its campers and, too, has to consider geographical location due to the gasoline situation. At the present time there are but four vacancies for the girls' camp and three for the boys' camp.

Sewer Squabble Is Adjusted

The controversy over the proposed construction of a sewer in Winchester st., Newton Highlands, has been settled by city officials evidently to the satisfaction of all concerned.

Instead of constructing the sewer in Winchester st., from Dedham st. to the main sewer at South Meadow Brook, as requested by the petitioners, the city will construct the sewer for a distance of 600 feet only, covering the homes of only 13 residents, nine of whom had expressed themselves in favor of the project, while the other four did not express any attitude on the matter.

Thus those residents who opposed the project will not be affected, as the section of the street where they reside will remain as at present and the property owners will not be assessed for the cost. The two factions crossed swords at a recent hearing.

The cost of the project as originally planned was estimated at \$8,428, but the estimated cost of the curtailed project is \$3,950.

LEGION BAND GIVES FIRST PROGRAM

More than 500 persons purchased nearly \$500 worth of War Stamps at the opening public concert of the Newton Post, American Legion Band, last night at the Newton Centre Playground.

The series of six concerts to be given at different Newton playgrounds was inaugurated last night with a talk by Mayor Paul M. Goddard. The mayor expressed his gratification at the plan to entertain residents of the city who are conserving gasoline and tires by staying at home. He urged the crowd to purchase war stamps at the decorated booth set up on the playground under the direction of George M. Sweet, chairman of the Newton War Savings Committee.

Commander Alvin D. Parker of the Newton Post introduced Harold D. Ames, first manager of the band, who was master of ceremonies. Ames traced the history of the band since its formation in May, 1930.

The band formed on the corner of Langdon and Beacon st., and paraded to the field. The two-hour program of band music was directed by J. Collins Lingo and featured military marches. Miss Betty Gardner, whose brother, Milton, plays the trombone in the band, presented four patriotic selections. Collins presented two songs and led the community singing.

The next playground concert of the band will be on Tuesday at 8 p. m., at the West Newton Common. Other programs are scheduled as follows: July 27, Victory Field, Nonantum; Aug. 4, Newton Commons; Aug. 11, Cabot Park, Newtonville.

Manager Ross E. Denison announced the Newton Band will participate in the Waltham Navy Day program on Thursday at South Junior High School. The band will also play in Nonantum on Sunday.

LARGE PLANTS FLOWER AT ONCE

Warm sun and heavy rains have combined to make Massachusetts flower gardens unusually full of bloom this season. It is now, during the between season of blooming that empty bare spots show up most conspicuously. Occasionally a plant will be winterkilled, but more often the summer bare spots are the result of a lack of planning by the gardener. Oriental Poppies may fill a large space with color in the Spring, but unless they are planted near Asters, or some of the newer Chrysanthemums, they will leave an open space there in the fall. This places them in a very favorable position to serve the best interests of all property owners. Some items of personal property cannot be covered, while certain others are protectable upon specific application.

"An indication of the broadness and scope of War Damage Corporation coverage is provided by the fact that it extends even to growing crops and orchards, privately owned furs, jewelry, art objects, and pleasure water craft and pleasure air craft."

MORAHAN TO RUN AGAIN

Thomas E. Morahan, 220 Tremont st., Newton, has announced that he will seek both the Democratic and Republican nominations for the office of state senator in the Middlesex-Suffolk District at the State Primaries Sept. 15. The office is now held by Senator Arthur W. Hollis of Newton. The district consists of the city of Newton, Ward 22 of Boston and Ward 5 of Cambridge.

Morahan won the Democratic nomination two years ago, but Senator Hollis, the Republican nominee, was re-elected.

CANTEEN ON SURPRISE DUTY DURING BLACKOUT

During the 1:20 a. m. blackout on Tuesday, July 14th, two members of the Newton Red Cross Canteen Corps were called out for surprise duty. Miss Agnes Early, chairman of the Newton Red Cross Canteen Corps, noted that Mrs. Edmund Miller and Mrs. Robert H. Garrett of the Braeburn Canteen Unit at 1:00 a. m., that they were to feed the thirty people on duty at the Newton Centre Fire Department Headquarters at 2:00 a. m.

Mrs. Miller and Mrs. Garrett prepared a mobile canteen, set it up at the Report Center, and served sandwiches and coffee to the ARP workers on duty during the blackout.

This was the first time that the Newton Red Cross Canteen Corps has had a surprise assignment, and Mr. E. Prentiss Jones, chairman of the Newton Disaster Food Committee, reports that the experiment was completely successful.

Canteen Workers For Evacuation

Mr. E. Prentiss Jones, chairman of the Food Committee of the Newton Disaster Plan, announces the formation of evacuation canteen units which will function in the event of emergency and will cover all of the Newtons.

Details of this new canteen set-up were worked out by Miss Agnes Early, chairman of the Newton Red Cross Canteen Corps and a member of Mr. Jones' committee. Nine points have been designated throughout the community for the emergency canteen units, and Miss Early has appointed the following vice-chairmen to take charge of them: Mrs. Mary A. Bullock at Boston College; Mrs. Walter M. Marston at the Mt. Ida School; Mrs. R. H. Garrett at the Fessenden School; Mrs. E. J. Carver at the Newton Y. M. C. A.; Mrs. Donald Flinchbaugh at the City Infirmary; Mrs. Robert McLaughlin at the Working Boys' Home; Mrs. Frederick Goode at Norumbega Park; Mrs. Robert Bolster at Lasell Junior College; and Mrs. H. Esmond Rowley at the Andover-Newton Theological School. Each of these chairmen has selected her own corps of workers, all having been trained in nutrition and canteen work by the Red Cross.

All of these evacuation centers have been visited and approved by Mr. A. A. Robertson, Chief Sanitary Inspector of the Newton Health Department. Mr. O. Herbert Sherbrack, a vice-chairman of the Newton Disaster Food Committee, will be in charge of the supplies. A new evacuation directory is being compiled which will list the locations of the canteen units and the complete personnel.

War Insurance Is Nearly Ideal

Commenting on the subject of War Damage Insurance, Norman U. Armour, President of the Massachusetts Co-operative Bank League, says: "The formation of the War Damage Corporation created by the Reconstruction Finance Corporation marks one of the great forward steps in Governmental co-operation in a very practical way with the citizenship of the country."

"The possibility of obtaining property insurance against damage caused by enemy attack and our resistance to such attack has been of grave concern to property owners, particularly those living in seaboard states and in vital war industrial areas."

"In view of the fact that the insuring of property against War Damage is a task of such magnitude that no single existing insurance company or group of companies can encompass it, the Federal Government has stepped forth and, wisely and co-operatively consulting with national insurance experts, set up a plan which seems very nearly ideal."

"At a very modest rate, \$1 per \$1,000 of insurance on dwellings of less than five tenements in most localities, the property owner may secure insurance for a year from July 1st against damage from enemy attack (including any action taken by the military, naval or air forces of the United States resisting enemy attack)."

"The opportunity to secure this protection is being eagerly grasped by most property owners. Certainly at the low cost involved every piece of real estate in Massachusetts should be protected."

"It is believed that the great majority of agents have kept themselves thoroughly informed on this subject from its inception and are ready to provide applications and full information for their clients. This places them in a very favorable position to serve the best interests of all property owners. Some items of personal property cannot be covered, while certain others are protectable upon specific application."

"An indication of the broadness and scope of War Damage Corporation coverage is provided by the fact that it extends even to growing crops and orchards, privately owned furs, jewelry, art objects, and pleasure water craft and pleasure air craft."

End Secretarial School Sessions

Friday, June 26, marked the close of the Day Division of the Newton Secretarial School. Mrs. Blackburn, the director, presented several certificates and pins awarded by the Gregg Publishing Company of New York. Miss Mary Robinson, of Newton, received a certificate of Junior Membership in the Order of Artistic Typists; while Miss Julia Mather, of Newton Centre, received a certificate of Senior Membership in the same order. Miss Anna Wiley, of Newton, received a pin for typing without error for a period of ten minutes at a rate of 51 words a minute. Barbara Chandler of West Newton, Mary-Rita Grady of Williams-town, Julia Mather of Newton Centre, Dorothy Stamo of Waban and Peggy Worthy of Watertown received 60-word transcription certificates. Elaine Cummins of Newton Highlands, Phyllis Jacob of Waltham, Mary Murphy of Brookline and Helen Stevens of Natick received 80 Stevens transcription certificates; while Phyllis Jacob and Nellie Frederick of Newtonville received pins for their accomplishments. Miss Jacob received the Club Prize for taking dictation at 100 words a minute and meeting the transcription requirements and Miss Frederick received a pin for taking dictation at 120 words a minute.

Miss Frederick has been working faithfully throughout the year to develop a high degree of skill in shorthand and her efforts have been rewarded. She has received the "expert award" for taking dictation for a period of five minutes at a rate of 140 words a minute and meeting all the transcription requirements.

The Business Education World of New York, its nation-wide project has awarded a transcription certificate to Phyllis Jacob for taking dictation at 80 words a minute and turning in mailable transcripts within the time allowed, and to Miss Frederick for taking dictation at 100 words a minute and meeting the requirements.

The Summer Division of the School opens July 6 and runs for a period of six weeks. Courses in the Summer Division are very intensive. The work in the typewriting classes is given on an individual basis—students are permitted to make progress according to individual ability. All shorthand principles are covered during the six weeks in the beginning shorthand course—the students are taking simple dictation at the end of the course. These courses have proved very popular to college students, college graduates, and others who are eager to avail themselves of the outstanding features of the

Letters To The Editor

As Treasurer of Middlesex County since 1938, I am a candidate for the Republican nomination and for reelection.

The County tax for 1942 is the lowest in fifteen years, that is, since 1928. The County debt is the lowest in twenty-one years, that is, since 1921. The bonds of the County are rated AAA by all financial agencies, the highest possible rating. As Treasurer, I have borrowed at the lowest rate ever obtained by the County.

It is important to the people of Middlesex County that their chief financial officer have stability and continuity. Consequently, it has been their unvarying custom to keep their Treasurer in office. My five predecessors as Treasurer held office for an average of 25 years each.

On the basis both of my personal record in public office and of the splendid financial condition of the County, for which, as one of the County officials I am, I believe, entitled to share the credit, I ask the people of the County to continue me as their County Treasurer.

With personal regards,
Very sincerely,
CHARLES P. HOWARD,
Treasurer,
Middlesex County

Organist and Choir Director—MISS MARY INGRAHAM

GRANT—GREER

Miss Margaret Greer of Somerville and George F. Grant of Newton were married in St. Clement's Church, Somerville on Saturday morning, July 4. The double ring ceremony was performed by Rev. Father Scollins and was followed by a reception at the home of the bride's sister.

Given in marriage by her brother, the bride wore a gown of organza with a fingertip veil of tulle and carried a bouquet of white carnations. The matron of honor, Mrs. Ellen Greer Larkin, sister of the bride, wore a gown of orchid and a matching hat and yellow slippers. She carried yellow carnations.

Clement Franchise of Newton was the best man and the ushers were Louis J. Larkin of Somerville and Charles Belfry of Newton.

The bride is the daughter of the late Mr. and Mrs. Thomas W. Greer and the bridegroom is the son of Mr. and Mrs. Frank M. Grant of 124 Boyd st., Newton. Mr. and Mrs. Grant will live at 27 Hollis st., Newton.

LUDWIG—GAINES

Mr. and Mrs. Walter A. Robinson of 12 Janet rd., Newton Centre, announce the marriage of their daughter, Miss Amedee Villoroy Gaines to Lieutenant J. Warren Ludwig, U. S. N. R. The marriage was performed in the Sacred Heart Church, Newton Centre, on June 8, by Rev. J. B. Winn. A reception followed at the home of the bride's parents.

The bride was given in marriage by her father. Her attendants were Miss Lillian Bell Gaines and Miss Jacqueline Rogers. William Gavin was the best man.

Mrs. Ludwig attended St. Cecilia Academy in Nashville, Tennessee, and Lasell Junior College. Lieutenant Ludwig graduated in 1941 from the Massachusetts Institute of Technology. He is now an aeronautical engineer at the Bureau of Research in Washington, D. C.

Lieutenant and Mrs. Ludwig are now living in Alexandria, Virginia, following a wedding trip South.

ROBBLEE—SAMPSON

Miss Ruth Louise Sampson, daughter of Mr. Alexander John Sampson and James William Robblee, son of Mrs. M. M. Robblee, both of Newtonville, were married Sunday afternoon, July 5, in the Church of Our Lady, Newton, by Rev. Albert J. Powers.

The bride wore a gown of white chiffon and lace with a white veil of lace net draped from a crown in an eighteen foot train. She carried a bouquet of white roses. Her maid of honor, Miss Shirley Robblee, wore blue chiffon trimmed with pink and carried pink roses. Mrs. Robblee wore beige with green accessories. John Sampson was the best man.

Mr. and Mrs. Robblee are both graduates of the Newton High School. He is employed at the W. H. Nichols & Sons Company in Waltham. Following a wedding trip through Maine and New Hampshire, Mr. and Mrs. Robblee will live on Robbins st. in Waltham.

RECENT DEATHS

E. DONALD ROBB

The funeral services of E. Donald Robb of 30 Grove Hill ave., Newtonville, were held on Saturday afternoon at the Drexel Institute in Philadelphia from which institution he was graduated in 1899. Following his graduation he traveled extensively in Europe thoroughly familiarizing himself with the most celebrated examples of old world cathedrals and became one of the leading authorities in this country on mediaeval architecture. He was also an authority on iconography and the art of church ornamentation. In 1939 he was elected a fellow of the American Society of Architects, an honor bestowed only on men of the highest standing in the profession.

Mr. Robb was born in Baltimore 62 years ago. He studied architecture at Drexel Institute in Philadelphia from which institution he was graduated in 1899. Following his graduation he traveled extensively in Europe thoroughly familiarizing himself with the most celebrated examples of old world cathedrals and became one of the leading authorities in this country on mediaeval architecture. He was also an authority on iconography and the art of church ornamentation. In 1939 he was elected a fellow of the American Society of Architects, an honor bestowed only on men of the highest standing in the profession.

Up to 1918 he was a member of the firm of Cram, Goodhue and Ferguson of New York and Boston. That year he became a member of the firm of Frohman, Robb and Little of Boston. As a member of this firm he played an important part in the design and ornamentation of the Washington Cathedral which is considered one of the finest examples of sacred architecture in the United States and can be seen from the steps of the nation's capitol. He also was one of the chief architects of St. Thomas Church in New York, Grace Church in Colorado Springs, Cathedral of San Juan, Puerto Rico, and of the chapel of Trinity College.

The people of the city of Newton best know Mr. Robb as the architect of the attractive new Newtonville Library building. This project presented many architectural problems difficult of an entirely satisfactory solution. The land for the building had been donated by the people of the community and of the villages of the Newtons. In order to finance the erection of the building the

city took advantage of a federal grant which, while making the building possible, also strictly controlled expenditures. As a member of the building committee, Mr. Robb's original conception. Its well supported height and color scheme of decorations and touches of artistry here and there make the reading room considered one of the most attractive in the country among branch libraries. During this work Mr. Robb displayed a care for convenience and detail which was characteristic of his work always. His services were never limited by his legal contract. Once he had charge of a piece of work, he constantly endeavored to give all he possibly could of his broad and disciplined artistic skill to his task.

Mr. Robb was also a watercolor artist of no mean ability. His work shows truthfulness of line and trained constructive imagination in the discernment of beauty always. And with it all he was a very modest and unassuming man, a good neighbor, family man and citizen. He leaves a widow, Mrs. Bertha Moore Robb, a son Malcolm, two daughters, Miriam and Mrs. Douglas R. Nelson of Waltham and a sister, Mrs. A. A. Cochran of Chester, Penn.

North Gate Tennis Club Carrying On

Every year the North Gate Tennis Club rises phoenix-like from the ashes of dissolution, and this year has been no exception. With a number of its more prominent members far away in Uncle Sam's forces, the Club is carrying on and in fact looks forward to a successful year.

At the annual meeting the following officers were elected: Fred A. "Club" Anderson, President; Treasurer; Raymond R. Forte, Executive Vice President; and Leonard Monzert, Secretary. It was denied with scorn that these old-timers, together with George "Baby Austin" Laughton, Harry "One Shot" Chapin, Al "Reverse" Robbins, and Fred "Firemen's Fun" Morasch seriously debated the advisability of either furnishing crutches to all members or converting into a croquet club; and it was unanimously voted that the Club was prepared to challenge other decrepit Newton tennis clubs with no holds barred. The Club claims the unique (for Newton) distinction of being the only tennis club in the Garden City where a member can get a game simply by showing up at the courts. Instead of having to bring his own foursome arranged through the efforts of a social secretary, those interested in joining should phone the Secretary at LA 5-0262.

THE FIRST CHURCH OF CHRIST, SCIENTIST

"As the Father hath life in himself, so hath he given to the Son to have life in himself." These words from John 5:26 comprise the Golden Text to be used Sunday, July 13, in all branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts.

The subject of the Lesson-Sermon will be: "Life." Included among the Scriptures to be read will be: "I am the Son of God, and receive my sayings; and the years of thy life shall be many. I have taught thee in the way of wisdom; But the path of the just is as the shining light, that shineth more and more unto the perfect day" (Proverbs 4:10, 11, 18).

The following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, will also be included: "The way is straight and narrow, which leads to the understanding that God is the only Life. It is a warfare with the flesh, in which we must conquer sin, sickness, and death, either here or hereafter, certainly before we can reach the goal of Spirit, or life in God" (p. 324).

MARY A. WELCH
Mrs. Mary A. Welch, wife of John M. Welch of 101 River st., West Newton, died on Wednesday, July 8.

Mrs. Welch was born in Merland, Nova Scotia, the daughter of Dennis and Bridget (Dempsey) Haley. She had resided in Newton the greater part of her life.

Surviving her besides her husband are four daughters, Mrs. Parker Pillsbury of Hollywood, Cal., Miss Helen E. Miss Gertrude R. and Miss Helen Welch, all of West Newton, and a son, Timothy Haley of Cambridge.

Funeral services were held from her home on Saturday morning. A solemn high mass of requiem was celebrated in St. Bernard's Church at 10 o'clock by Rev. John Crane, pastor. Rev. John Ryan, a deacon and Rev. George F. Smith of Corpus Christi Church, Auburndale, as sub-deacon. Seated in the sanctuary were Rev. James A. W. Matthews, S. J., of Cambridge, Rev. J. Matthews, S. J., of Washington, D. C. A delegation from St. Bernard's Women's Club attended the services led by Mrs. Daniel C. Halsey. Burial was in Calvary Cemetery, Waltham, where prayers were read by Fr. Armitage and Fr. Matthews.

HENRY E. ROBERT
Henry E. Robert of 47 Kenmore st., Newton Centre, was taken ill in a Boston subway station on Monday and was taken to the Boston City Hospital where he passed away Monday evening.

Mr. Robert, who was in his 57th year, was born in Boston and was educated in the Boston schools. He studied music, for several years, excelling on the violin.

He had been in the securities business for 35 years and was director and treasurer of the Sears Corporation of 85 Devonshire st., Boston.

He is survived by his wife, Mrs. Jessie Dewar Robert; daughter, Mrs. John J. Jenkins, Jr., of Baltimore; his stepmother, Mrs. Marie L. Robert of West Roxbury, and a half-brother, Arnold A. Robert of Newton Highlands.

Funeral services are being held this afternoon at the Waterman Chapel, 395 Commonwealth ave., at 2 p. m., with the Rev. Ben Roberts of the Newton Congregational Church officiating.

MARGARET LAWLOR
Miss Margaret Lawlor, daughter of the late Martin and Ann Lawlor, died Tuesday, July 7th, at St. Francis Home for the Aged, Worcester, Mass. Funeral services were held on Friday morning with a solemn high mass of requiem at Our Lady Help of Christians Church, Newton.

The mass was celebrated by Rev. John Sheridan with Rev. A. Powers as deacon and the Rev. James Fahey as sub-deacon. Burial was in Calvary Cemetery, Waltham, where grave-side prayers were read by Rev. A. Powers.

Outstanding Zoo
The Philadelphia Zoological gardens was the first zoo to successfully raise a gorilla in captivity, and it raised the first orangutan born in captivity, the first gibbon to be born in an American zoo and the first chimpanzee.

Hay Fever Cure
Hay fever can be cured, not only by the injection of specific pollen extracts, continued for a number of seasons, according to some physicians. It is a constitutional disease, not merely a local affection of the eyes and nose and therefore cannot be cured by a nasal spray or any internal remedy.

THE NEWTON HOSPITAL AID ASSOCIATION

The volunteer workers of the Benefit Shop at 795 Washington st., Newtonville, which is open under the auspices of the Newton Hospital Aid Association, will have their annual vacation when the shop closes on July 31 to reopen September 9. During this time, however, the same opportunity will be available to those when the shop was opened for special needs only, by appointment with Mrs. E. F. Drew, BIG 0924.

The public is asked to keep in mind the following articles for which there is a constant demand: baby carriages, strollers, cribs, clothing, and especially shoes for children of all ages. Men's clothing also always finds ready customers.

The hospital needs the equipment which proceeds from the shop will purchase; the public needs the articles to be found on sale; the housekeeper needs the outlet for outgrown and outmoded furnishings. Newton citizens are urged to do their part by keeping the hospital of Newtonville supplied with the goods it needs.

REAL ESTATE

An interesting Newton Centre property has changed hands through the agent of R. M. Peterson. Heirs of George Beck have sold numbers 1-13 Jackson st., consisting of 68,436 square feet land, a concrete block mercantile building, a duplex dwelling, and two single family houses with a total assessed value of \$13,400, \$3800 is on the land. Miss Goodwin To Retire From Duties

Few knew in advance of Miss Goodwin's plans for retiring this year from the Latin Department in the Newton High School. For that reason this brief comment, though tardy, will be all the more appreciated by the region of her friends of all ages who recall with pleasure and gratitude her association with her.

When May Belle Goodwin dismissed her final class in Latin this June, it marked the close of an era at Newton High. It had been Newtonville, Edward B. Mookel of Arlington, Nicholas Cherico of Cambridge, John J. Mitchell, Jr., of Jamaica Plain. On charges of failing to stop and enter fines of \$5 each were imposed on John L. Morrissey of Newton Centre and Michael J. Moloney of Newton Highlands and for passing a red light on June 21, Burton S. Wallace of Needham was fined \$5.

Make Several Appointments
Carmen A. Vitti, of 38 Woodrow ave., Newtonville, was appointed a fence viewer by the Newton Board of Aldermen on Monday evening. He will succeed William U. Fogwell of Auburndale who has resigned.

Ruth Dieffenbach of 248 Elliot st., Newton Upper Falls, was appointed a public weigher for the Chadwick Coal Yards, 107 Oak st., Newton Upper Falls.

A first-class taxi license at 25 Needham st., Newton Highlands, was granted to Earl L. Baker of 3 Willow ter., Newton Centre.

A recommendation of the franchise and licenses committee to give Paul Kerivan a public hearing on his petition for change of location of a junk collector's license from 1149-R Walnut st., to the rear of 40 Glen ave., was adopted and the hearing set for the next meeting of the board on August 17.

Miss Conant Enrolls As WAAC Member

Miss Anne Conant of 104 Hammondwood rd., Chestnut Hill, is one of 14 Massachusetts women who have been enrolled as members of the Women's Army Auxiliary Corps.

The women were administered their oath of service at the Army Enlistment headquarters in Boston and will train at the new training camp at Des Moines, Iowa. After completing the officers and training course they will handle future recruits of the WAAC who will replace men in non-combatant roles in the Army.

Miss Conant has been assigned to the Ordnance department.

THE CAMBRIDGE SUMMER THEATRE

Sylvia Sidney will appear at the Cambridge Summer Theatre all next week in Brattle Hall. Her first role in the famous play "Little Women." She will also take part in "Cues and Miscues," theatre quiz program over station WEEI Friday evening at 7:30.

Star of stage and screen alike, Sylvia Sidney is as talented as she is beautiful, can play comedy or tragedy with equal deftness, and has carved out an enviable career for herself in her chosen field.

While still in high school in her native New York City, Miss Sidney decided she would rather act than study. She went to the Latin department in the Cambridge Summer Theatre, and the like, so announced to the authorities that she was transferring to a private school, and joined up with the Theatre Guild to learn the art of characterization. Here she was chosen for the lead in "Prunella," directed by Winthrop Ames, and then found a professional New York acting job when Ernest Truex hired her for "The Squall." At seventeen she became leading lady in the well-known play "Crime," followed by "Many A Slip," and "Bad Girl," among others.

As Jo in "Little Women" at the Cambridge Summer Theatre, Sylvia Sidney will have a chance to show that indomitable spirit by which she has climbed her own ladder to success. Adapted from the novel by Louisa May Alcott, "Little Women" was first produced in New York by William A. Brady with his daughter, Alice, in the leading role, and subsequently in London, starring Katharine Cornell. It also served to introduce Katharine Hepburn to the cinema fans. So, in introducing Sylvia Sidney to Cambridge, the Cambridge Summer Theatre management feels sure that this play of old New England will be enjoyed by all.

Andrew Mack is designing a very distinctive set for the play. It will be in authentic period style and as nearly like the Alcott home now standing in Concord, Mass., as he is capable of making it. Mr. Mack, of course, is the talented gentleman who has been responsible for all the sets at Brattle Hall during the past summer seasons.

This year, for example, he won much praise for his work on the Michael Whalen show "This Thing Called Love," and for "Private Lives" as well as for all the others.

Supporting Sylvia Sidney will be Louise Kanareff, William Mendrick, Charles Bell, Nancy Duncan, Allan Tower, Mary Bartholomew and William Jeffreys, one of America's beloved old-time actors. Robert E. Perry will appear opposite Miss Sidney and will also direct the entire production.

"Dark Tower" by Alexander Woolcott and George S. Kaufman, and starring lovely Gloria Stuart will run through July 17th at Brattle Hall.

Death on Files
As many as 200 flies have been found trapped in one bloom of the Guatemala fly catcher plants in the Jungle Gardens at Vero Beach, Fla. Insects are drawn by the peculiar, fetid odor of the plant into its inner chambers, captured by thousands of tiny hairlike fibers, and held there to die.

FOUND GUILTY BY COURT
John T. McLaughlin, 46, of 30 Peabody st., Newton, was found guilty by Judge John A. Delany in the Newton District Court on Tuesday morning on charges of drunkenness and driving while under the influence of liquor.

McLaughlin was arrested early Tuesday morning by Patrolman Thomas Ganley and Thomas Maloney who stopped his car on California st. after receiving a call that it had been involved in an accident.

Judge Delany imposed a fine of \$35 on McLaughlin on the charge of driving while under the influence, which the defendant paid, and the charge of drunkenness was placed on file. He was then turned over to the Watertown police to face charges arising from an accident.

Fined \$20 For Speeding Here

Judge Donald E. Mayberry imposed a fine of \$20 on Richard E. Murphy of Lynn on a charge of speeding last Friday morning in the Newton District Court, and Harry M. Sutton of Newton Centre whose case had been advanced from July 14, was fined \$10 for failing to stop and enter.

Fines of \$5 each on charges of speeding were imposed on John R. Rapaport of East Boston, Edward B. Mookel of Arlington, Nicholas Cherico of Cambridge, John J. Mitchell, Jr., of Jamaica Plain. On charges of failing to stop and enter fines of \$5 each were imposed on John L. Morrissey of Newton Centre and Michael J. Moloney of Newton Highlands and for passing a red light on June 21, Burton S. Wallace of Needham was fined \$5.

Given \$5 Fine For Speeding

Emergency Orders Invoked By State OPA Director

Emergency measures were invoked by Henry Parkman, Jr., State OPA director, Wednesday, to avert any possibility that essential truck and bus service in Massachusetts might be disrupted through failure to obtain gasoline.

Under Amendment 5 to the Gasoline Rationing Regulation, passed by OPA authority in Washington last night, Parkman asked the Regional OPA office to designate Massachusetts as an area which will operate under the emergency plan until midnight Sunday, July 26.

The plan authorizes any gasoline dealer to supply gasoline to a truck or bus which has not been issued service ration by its local war price and rationing board, through a form designated as R-555.

This form is a certificate which the dealer makes out in duplicate. Both copies are then given his local board in exchange for an equal gallonage of coupons to permit replenishment of his storage tanks.

Parkman stated that a survey of the accomplishments of the local boards throughout the state indicated little need for this emergency action, but that he had taken it to prevent any possible hardship to trucks or buses in the event some of them had not received their ration books, for any reason whatever.

At the same time, the state OPA director urged all gasoline dealers to exercise the utmost caution in extending the so-called "coupon-credit plan" which has been made effective throughout the rationed eastern states by authority of the OPA.

"Under his directive," Parkman explained, "any dealer may deliver gasoline to a motorist or non-highway user of gasoline on credit until midnight, July 31, without requiring ration coupons from the customer who has applied for but not received them."

"Dealers are warned, however, of their responsibility in doing so. Any dealer who exhausts his gasoline supply through this credit extension will not be able to replenish his tanks until he has collected the coupons due him from the customer he has favored."

Parkman also mentioned and received authorization from the regional OPA office a 42-hour extension for registration by gasoline dealers. This action authorizes any gasoline dealer who has not received his inventory coupons from his local board, to use the bulk transfer coupons with which he has been provided.

Dealers are further warned to carefully consider requests by holders of A ration books who represent that they have applied for but not received B or C rations. In the event such applications are rejected, the dealer is unlikely to collect such coupons due him.

Capt. Ogilvie Returns Home

Captain Frank L. Ogilvie, of 47 Oakwood rd., Newtonville, commanding officer, Headquarters and Service Company, 26th Infantry, Mass. State Guard, has returned home after graduating from the First Corps Area Army Tactical (Guerrilla) School held at Concord, Mass., under Regular Army supervision. He also attended the State Guard Officers' Camp at Brockton, Mass., acting as instructor in new guerrilla tactics for State Guard officers.

Chairman Sweet Urges Newton Residents To Buy More War Bonds

Asks Every Family In City Be A Member of the 10 Per Cent Club

George W. Sweet, chairman of the Newton War Savings Committee, has asked residents of the city to purchase more War Bonds and Stamps during the month of July with a goal of having every family in the city a member of the 10 Per Cent Club. The committee has distributed throughout the city booklets explaining the need for the purchase of Bonds and Stamps and have also distributed stickers and buttons.

On Friday, July 17, "American Heroes Day," the merchants and citizens of Newton paid tribute to the eight Newton young men who have been reported as "missing in action" or who have given their lives in defense of their country. They are:

Francis Brouillet, son of Mr. and Mrs. George F. Brouillet of 494 Watertown st., Newtonville, Philippines.

Merle D. Langhorne, Jr., son of Mr. and Mrs. Merle D. Langhorne, 59 Woodland rd., Auburndale, Canadian Royal Air Force.

Captain Francis D. McCarthy, U. S. M. C., son of Mr. and Mrs. William J. McCarthy, 61 Beaumont ave., Newtonville, Pacific.

William E. Cannon, son of Mr. and Mrs. James S. Cannon, 28 Jefferson st., Newton, Philippines.

Lieut. C. L. Schwimmer, U. S. Army Air Corps, son of Mr. and Mrs. Matthew Schwimmer, 420 Ward st., Newton Centre, Pacific.

Joseph W. Tuscher, U. S. M. C., son of Mr. and Mrs. J. F. Tuscher, 201 Lexington st., Auburndale, Pacific.

Charles M. Brown, U. S. Navy, son of Mrs. Daisy Wilson, 147 Edinboro st., Newtonville, Pacific.

William Kerr, U. S. Navy, son of Mr. and Mrs. Daniel J. Kerr, 36 Chandler st., Newton Upper Falls, Pacific.

Mr. Sweet has stated that this July campaign for the sale of Bonds and Stamps is more than just a promotional stunt. It is a test of whether the American method of raising needed war funds by voluntary investment can be depended upon or whether it will be necessary to enact measures for compulsory savings, and he urges that we keep it on a voluntary basis.

On Friday the total sales in Newton surpassed that of July 1 when all merchants set aside 15 minutes for the exclusive sale of War Bonds and Stamps. A tour of the factories in Newton was made on Friday by Chairman Sweet and Rupert C. Thompson, chairman of the mercantile and industrial division, and several new plants started the payroll deduction plan for the purchase of bonds, bringing the total of plants using this plan to nearly 100 per cent. Many of the retail stores have also adopted the plan.

All schools in the city are being opened one day a week for the sale of stamps to school children. Roland F. Gammons is in charge of the sale of stamps in the schools.

Newtonville Girl on Active War Duty

Miss Priscilla Tracy, daughter of Mr. and Mrs. George H. Tracy of 264 Lowell ave., Newtonville, is one of the nurses of the Yale Hospital Unit No. 39 which has been mobilized for active war duty. This unit consists of 48 physicians, 7 dentists and 103 nurses and civilian specialists.

Miss Tracy is a graduate of the Newton High School and the Waltham Hospital School of Nursing, and also studied Practical Arts at Boston University. After a year of private nursing at New Milford, Conn., she entered the New Haven General Hospital which is connected with the Yale Medical School.

Prior to engaging in actual field service the unit will undergo a period of training in military hospital technique in the United States. The present staff will be supplemented by enlisted men.

The hospital unit is designated to accommodate 1000 patients in a theatre of military operation. It is a stationary hospital in the rear of a combat zone and will probably be used in foreign service.

Selected As Representative Of American Womanhood

Lieut. Barbara K. Coleman of Waban, head nurse of the contagious hospital of the U. S. Army in Northern Ireland, was selected by her commanding officer, after an inspection of the hospital, as "representative of American womanhood" and was presented to the King and Queen of England on June 24. She was picked for this honor because of her poise, appearance and general behavior.

The presentation of Lieut. Coleman to the King and Queen was made at Camp Ballykinlar where under secret orders she had reported to Major General Orlando Wood, commanding officer of the Fifth Motorized Army which was inspected by the King and Queen.

On her return to the hospital Lieut. Coleman was presented with a copy of an official notice received by Col. Robinnet, her commanding officer, from Gen. Wood commending them for the splendid exhibition which they so ably staged for the King and Queen which he stated "was a credit not only to the division but also to the Nation."

Lieut. Coleman is the daughter of Mrs. Ethel Coleman of 19 Irvington st., Waban. She was graduated from the Somerville High School and the Peter Bent Brigham School of Nursing. She enlisted last January and went to Camp Dix with the Harvard Medical Unit, later going to Northern Ireland with the first contingent of the A. E. F.

The announcement of Lieut. Coleman's presentation to the royal couple was made by Dr. Elliott C. Cutler, head of the Massachusetts Public Safety Medical Unit.

Charles River Beaches Reopen

The reopening of two of the three Charles River beaches in Newton which were closed by order of the Board of Health at the beginning of the Summer was announced Wednesday by Recreation Commissioner F. Ewing Wilson.

The beaches reopened are those at Auburndale and Newton Upper Falls. Allison Beach at Nonantum will remain closed, probably for the rest of the season.

Bathing at the three beaches was prohibited after samples of water taken at each place were analyzed by the Health Department laboratory. Recent additional tests revealed that the pollution at the Auburndale and Upper Falls beaches had disappeared. Those beaches are therefore reopened, but the Health Department is making periodic tests as a precaution against the possibility that the pollution may return.

Allison Beach and the Metropolitan bathhouse at the Watertown Beach on the opposite shore will remain closed, officials announced, until all evidences of pollution have disappeared. Guards have been placed on duty at Allison Beach to prevent bathing, but at the Watertown Beach, despite the fact that the bathhouse is closed, many children have been bathing during the Summer.

Hurt Falling From Bicycle Thursday

Alice Ellert, 19, of 20 Hovey rd., Waltham, was taken to the Newton Hospital Thursday morning after she fell from her bicycle on Albemarle rd., near Crafts st., Newtonville. At the hospital she was treated for bruises about her head and was allowed to go home in the afternoon.

The attempt of a burglar to break into the home of Stephen Bayard Wilson of 293 Franklin st., Newton, was frustrated when the owner returned home at 11.15 p. m. The police were immediately notified but the burglar made his escape.

Work was started Monday on the building of Hammond Brook drain off Glendale rd., Newton Centre, for which the sum of \$3,000 has been appropriated by the Board of Aldermen.

A masonry wall will be built along the banks of the brook as the first step in covering over the entire stream. This project, which will take about six weeks to complete, will alleviate the mosquito nuisance in that vicinity and will make the district safer for children who live nearby. Twelve men will be employed in this work.

File 556 Requests For "S" Gas Books

A total of 556 applications for "S" gasoline ration books for trucks had been filed in Newton when a count was made yesterday and most of the books had been received by the applicants by noon today.

The number of applications for supplementary books by holders of "A" ration books had reached 5300 when the count was made Wednesday. The work of approving or rejecting these applications is in full swing. The task is being performed by members of the War Price and Rationing Board assisted by a staff of volunteers.

Many more of the supplementary books were issued today to applicants who had been notified by mail that their applications had been granted.

Newton Auxiliary Police Corps Relaxes

Newton Auxiliary Police Corps is served supper by Waban Canteen Unit of Newton Red Cross.

Between the afternoon and evening sessions of the concentrated course for Newton Auxiliary Police held on Saturday, July 18th, at the Newton High School, supper was served by the Waban Canteen Unit of the Newton Red Cross.

The training school course, under the direction of Commissioner of Auxiliary Police Douglas B. Francis, was suspended at 6:00 p. m. and the Auxiliary Police and Village Wardens attending adjourned to the High School cafeteria where they were served a supper consisting of baked beans,

frankfurters, cole slaw, hot rolls, ice cream, cookies and coffee.

The men, numbering almost 350, thoroughly enjoyed the meal. It was the largest project so far undertaken by the Waban Canteen Unit, and through the co-operation of the Newton School Department, they were able to use the Newton High School cafeteria facilities for the preparation and serving of the food.

Members of the Waban Canteen Unit who assisted were: Mrs. F. Munroe, chairman; Mrs. Gilbert Tolman, chairman of the project; Mrs. R. G. Fletcher, Mrs. Cy-

rus Ferris, Mrs. N. S. Everett, Mrs. R. A. Curran, Mrs. E. E. Cori, Miss Catherine Harlow, Mrs. H. Moulton, Mrs. E. B. Roberts, and Mrs. K. J. Waite. Also assisting were Miss Madeline Sears, Miss Alice Jones, Mrs. G. Bracefield, Mrs. R. G. Angus, Mrs. R. B. McLaughlin, and Miss Hazel Stuart of Newton Upper Falls; Mrs. Frederick Badger, Mrs. E. S. Colton, Mrs. W. M. Fife, Mrs. Fred G. Sanford, Miss Helen McClure, and Mrs. F. H. Colony of Newton Highlands and Mrs. Donald Baker, Mrs. Arnold Barker, Mrs. W. L. Fearing, Mrs. James H. Lewis and Mrs. F. J. Furlong of Newton.

Gas Rush Here Ties Up Traffic

The rush of motorists to replenish their gasoline supplies before the new rationing system went into effect Wednesday resulted in traffic congestion in various sections of Newton Tuesday morning.

The worst traffic jam was reported on Centre ave., Newton Corner, as cars waited in line along the entire length of that short street while overworked attendants at a gas station there worked hard to keep pace with the rush. One resident who feared that "something had happened" reported the traffic jam to police headquarters, but police were already aware of the matter.

At most of the stations in the city, however, the gasoline supply was soon exhausted and hundreds of motorists were disappointed when they arrived too late.

Work Started on Brook Drain

Work was started Monday on the building of Hammond Brook drain off Glendale rd., Newton Centre, for which the sum of \$3,000 has been appropriated by the Board of Aldermen.

A masonry wall will be built along the banks of the brook as the first step in covering over the entire stream. Was Chairman of Bastille Day Event

Mrs. John V. Spalding of 257 Dedham st., Oak Hill, was chairman of the toast committee for the France Forever celebration of Bastille Day on July 14 at New England Mutual Hall, Boston, at which Miss Dorothy Thompson was the speaker.

Mrs. John Carver of 60 Parkway rd., Newtonville, was in charge of decorations and Miss Florence E. Whittier of 6 Rowe st., Auburndale, was in charge of publicity and advertising for the souvenir program.

Ignition Wires Taken From Car

On Saturday Harry F. Pearsall of 61 Forest st., Newton Highlands, reported to the Newton police that while his car had been parked in his yard some one had ripped out the ignition wires and had also removed the valve caps of the tires. He made the discovery when he went out to start his car and failed to get any response from the motor.

Due to a reduction in the Federal allotment, ten WPA workers have been dropped from the Newton force. In order not to retard the progress of any projects, the reduction in employees has been apportioned among the three projects in Newton, namely, repair work on city buildings, the drain project on Washington st. near the Woodland Golf Club, and the office staffs of the ARP and War Price and Rationing Board.

Take \$20 From Till at Clubhouse

A report of the theft of \$20 in change from the till of the caddy house at the Charles River Country Club was made to the Newton Police on Thursday. Employees reported that the door was closed when they left, and it was found open in the morning. There were no marks of a forced entry to the building.

The police also received a report from Mrs. Howard T. Pierce of 37 Arapahoe rd. that a bicycle had been stolen from in front of a drug store.

Newton Auxiliary Police School Session Attended By Over Three Hundred

Asst. Attorney General Bacigalupo Tells Candidates of Duties; Many Other Speakers Give Comprehensive Outline of States Protective Division

The session of the Newton Auxiliary Police School held in the Newton High School Auditorium on last Saturday, from 3:15 p. m. to 9:45 p. m., was attended by 306 members who were given mimeographed notes of the proceedings and will be required to pass an examination on the subject matter of the lectures. Under a new plan, the men will be required to take a total of 24 hours of these lecture courses and those who pass will be credited with 4 1/2 hours for last Saturday's session. This system, which is believed to be the first of the kind in this State, has aroused the interest of other communities, many of which were represented at the session on Saturday.

Assistant Attorney General Joseph F. Bacigalupo addressed the school, explaining to them their authority to arrest violators of ARP regulations while they are performing duty at the call of the chief of police. He stated that their powers of arrest are similar to those of regular police, except that in cities the auxiliary police are not empowered to enter private property. In towns, on the other hand, the auxiliary police may go upon private property in the performance of their duties.

In cities there are enough regular policemen available to cover private property when necessary, while in towns the aid of the auxiliary police may be needed by the regular police force.

In Newton, whenever an order is issued to the auxiliary police to perform duty at an air raid test or blackout by the chief of police, the members of the auxiliary force are empowered to make arrests for violations, unless the chief specifically limits their authority. Thus far the chief has set no such limit. Despite the fact that they have the authority to make arrests, the Newton Auxiliary Police have thus far merely reported violators to the chief of police. The chief, in turn, has referred the complaints to the traffic bureau and letters have been written to the violators warning them that a repetition of the offense would mean prosecution.

Major-General Daniel Needham, chairman of the Protective Division of the State Committee on Public Safety, spoke on "The State's Protective Division." Sergeant Charles E. Walker of the Newton Police Department spoke on "The Duties of a Policeman," and urged the auxiliary policemen to always be courteous in their dealings with the public. Other speakers were Sergeant Thomas J. Burke and Inspector William H. Dowling of the Newton police traffic bureau who spoke on "Traffic Control"; Captain John Keating of the Newton Fire Department on "Co-ordination of Auxiliary Fire and Police Forces"; Deputy Chief Warden, F. Brittain Kennedy, on "Report Center"; Chief Warden, William V. M. Fawcett, on "Duties of a Warden"; Deputy Commissioner Henry E. Goodenough on "Plans and Training"; and Deputy Commissioner Haskell Cohn on "Night Watch-Report Center."

Attorney General Robert T. Bushnell, who was to have been the chief speaker at the evening session, was called out of town and the assistant attorney general spoke in his place.

Chairman Douglas B. Francis, commissioner of auxiliary police, who was the chairman of the meeting, announced that there are a few vacancies for appointments as auxiliary police in some of the villages and candidates may apply for information at the Newton ARP Office in the Library Building at Newtonville. Chairman John M. Brier, chairman of the Newton Committee on Public Safety, spoke briefly at the opening of the session.

Chief of Police Michael T. Hughes, Captain Nicholas Veducio of the Newton Police, Fire Chief Clarence W. Randlett and acting Deputy Fire Chief Thomas A. Enegess attended the session.

Between the afternoon and evening sessions, a canteen supper was served by the Waban Unit of the Red Cross, with Mrs. Francis Munroe in charge.

Kiwanis Club Has Children's Outing

Eleven crippled children were taken from the Peabody Home in automobiles furnished by the members of the Newton Kiwanis Club and escorted to the Newtonville Women's Club, where they were given a turkey dinner and had singing and entertainment. After this the children were escorted to Norumbega Park, where they were given rides on the merry-go-round, boats swings, airplanes, bugs, etc. Those who could not leave the Home were left candy and fruit by the Newton Kiwanis Club. The nurses, Miss Bishop and Miss Hatch, accompanied the children. The facilities of the Park were gladly donated by the proprietor, Harry Gill. Jack Janse led the singing, with Miss Evelyn Hicks at the piano.

There were twenty-nine members present of the Newton Kiwanians, with a sizable number of visitors from the Wellesley and Waltham Kiwanis Clubs.

The committee in charge of the occasion were Edward Cannon, Chairman, assisted by James B. Riggs, First Vice President; Wm. Jasset, Chairman of Attendance Committee; "Wally" Finlay, Chairman of Interclub Relations Committee; C. J. Hutchings, Chairman of Publicity; Walter Hood, Chairman of Program Committee and Dr. F. H. Paul, Chairman of Underprivileged Child Committee.

Charles Black, Chairman of House Committee, has been called to the Colors and his duties have been taken over by Charles D. Train.

Take \$20 From Till at Clubhouse

A report of the theft of \$20 in change from the till of the caddy house at the Charles River Country Club was made to the Newton Police on Thursday. Employees reported that the door was closed when they left, and it was found open in the morning. There were no marks of a forced entry to the building.

The police also received a report from Mrs. Howard T. Pierce of 37 Arapahoe rd. that a bicycle had been stolen from in front of a drug store.

Due to a reduction in the Federal allotment, ten WPA workers have been dropped from the Newton force. In order not to retard the progress of any projects, the reduction in employees has been apportioned among the three projects in Newton, namely, repair work on city buildings, the drain project on Washington st. near the Woodland Golf Club, and the office staffs of the ARP and War Price and Rationing Board.

MORE HOME CANNING URGED

Fruit crops ripening in many
sections of Massachusetts prompted
a statement from Henry Park-
man, Jr., state OPA director,
that the home canning pro-
gram is the number one way for
the following boys who have just
completed the Intermediate Swim-
ming Course at Crystal Lake:
Kenneth Lucas of Newton; Don-
ald Dunkley, Harold Lowenstein,
Ronald Jenkins and Joseph Russo
of Newton Centre; Arthur Lewis
of West Newton; Varton Bodozian
and Louis Generazio of Newton
Upper Falls.Swimming classes of all levels
seem to be as popular as ever this
summer, there is a decided in-
crease in the number of younger
boys and girls taking advantage
of the instruction given daily at
the Lake.Mr. Westgate announces that a
new life-saving course will start
Monday, July 27, at 11 a. m., and
urges all boys who have fair swim-
ming ability and the will to work
hard, to see him at that time. The
course will run for approximately
three weeks, from 11 to 12 each
day, Monday through Friday.Adults who do not know how
to swim, may join a class form-
ing August 1, meeting at 4 o'clock
in the afternoon. Instruction for
adults has not been tried for sev-
eral years and Mr. Westgate hopes
that a great many people will
take advantage of this opportunity
to learn to swim. He would like
to expound the old adage that "you
can't teach an old dog new tricks!"SHORT LENGTHS OF LUMBER
MAY WORK WONDERS
FOR HOMEOnce father and the boys have
acquired a few carpenter's tools
and a work bench, they will have
an irresistible urge to build use-
ful things from wood. Northeast-
ern Homes Foundation declares,
in pointing out the values of a
woodworking hobby for the family
during the war emergency. Most
families must spend their free
hours in play or work at home.
Family carpentry will combine
work and play. Many do not
realize the opportunities at hand
for woodworking at home. For
one thing, there is a general im-
pression that an array of power
tools is necessary, and that con-
siderable skill is required. For
another, people do not ordinarily
think of the retail lumber dealer
as a merchant of small amounts
of lumber—he is commonly con-
sulted only on important building
propositions.Simple tools, however, are suf-
ficient for the building of tables,
chairs, bookcases, garden furni-
ture, and simple designs or pat-
terns are available. Peck Lum-
ber Company carry such patterns
and merchandise the short lengths
of lumber required, in small
amounts.When summer days end drag
along, and when week-ends seem
endless, with pleasure driving
practically prohibited for the fam-
ily, woodworking at home is real-
ly something to consider. Talk to
Peck Lumber Company about it,
or write to them at 247 Newton-
ville ave., Newton. Just ask for
the pattern book.

A WEEK OF WAR

President Roosevelt told his
press conference he is considering
asking Congress for more effective
controls to keep down the cost of
living, including wage control.
The national situation as regards
the cost of living must be kept in
line, he said. The one criterion
that must be kept in mind is what
it costs the average family to live.

The War Labor Board announ-
ced a formula for a national wage
stabilization policy designed to
maintain workers' purchasing
power at January 1941 levels. The
Board said "as a general rule
workers are entitled to 15 per cent
more wages than they had on Jan-
uary 1, 1941, to meet the increases
in living costs from that date to
May 1, 1942. Workers who have
received an increase of 15 per
cent or more during that period
will not be entitled to raises ex-
cept in cases where their rates
are substantially and a raise
is necessary to wipe out inequali-
ties."

The WLB ordered an increase
of 44 cents a day, retroactive to
last February, for 157,000 "Little
Steel" workers. The union had
asked for \$1 a day increase. The
Board ruling also provided main-
tenance of union membership and
a check-off of union dues. President
Roosevelt, referring to the "Little
Steel" ruling, said the entire
national problem of wages is
relative. In production of an ar-
ticle like steel an increase of 5
per cent in the wages would not
force up the cost of living nearly
as much as a comparable increase,
for instance, in a canning factory
that produces food, he said.

Labor Supply

War Manpower Chairman Mc-
Nulty reported approximately 12
500,000 persons were working in
direct war employment on July 1,
compared with 9,000,000 on Apr. 1.
He estimated 5,000,000 more will
be added to the industry forces
during the last six months of this
year. Federal Works Adminis-
trator Fleming said total U. S.
employment increased between
May and June by 1,700,000 per-
sons to 53,300,000.

The House passed and sent to
the Senate a bill authorizing the
Census Bureau to issue birth cer-
tificates to persons who obtain
them through normal channels.
The 54,000,000 persons in the
country whose births are not re-
corded could obtain a certificate
upon making a sworn application
to a postmaster (or his subordi-
nate) which would be forwarded
to the Bureau to be checked. Af-
ter verification of the application
a birth certificate would be issued
so the persons could work in war
production plants and receive old
age pension benefits.

Rationing

The OPA announced that east
coast motorists in localities served
by subways, elevated or suburban
railroads would be given supple-
mentary gasoline rations unless
they can establish that such trans-
portation facilities are inadequate
for their needs. The new regula-
tions would apply to all motorists,
including those who help form car-
sharing plans. The OPA said it
would issue the new regulations
after July 22, when the new rationing
system went into effect in the East,
gasoline deliveries to stations in the
area will be based upon coupons taken
in by each station. The OPA an-
nounced that 102 counties adjacent
to the western boundaries of the east
coast ration area, in which deliveries
of gasoline to filling stations will
be cut by 25 per cent beginning
July 22.

The WPB reported 2736 trucks,
trailers and miscellaneous
vehicles were released to civilians
and to holders of Government Ex-
emption Permits during the week
ended July 11. Since March 9,
when the rationing program be-
came effective, about 62,000 ve-
hicles in all categories have been
released to these two groups. The
OPA authorized local War Price
and Rationing Boards to permit
use of any reasonable amount of
sugar for home canning, providing
four quarts of fruit will be canned
with each pound of sugar.

The War Front

A communique from Cairo,
Egypt, reported Maj. Gen. Louis
H. Breton, formerly commander
of the U. S. Army Air Forces in
India, is now commander of U. S.
Air Forces in the Middle East.
Gen. Breton said American
heavy bombers carried out 21 tactical
missions in 36 days with the
loss of only one bomber. The
Japanese aircraft destroyed. The
ships have been sunk or damaged
since June 3 in Aleutian waters,
and at least seven enemy aircraft
have been destroyed. The Navy
said U. S. casualties in that theater
to date are approximately 1000
killed, 49 wounded and one civil-
ian employee killed.

The Navy reported damage in-
flicted on the enemy during the
battle of Midway June 3 to June 6
included: approx 1480 Jap-
anese killed or drowned as com-
pared to U. S. losses of 92 officers
and 215 enlisted men; 20 enemy
ships of all classifications sunk or
damaged; and an estimated 275
Japanese aircraft destroyed. The
U. S. carrier Yorktown was put
out of action and the destroyer
Hamann was torpedoed and
sunk. Caribbean Defense Com-
mander Andrews said "measures
for action against enemy subma-
rines in this area apparently are
proving very effective" and anti-
submarine warning systems are
greatly improved in the Panama
Canal Zone. The Navy announced
the sinking of 20 more United Na-
tions merchant vessels by enemy
submarines.

Foreign Relations

President Roosevelt formally
proclaimed a state of war with
Hungary, Rumania and Bulgaria,
making nationals of those coun-
tries residing in the U. S. subject
to regulations governing other en-
emy aliens. The President an-
nounced Lend-Lease war aid ex-
tended by the U. S. from March
11, 1941—when the program be-
gan—to June 30, 1942, amounted

to \$5,205 million of which the June
total was \$708 million, higher
monthly total in the 16 months of
the program. The State Depart-
ment said the U. S. has signed mu-
tual aid agreements with Czecho-
slovakia and Norway, bringing to
nine the number of such agree-
ments. The Department also an-
nounced the Vichy French govern-
ment has turned down two offers
by President Roosevelt to provide
a safe haven for the French na-
val units now at Alexandria,
Egypt.

Army and Selective Service

The Army Air Forces' present
accident rate is 68 per cent lower
than in 1930 and 10 per cent lower
than the average rate for the 10
years between 1930 and 1940, War
Secretary Stimson said. Mr.
Stimson said every U. S. soldier
going into a theater of operations
will receive a package of five
grants of crystalline sulfanilamide
in addition to 12 sulfa-
fanilamide tablets for internal use.
Army Air Forces Commander
Arnold announced formation
of the Troop Carrier Command
charged with transporting by air
the fighting troops, their equip-
ments and supplies in theaters of
operations.

SS Headquarters authorized local
boards to defer married men
until all available single men, in-
cluding those in war, have been
called and to call men with
children last. President Roosevelt
said it is unlikely a decision will
be made any time soon on the
drafting of 18 and 19 year old
youths for military service. SS
Director Hershey said local boards
may fill up to 10 per cent of
their quotas from men deferred
because of illiteracy but who are
otherwise fit for military service.

Navy and Shipping

Three new destroyers were
launched at the Federal Shipbuild-
ing and Drydock Co., Kearney, N. J.
Navy Secretary Knox said an
increasing number of small boats,
mainly fishing vessels, are being
taken over by the Navy, and crews
are being trained as fast as pos-
sible to augment east coast anti-
submarine patrol. Maritime
Commission Vice Chairman Vick-
tor said American merchant ship-
building capacity is now ample to
meet the two-year goal of 23,000,
000 deadweight tons—approx-
imately 2,300 ships—set by Pres-
ident Roosevelt early this year. He
said shipbuilding figures in-
creased in the last six months
ahead of schedule for 1942. Be-
cause of the "tight situation" in
steel, however, the Maritime Com-
mission said further plant expan-
sion programs must be curtailed.
The reason for the curtailment
canceled its contracts with the
Higgins Corporation of New Or-
leans calling for 200 Liberty ships.

Articles Taken From Automobile

Dorothy Lemay of 97 Clement
st., West Roxbury, reported to
the police on Friday that while she
had her car parked in the street
space at the Raytheon Co.,
where she is employed from 3 to
12 p. m., someone had broken into
the car by cutting a hole through
the roof. The glove compartment
of the car had been ransacked
and a small electric fan was taken
from the steering wheel.

Bag Stolen, Is Recovered, Empty

A bag, reported as stolen from
a parked car near Norumbega
Park, was found by the police on
Thursday in some bushes near the
park. The bag, which was empty,
contained a small electric fan and
Stamps which the bag owner
claimed were missing. The bag was
turned over to the owner by Sgt.
Richard L. Bannon of the inspec-
tor's office.

United States Army surgical
dressings are needed in huge quan-
tities and Newton Red Cross has
received one of its largest quotas,
to be filled as soon as possible.
Volunteer workers are urgently
needed and Newton women who
wish to work for our army should
get in touch with the above chair-
men at once.

Edw. F. Williams of 253 Sixth
st., Cambridge, who also visited
the governor's proclamation
against driving over 40 miles an
hour was fined \$20 by Judge May-
berry for driving at 50 miles per
hour.

For failing to slow down at an
intersection Floyd F. Foster, Jr.,
of 42 Walnut st., Newtonville, was
fined \$10 for a similar offense,
Allen B. Metcalf of 78 Main st.,
Wentworth, was fined \$5.

Fines of \$5 each for failing to
obey stop and enter signs were
imposed on Muriel L. Comins of
Newtonville, Paul F. Flannery of
Waltham, Daniel O. Visco of New-
ton, Joseph E. Hartel of Dedham
and Matthew A. Byers of West
Newton.

On charges of speeding fines of
\$5 each were imposed on Richard
C. Bunker of Roxbury, John R.
Hansen of Newton, Peter P. Ana-
stasi of Dorchester, Stephen M.
Rogers of Winchester, Gordon W.
Olson, Jr., of Belmont, Hugh
Cairns of Worcester and Thomas
E. Oakes of Cambridge.

Samuel C. Smith of 70 Harold
st., Roxbury, was fined \$5 in the
Newton District Court on Friday
morning by Judge Donald E. May-
berry for failing to heed a warn-
ing to slow down. Smith had been
warned by police to slow down at
Grant st., Newton Centre, but
failed to heed the warning and
was again stopped near Boston
College.

RELEASE ELECTRIC RANGES

Some 45,000 electric ranges,
frozen since May 2, 1942, in the
hands of dealers, distributors and
manufacturers, are being released
to the public upon certification
of sale to the public by recent WPB
action, according to the Office of
War Information, Boston.

In an amendment to the limita-
tion order, WPB released all elec-
tric ranges in the hands of deal-
ers as well as ranges having a fac-
tory sales value of \$80 and over
in the hands of distributors and
manufacturers. Ranges having a
factory sales value of less than
\$80 in the hands of distributors
and manufacturers are not re-
leased but must be held for de-
fense housing or war agencies.

NEWTON AND WEST NEWTON
SALES

John T. Burns & Sons, Inc., re-
port the sale of the property locat-
ed at 36 Maple ave., Newton. The
property comprising a single 10-
room home with two baths, has
been sold to Harold J. and Mad-
eline S. Murphy, who have pur-
chased for a home. Harold Smiley
conveyed title. For tax pur-
poses the assessed value is \$8500.

Kiwanis Activities

At the luncheon meeting of the
Newton Kiwanis Club Tuesday,
the members were privileged to
hear a talk given by Aram Zel-
veian, formerly staff speaker for
the Committee to Defend America
from Invasion, and now serving
in the same capacity for the
United Nations Committee.

Aram Zelveian was born in
Turkey—is now an American citi-
zen. He formerly taught history
at Anatolia College, Marsovan,
Turkey, (American College) acted
as Interpreter and Member of
Intelligence Office, British Army
of Occupation.

Later and prior to coming to
the United States in 1925 he
worked for the American Red
Cross in Asia Minor.

With his European background
and experience in World War I,
Mr. Zelveian, now devoting his
time to writing and lecturing, is
an authoritative speaker.

In his talk Mr. Zelveian empha-
sized the fact that we Americans
have not yet grasped the fact that
it takes more than just dollars,
ships, tanks and planes to win the
war. We must adopt an attitude
of personal sacrifice and choose
between the almighty dollar and
freedom for our children and fu-
ture generations. He said that
might alone as evidenced by Ger-
many and Japan will never pre-
serve our democracy. Persistence
of personal profit-taking such as
characterized World War I on the
Home Front may result in a dic-
tatorship form of government be-
cause necessary to attain victory.

Mr. Zelveian's forceful talk made
his listeners see the real facts
which face us on the Home Front.
There were twenty-three mem-
bers present at the meeting and
a vote of thanks was given to Ed-
die Cannon and his Committee for
the fine work they did last week
in arranging the outing for the
crippled children from the Peg-
body Home. Also, a vote of
thanks was given to Mr. Gill, Prop-
rietor of Norumbega Park, who
generously gave them all the facili-
ties of the Park.

At the meeting next week Mov-
ing Pictures of the War will be
shown.

Several Fined
On Auto Charges

Joseph A. Kelly of 5 Haverford

had been booked for speeding by
Patrolman Raymond J. Sullivan on
July 3 and then sped away. He
was paced by the officer on the
Worcester Turnpike at 50 miles
per hour.

Edw. F. Williams of 253 Sixth

Getting Husband in 'Two'
Easy Lessons Told Here
Many a Plain Jane reconciles herself to going through life without a mate because she believes she lacks the face, or the figure, or both, which would move male to propose marriage.
But if Dr. Robert M. McMurray of Chicago knows his psychology, there is no reason why any woman—homely or not—cannot find a husband.
The trick, says Dr. McMurray, is to "achieve moral dominance" over some man.
The Chicago psychologist offers the following specific directions to avoid spinsterhood:
1. Having picked your man, begin to point out some of his more obvious weaknesses—always on the pretense of being helpful.
2. Give him the impression that you are the only one who understands him, gradually leading him to become more and more dependent upon you.
3. Always take the offensive. Never let the boy friend get the upper hand.
The first step in this direction is to create situations in which the man will be led to make statements or indulge in acts—preferably a kiss—which can be looked upon as compromising. The significance of such a triviality can be magnified.
"The next step," says Dr. McMurray, "is to apply moral pressure—always with dignity and restraint. Make no scenes; the prevailing note of a campaign should be one of quiet bravery."

Duster, Sprayer
There are two pieces of equipment which every gardener must have. These are a duster, which can be one of the small hand types, and a sprayer that also might be one of the small one-quart outfits provided the problems encountered are small.
In the experience of most individuals charged with the responsibility of caring for an average-sized garden that one of the two gallon, or larger, pneumatic pressure sprayers is better. Such an outfit easily pumps up a head of air and will do considerable spraying of even the hardest-to-distribute fluids for a long time before repumping is again necessary. Such an outfit is also useful for small tree spraying jobs.

Started Horse Racing
The sport of horse racing in America started in New York. Col. Richard Nicolls called a meeting on Long Island for "encouraging the bettering of the breed of horses" and the sport spread throughout the nation from there.

**THE FIRST CHURCH OF
CHRIST, SCIENTIST**
"Truth" will be the subject of the Lesson-Sermon Sunday, July 26, in all Churches of Christ, Scientist, branches of The Mother Church, the First Church of Christ, Scientist, in Boston, Mass.
The Golden Text will be: "The word of God is quick, and powerful, sharper than any two-edged sword, piercing even to the dividing asunder of soul and spirit, and of the joints and marrow, and is a discerner of the thoughts and intents of the heart" (Hebrews 4:12). Other Bible citations include: "In the beginning was the Word, and the Word was with God, and the Word was God. . . and the Word was made flesh and dwelt among us (and we beheld his glory, the glory as of the only begotten of the Father), full of grace and truth. . . For the law was given by Moses, but grace and truth came by Jesus Christ" (John 1: 1, 14, 17).
The Lesson-Sermon also includes the passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christ, Truth, was demonstrated through Jesus to prove the power of Spirit over the flesh. . . to show that Truth is made manifest by its effects upon the human mind and body, healing sickness and destroying sin" (p. 316).

**Perfume Smells Subject
To Reactions of Woman**
Perfumers who know their chemistry say that each perfume smells differently, according to the chemical makeup of the fair lady who puts it on. What might entrance, on Greta Glamour, might horrify on Miss Jones, who teaches dietetics at Newton Centre. Redheads, again, are said to give out a human variety of the musk scent that conquered the conqueror when he called upon his future empress, Josephine.
Some men, it is said, grow delirious on smelling this natural musk odor, whereupon the scheming siren works her wiles upon the helpless male.
Recognizing this danger, English law-makers once tried to put through parliament a law stating: "That all women of whatever rank, profession or degree, whether virgins, maids or widows, who shall from and after such act seduce or betray into matrimony any of His Majesty's subjects by scents, false hair, cosmetics, artificial teeth, blushed hips (they liked 'em plump in good old 1770) shall incur the penalty of the law now in force against witchcraft."
So did our English fathers in 1770 try to rob poor, weak women of their rightful weapons.

Starlight, Starlight
The color of the stars is almost entirely a matter of temperature, varying from white, through yellow, orange, orange-red to red. If a star is very hot it appears white and if it is very cold it appears deep red. A star will have the same color as will a piece of metal, lump of clay or any other material heated to the same temperature.

Pantheistic Acid
Fantotheic acid is most important because it appears to be needed by the adrenal glands for normal functions, and upon these glands depends a great deal of the "moral" of a person.

**THE CAMBRIDGE SUMMER
THEATRE**
Flora Robson, mistress of her art, will be the star of "Suspect" at the Cambridge Summer Theatre, Brae Hall, all next week.
Long noted for her character roles, Miss Robson came to America at a time when she was one of England's most distinguished actresses, to play in the film "Wuthering Heights." She was a tremendous success here as she had been in her native country and followed this picture with "Invisible Stripes," "We Are Not Alone," "The Sea Hawk," and "Fire Over England" before taking to the Broadway stage in "Ladies in Retirement."
Flora Robson is probably the only person in the theatre today who was actually forced into it. At the age of five she was beginning an intensive training in the art of acting because her father, a marine surveyor, had a great love of the arts and decided that each of his two sons and five daughters should have the opportunity to enter some artistic field of endeavor. In training Flora for the stage, Mr. Robson made a wise choice, for she was graduated with high honors from the Royal Academy of Dramatic Art in London, played in a repertory company, just outside of London, did a season of Shakespeare with Ben Greet, then made her London debut as Queen Margaret in "Will Shakespeare" and followed with "Desire Under the Elms," "The Anatomist," "Six Characters in Search of an Author" and many others equally famous.
"Suspect" is by Edward Percy and Reginald Denham, who wrote Miss Robson's "Ladies in Retirement." It is a psychological play dealing with a woman accused of chopping up her father and stepmother with an axe some years before. Because her son now wants to marry the daughter of a nearby doctor, and the girl's godfather is a newspaper publisher with a memory, the long-hidden tale comes to light when the publisher recalls that he was a reporter at Mrs. Smith's (the lady in question's) trial. Miss Robson plays the first act alone on the stage.

Thailand is the country formerly known as Siam, a corruption of the name Siam.
The Thai call their country "Prades Thai," which means "The Land of the Free."

Rubbing Hunchback
A curious figure of a hunchback, carved from black basalt by some old cliff-dweller sculptor, was unearthed in a prehistoric refuse heap near Mesa Verde, Colo., not long ago.
The "Hunchback of Mesa Verde" is this early example of Indian art has been named, stands a trifle less than six inches tall and the rough surface of his hump has been worn smooth from contact with hundreds of human hands.
Whether this resulted from the "rubs" of America's first gamblers, or whether from being carried about as a talisman against the primitive cliff-dwellers' particular form of the Evil Eye, is, however, not known.
Sedan Tops in U. S.
Four-door sedans are the most popular type of passenger automobiles in the United States.

Continents Drifted Apart?
New evidence that Africa and South America may be parts of a single continent that drifted apart has been supplied by British geologists. They reported finding gneiss pebbles in Africa's Sierra Leone and the Gold Coast. Hitherto gneiss, a rare mineral, has been found only in Brazil.

Rubbing Hunchback
A curious figure of a hunchback, carved from black basalt by some old cliff-dweller sculptor, was unearthed in a prehistoric refuse heap near Mesa Verde, Colo., not long ago.
The "Hunchback of Mesa Verde" is this early example of Indian art has been named, stands a trifle less than six inches tall and the rough surface of his hump has been worn smooth from contact with hundreds of human hands.
Whether this resulted from the "rubs" of America's first gamblers, or whether from being carried about as a talisman against the primitive cliff-dwellers' particular form of the Evil Eye, is, however, not known.

Rotary Club
Newton Rotary Club met at Brae Burn at 12:30 on Monday, July 20th. The Club was fortunate in having for its guest speaker Mr. Joseph E. Perry, Bank Commissioner of Massachusetts, Past-President of Belmont Rotary Club, lawyer, former member of Massachusetts Legislature and First Vice-President of the National Association of Bank Superintendents. He was introduced by Frank L. Richardson.
A great many guests, members of the banking profession of Newton and surrounding cities, attended to hear Bank Commissioner Perry.
Mr. Perry gave an excellent talk and spoke of winning the present conflict between the material and spiritual forces that are at work in the world as well as the military forces. He stressed the need for Rotarians doing their part in order to accomplish this and to do all in their power to eliminate the greed and hatred that will exist after the present war. The Rotarians and their guests received Mr. Perry's talk with unusual attention.

**LATIN AMERICAN FESTIVAL
AT LASSELL**
"Under the Southern Stars," a Latin American festival, by Irma Labastille of the Office of Education, Washington, D. C., will be produced at the American Institute of Normal Methods on Saturday afternoon, July 25th, 3 p. m., on the west campus of Lasell College, Auburndale. Madame Labastille will be the guest of honor at the production which is under the direction of Miss Beatrice A. Hunt, Supervisor of Music, Plymouth. The choric speech in the festival will be under the direction of Mr. Charles W. Greer of New York, a member of the music faculty, formerly of the Music Department Withrow High School, Cincinnati, Ohio. The cast of the festival will be made up of 150 children of the Williams School in Auburndale, who have been attending special music classes presented by the faculty of the Institute and members of the student body.

**THE CAMBRIDGE SUMMER
THEATRE**
Flora Robson, mistress of her art, will be the star of "Suspect" at the Cambridge Summer Theatre, Brae Hall, all next week.
Long noted for her character roles, Miss Robson came to America at a time when she was one of England's most distinguished actresses, to play in the film "Wuthering Heights." She was a tremendous success here as she had been in her native country and followed this picture with "Invisible Stripes," "We Are Not Alone," "The Sea Hawk," and "Fire Over England" before taking to the Broadway stage in "Ladies in Retirement."
Flora Robson is probably the only person in the theatre today who was actually forced into it. At the age of five she was beginning an intensive training in the art of acting because her father, a marine surveyor, had a great love of the arts and decided that each of his two sons and five daughters should have the opportunity to enter some artistic field of endeavor. In training Flora for the stage, Mr. Robson made a wise choice, for she was graduated with high honors from the Royal Academy of Dramatic Art in London, played in a repertory company, just outside of London, did a season of Shakespeare with Ben Greet, then made her London debut as Queen Margaret in "Will Shakespeare" and followed with "Desire Under the Elms," "The Anatomist," "Six Characters in Search of an Author" and many others equally famous.
"Suspect" is by Edward Percy and Reginald Denham, who wrote Miss Robson's "Ladies in Retirement." It is a psychological play dealing with a woman accused of chopping up her father and stepmother with an axe some years before. Because her son now wants to marry the daughter of a nearby doctor, and the girl's godfather is a newspaper publisher with a memory, the long-hidden tale comes to light when the publisher recalls that he was a reporter at Mrs. Smith's (the lady in question's) trial. Miss Robson plays the first act alone on the stage.

Thailand, Siam
Thailand is the country formerly known as Siam, a corruption of the name Siam.
The Thai call their country "Prades Thai," which means "The Land of the Free."

The block of six houses which Ex-Gov Claflin is building in the rear of the post office building, Newtonville, will be a worthy addition to the village. The block is Queen Anne in style, and will offer pleasant and convenient homes to many who do not wish the care and expense of a separate house.

The workmen have commenced to dig the cellar for the enlargement of the Unitarian church in West Newton.

The Electric Light Company are painting the posts lately erected by them an olive color. If the city compel the company to paint their posts, why not have the fire alarm posts painted also. Would suggest to have them fire color.

The foundation and in fact all of the work upon the parochial school buildings, on Adams st., Newton, is of the most thorough and substantial character. The building is to be four stories in height.

F. M. Whipple & Co. of West Newton, have the contract for all of the stained glass, including several fine memorial windows for the new East Side Presbyterian Church at Washington, D. C. This is to be one of the most costly and beautiful edifices at the Capitol.

A large Brookline picnic party came up the river from Riverside in boats last Thursday and picnicked in the Charles River Grove.

The condition of the Newton city water for the past few weeks causes much complaint and the physicians condemn it as unfit for use.

An unusual occurrence in the shape of a strike happened in the Dudley mills, Monday morning; about 20 boys employed in the spinning and carding departments stopped work, on account of a cut down of two hours' pay necessitated by the new 58 hour law. The mills have been run with but little inconvenience; many of those who struck are returning without gaining their intended point.

"Friday 1376" may seem unlucky to many, but the Newton Lodge of Elks, who invited over two hundred convention visitors to Norumbega Park, christened the baby elk recently born in the zoological garden "Friday 1376," the number being that of Newton Lodge of Elks.

Old-Fashioned Spinning Wheel Still Being Used

The Hebrides, the name on the map by which you may identify the islands where Harris Tweeds originate, is probably the last outpost of Europe where the old-fashioned spinning wheel is still employed commercially. Having inherited from long generations both their skill and the wheels at which they work, the women are able to impart to their hand-produced yarn an indefinable finish and character, though only the finer Harris Tweeds are spun in this manner.

After the yarn is spun and woven, much of it by hand, the cloth has a loose open appearance and is very harsh to the touch. The web is closed and softened by a process known as walking. This is a communal operation. After washing in hot water while the cloth is still damp parties of women beat and work the cloth with their hands until the loose, open fiber is closely felted together.

Walking day is an ancient institution on the islands. The day the web arrives from the weavers, after a sumptuous breakfast, a strong door is removed from its hinges. The web, saturated with soapy water, is loosely laid upon it and with bursts of Gaelic song the women toss and tumble the cloth.

New Land Rush

A new land rush is on in Nevada, according to Wayne McLeod, state surveyor-general. "There have been more claims filed for land in Nevada in the past year than there were during the past 25 or 30 years," McLeod declared. He attributed the rush to "new industries coming into Nevada."

Miss Sleeper and Mr. Sterling plan to be married in the fall.

DOGGETT-DYSON

Miss Irene Elizabeth Dyson, daughter of Mr. and Mrs. Harry L. Dyson of 18 Hemlock rd., Newton Upper Falls, was married to Roger Hemmen Doggett, son of Mr. and Mrs. Arthur Doggett, of Watertown, on Saturday afternoon, July 18. The four o'clock ceremony was performed by Rev. Richard Bennett in the Payson Park Congregational Church, Belmont, and was followed by a reception.

Given in marriage by her father, the bride wore a gown of ivory faille with an illusion finger-tip length veil draped from a cluster of orange blossoms made of pearls and carried a bouquet of white snapdragons, stephanotis and baby's breath with a gardenia corsage center. The matron of honor, Mrs. Paul E. Varney of Newton Upper Falls, wore peach faille and carried a matching bouquet of white snapdragons, stephanotis and baby's breath. The bridesmaids, Miss Shirley Johnson of Newton Upper Falls and Miss Elfrida Doggett, sister of the bridegroom, wore John Sjöström, of similar aqua with matching headresses and carried bouquets of pink snapdragons, scabiosa and baby's breath. Mrs. Dyson wore a crepe gown of ashes of roses with a matching head and a corsage of delphinium, sweet peas and baby's breath while Mrs. Doggett wore powder blue with a white hat and a corsage of gardenias, sweet peas and roses.

Thomas Doggett was the best man for his brother and groom, son of Mrs. Marion Boyle O'Donnell.

Miss Kelley was graduated from the Wheelock School. Mr. Boyle, a senior at Northeastern University, expects to enter active service in the United States Navy following his graduation.

WALEY-ARMSTRONG

Miss Ella Joy Armstrong and William Quincy Waley, son of Mr. and Mrs. Quincy White Waley of 21 Sylvan ave., West Newton, were married Saturday evening, July 18, at the home of the bride's parents, Mr. and Mrs. Robert Weeks Armstrong of Winchester. The 7:30 o'clock garden ceremony was performed by the bride's uncle, Rev. Arthur Peabody Pratt, and was followed by a reception.

The bride wore a gown of white faille with a fingertip veil of tulle caught to a tulle cap with orange blossoms. She carried a bouquet of white larkspur and orchids. Miss Waley, the maid of honor, wore a blue net gown with a shoulder length tulle veil and carrying a bouquet of red roses. Mrs. Armstrong chose a gown of green and beige chiffon and Mrs. Waley wore black lace and net. The bride's best man for her son and the ushers were Guilbert Quincy Waley, of Cohasset, brother of the groom, and Robert Weeks Armstrong, Jr., brother of the bride.

The bride graduated from the Massachusetts School of Art in 1938 and the bridegroom graduated from Harvard in 1938. He attended the Loomis School. Mr. and Mrs. Waley will live in Los Angeles, Calif.

GLAVIN-DUNN

Announcement has been made by Mrs. Sabina Dunn of 15 Hamilton st., Newton Lower Falls, of the marriage of her daughter, Miss Anne Dunn, to Mr. Martin Glavin of Cambridge on Sunday, July 19, at 4 p. m. in St. John's Rectory, Wellesley Hills. The ceremony was performed by the Pastor, Rev. Henry C. Reardon. The couple's only attendants were Mrs. Glavin's sister and her husband, Mr. and Mrs. Walter Miller of Newton.

After a wedding trip to Philadelphia, the couple will reside in Newton Lower Falls.

What, No Lynx?

Corp. Lyle Clemens of the 78th Infantry battalion, scoffed recently when Serg. Maj. Lawrence Mansperger said:

"I think I'll go shoot myself a lynx."

"Might as well expect to get a cup of coffee for a nickel in San Miguel as hope to find any wildcats in this territory," Clemens sneered.

The other morning Clemens found a 40-pound wildcat stretched across the top of his desk. One neat bullet-hole testified to the marksmanship of the hunter. Tied to one of the wildcat's furry ears was a note:

"No wildcats around here, huh? I bagged this baby only 20 miles from camp. If you haven't anything on your mind, come on over. You can help me skin this cat."

Signed, Pipe Dreamer Mansperger.

FISH-SCHULTZ

In St. Aidan's Chapel, Brookline, Miss Helen Schultz, of 137 Mountfort st., Brookline, was married to Arthur Elliot Fish of 507 Centre st., Newton, on Sunday, July 12. The church was decorated with lilies and roses for the single ring ceremony which was performed by the Rev. A. F. Mikan. A reception followed the ceremony at the home of the bride.

The bride wore a gown of navy blue silk and carried white orchids. Her maid of honor, Miss Adele A. Graf, wore a brown and white print and carried gardenias. Edward F. Cannon was the best man.

Mrs. Fish is the daughter of Mr. and Mrs. Christian George Schultz, and the groom is the son of the late Mr. and Mrs. Orrin F. Fish. The bride attended Newton High School, Bryant and Stratton, Northeastern University School of Law where she received her LL.B. and later was the first girl to receive an LL.M. from the school. Mr. Fish, who has been employed as a salesman, attended Newton High School, Boston University, and Burdett College. He served for six years with the National Guard and left Friday, July 17, when they returned from a short trip to Cape Cod, to be married into the United States Service.

CAVANAUGH-ATKINS

Sunday afternoon, July 19, in St. Bernard's Church, West Newton, Miss Edythe Nelson Atkins of 16 Lindburg ave., West Newton, was married to Arthur Joseph Cavanaugh of 44 Kensington st., Newtonville. The double ring ceremony was performed by the Rev. Fr. Sullivan.

The bride, who wore a satin and lace gown with a tulle veil, carried a bouquet of white roses, baby's breath and streamers. Her maid of honor, Miss Barbara Atkins, wore taffeta and carried a bouquet of pink roses and mixed sweet peas. The bridesmaids, Miss Grace Doyle of Chestnut Hill and Miss Thelma Wood of Newtonville wore taffeta and carried pink roses and delphiniums. Gerard Matthews was the best man.

RECENT SHOWER

Miss Belle Swanson of Newton, who is to be married on August 16 to Richard Howe of Newton, was given a personal and miscellaneous surprise shower at the weekly knitting meeting of the Newton Philosophical Society, at the home of Miss Virginia Lindsay of 63 Cliff rd., Wellesley Hills. Refreshments were served by the hostess assisted by her mother, Mrs. Harold T. Lindsay.

Those attending the shower were the Misses Ruth Howe, Charlotte McNaughton, Elina Stenberg, Nan Osterberg, Edith Allenbrook, Betty Kobrock, Joan Pullman; Mrs. Elsa Moran, Mrs. Ruth Wane, Mrs. Betty Vangallow, Mrs. Clara Curry, Mrs. Libby Coleman, Mrs. Helen Swanson, Mrs. Bertha Balou and Mrs. Ellie Kengott.

Reptiles Are Condemned Unjustly; Tame Easily

The snake has been in most instances the recipient of unjust condemnation. In this country, the overwhelming majority of them are not only non-poisonous, but actually beneficial. Probably not one in many hundreds will be the venomous type, and strange as it seems, most of the folklore regarding the habits and doings of the species are wholly hearsay and disproved by science and research. It is for the peace of mind and information of sportsmen that certain things about them should be debunked.

There are but two that can harm the human seriously with their bites, or stabs, as both the copperhead and rattlesnake inject their venom from reeding fangs and not their teeth. The fangs are like hypodermic needles and when the snake strikes its mouth is wide open and the fangs pointed straight out. The force of the strike sinks the fangs into the object of the venom is forced through the hollow cavity.

As far as the strike is concerned, no snake can fling its body more than half its length and never more than a foot above the ground. This means that ordinary boots or hip boots are plenty of protection. Most injuries to humans from these two are the result of great carelessness, in reaching into places or throwing without looking.

If one merely watches the next step he is as safe as though walking the streets of the city. And the chance of ever being struck is less than that of being struck by lightning.

Body Ice

The human body contains ice caused by the enormous pressure in the muscle tissue. This ice exists at ordinary temperatures only under a pressure of more than 100,000 pounds a square inch.

SPINK-KARLONIS

Miss Ann Karlionis of 45 High st., Newton Upper Falls, was married Sunday, July 19, to Francis Wilbur Spink of Quincy. The double ring ceremony was performed by Rev. William J. O'Connell in the rectory of the Mary Immaculate of Lourdes Church, Newton Upper Falls. A reception followed at the Newton Highlands Women's Club. The bride is the daughter of Mr. and Mrs. Simon Karlionis and the groom is the son of Mr. and Mrs. Harold S. Spink.

The bride wore a gown of white satin with a fingertip veil of tulle and carried a bouquet of gladioli and stephanotis. Mrs. Vera Griffin, of Newton Upper Falls, was the matron of honor, wearing a gown of pink with a matching tulle hat and accessories with her bouquet of blue gladioli. Mrs. Simon Karlionis wore orchid and white, and Mrs. Spink wore a gown of beige. Harold Spink was the best man.

Mrs. Spink attended the Newton High School and Mr. Spink, who is employed by the New York, New Haven, and Hartford Railroad, graduated from the Quincy High School. Following a wedding trip through the White Mountains, Mr. and Mrs. Spink will live at 45 High st., Newton Upper Falls.

MUNDY-HARROD

Announcement has been made by Mr. and Mrs. William Henry Raye of Fairhaven and Maine, formerly of Newton Centre, of the marriage of their daughter, Mrs. Margaret Raye Mundy, to Louis Edward Harrod, of Pass-a-grille, Florida. The ceremony was performed by the Rev. Kenneth Gray in the garden at the summer home of the bride's parents.

Mrs. Barbara Raye, of Wellesley Hills, who wore a peach colored gown of embroidered muslin, attended her aunt, who wore a gown of powder blue and carried an arm bouquet of delphiniums. Mr. and Mrs. Harrod will make their home in Florida.

HOLLIS-WATT

Mr. and Mrs. William P. Watt of West Roxbury announce the marriage of their daughter Betty Manthorne to Ensign Harry K. Hollis, U. S. N. R., on Wednesday, July 8, at Miss Elsie Elkins, Ensign Hollis is the son of Senator and Mrs. Arthur W. Hollis of Newton. He graduated from Colby College in 1938 and is now stationed in Trinidad, British West Indies.

Sun Floating in Thick Cloud, Claim Scientists

Evidence "consistent with the hypothesis" that the sun is floating in a dust and gas layer thick enough to cause light to require 1,500 years to travel through it has been found by three University of Wisconsin astronomers in observations at Mt. Wilson observatory, Los Angeles.

This indicates that, but for the obscuring cloud, the sun's light would be many times more brilliant than at present!

The earth itself, however, is near the center of the all-enveloping absorbing layer, it was said, and thus the light from a star outside of the clouds would be reduced about 15 per cent in reaching the earth.

Also, being near the sun—astronomically, at least—the earth would not get the full effect of the obscuration of the sun's light.

Distant stars, too, in many cases would appear many times brighter but for gas and dust clouds in nearby space, the savants said. Making the observations were Drs. Joel Stebbins, C. M. Huffer and A. E. Whitford. They used a photoelectric cell attached to telescopes here and at Madison, Wis., they reported in the current issue of the Astrophysical Journal.

About 30 per cent of a star's light is absorbed as it passes through the clouds, they reported.

Hearing Dulled With Age

Hearing is dulled a little from year to year after one reaches maturity. This dulling is greatest for high notes, especially the overtones which give the quality to a soprano voice. The soprano's voice has undoubtedly improved, but her hearing is not as good. Every adult experiences this. The young person hears qualities in the artist's voice which his parents, and even the artist herself cannot hear. Music critics should be young people; the older critics, even with normal ears for their age, are missing a part of the performance.

Wheat in a Hurry

Experts in farm production have estimated that, with a yield of 15 bushels to the acre, it required 2 hours and 33 minutes of man labor to produce a bushel of wheat, ready for the market, using the hand and two-horse methods of 1850. Today, with modern tractor and combine methods, the time has been reduced to seven minutes.

Wool-Labeling Law

It is reassuring to learn that the labels which are made mandatory by the new wool-labeling law must state both the kind of wool, the proportion of it, and the proportion of any added material or wool substitute. Here is the way some of these new labels read on clothing articles featuring a popular and fine quality of wool textile used in making coats and dresses:

(1) XXXXX Woolen—Eighty-five per cent virgin wool; 15 per cent Angora rabbit hair.

(2) Ninety-five per cent virgin wool; 5 per cent pure silk decoration.

(3) Ninety-five per cent virgin wool; 5 per cent Angora rabbit hair. And so on with other mixtures and proportions.

Bread for Toast

What kind of bread makes the best toast? By this question is meant what age bread makes the best toast? It used to be held by home experts that fresh (moist) bread did not make good toast. But, although factory-baked bread retains nearly all original moisture, it has been "out of the oven" long enough to toast perfectly by the time it reaches the housewife.

This research on sliced, but moisture-proof bread, shows that from the time of wrapping until the bread is 72 hours old, only a 2 per cent loss of moisture occurs. However, the home-maker should recall this point, that slices must have uniform moisture distribution in order to produce uniform toast. This means—keep the bread wrapped tightly until you wish to use it, so all slices will be equally moist all over.

Diagnose With X-rays

Use of X-rays to help diagnose a recently discovered and sometimes fatal ailment called toxoplasmosis was reported by Dr. L. M. Sante of St. Louis and Dr. Cornelius G. Duke, Dr. Abner Wolf and Dr. John Caffey of New York, at a meeting of the American Roentgen Ray society in Cincinnati.

Inflammation of the brain and paralysis, with no sign of lung involvement, are the chief features of the disease in babies and small children. Dr. Sante pointed out. In adults, however, the disease may resemble Rocky Mountain spotted fever and symptoms of acute pneumonia are prominent. Dr. Sante described several types of cases.

Sea Mussels Eaten

Some kinds of sea mussels are gathered and eaten. People in Europe have been in the custom of eating them for a long time. On this side of the Atlantic they have not been used for food to a very great extent. River mussels have proved important in the making of pearl buttons. Chief of these have been the "deerhorn" mussels of the Mississippi valley. Their shells contain the mother-of-pearl.

REAL ESTATE

Carley Realty reports the sale of the appealing white Colonial located at 41 Windemere rd. for the Willey Savings Bank. The property consists of 8 rooms, screened porch, oil heat, and double garage. There are 11,250 square feet of landscaped grounds with beautiful age-old shade trees. George H. Davis and Carolyn Davis of Worcester have purchased for a home.

Alvord Bros., Realtors of Newton, Wellesley and Weston, report the sale of the property at 74 Kenwood ave., Newton Centre, Mass. This large, comfortable house has a living room, music room, dining room, modernized kitchen and lavatory on the first floor; and five bedrooms, bath and lavatory on the second floor; plus a large game room, servants' quarters and bath on the third floor. The dwelling is conveniently located between Commonwealth ave. and Homer st., Newton Center, Mass., on a slightly lot of over 16,000 square feet, most beautifully landscaped with vines, shrubs and large, well-preserved trees. There is a large two-car garage with tool room, and a separate heating unit for the garage. Mr. Charles Henry Colby of Newton, Mass., gave title to Mr. Frank V. Shellenback, Coach of the Boston Red Sox, also of Newton, Mass. The purchaser soon plans to occupy his new home with his family, after improvements and reconditioning of the premises have been accomplished. Alvord Bros. represented all parties in the transaction.

Colored Lights Observed At Night; Red Strongest

The night sky is filled with brilliant colors—red, green and yellow—but they are so diffused that the eye does not perceive them. They have been observed and studied at the McDonald observatory at Mt. Locke, Texas, operated jointly by the University of Texas and the University of Chicago.

The red light is strongest at the end of twilight, and is traced to the oxygen in the atmosphere. It diminishes in intensity until midnight. The green light grows stronger after sunset, and reaches its peak shortly after midnight. This light also has its origin in the oxygen of the atmosphere. The yellow light is more erratic in character. It is more like the aurora borealis, but is not confined to the northern sky.

The daily variations in the red and green light link the changes to the day and night cycle of the earth. It is believed that the oxygen in the atmosphere gives out at night energy which it received during the day from sunlight, a phenomenon similar to photosynthesis. The yellow light has its origin in the sodium atoms in the atmosphere which appear to be activated by showers of neutral particles which may come from the sun or stars.

RECENT DEATHS

EILEEN DENTLER

Mrs. Eileen Dentler, wife of Carl E. Dentler of 116 Tolman st., West Newton, died at the Waltham Hospital on Monday, July 20, following a short illness.

Mrs. Dentler, who was in her 28th year, was born in Waltham, the daughter of Alvin E. and the late Florie Fernald. She was graduated from the Waltham High School in 1932 and from Emerson College, Boston, in 1936. She later took a special course in dramatic art at the University of Southern California and was graduated from there in 1938.

She was married to Mr. Dentler in 1938 in the Immanuel Methodist Church, Waltham, where she had been active in pageants and plays.

About two months ago she had moved from Canastota, New York, to West Newton. She is survived by her husband and her father Alvin E. Fernald of Lexington.

Funeral services are being held this afternoon at 2 o'clock at the William R. Miller Chapel, Waltham, with Rev. Edson Gould of Waltham officiating. Burial will be in Mt. Peake Cemetery.

JOHN F. ALLEN

John F. Allen of 54 Lewis st., Newton, died at his home on Wednesday, July 15.

Mr. Allen was in his 77th year. He was born in County Ireland, the son of John and Bridget Joyce Allen. He had been a resident of Newton for 52 years, and was a retired carpenter.

Surviving him are his wife, Mrs. Mary (Kelly) Allen, two daughters, Miss Ames and Miss Theresa Allen of Watertown and a son John Allen of Brighton.

Funeral services were held from his home on Saturday morning. A solemn high mass of requiem was celebrated in the Church of Our Lady, Newton, at 9 o'clock by Rev. Daniel F. Riordan, rev. Albert T. Powers was the deacon and Rev. John A. Sheridan, sub-deacon. Rev. Richard McFale of St. Patrick's Church, Natick, was seated in the sanctuary, and a delegation of nuns from the Sisters of Charity Convent, Roxbury, was also present. Burial was in Calvary Cemetery, Waltham, where prayers were read by Fr. Riordan and Fr. McFale.

Truck Collides With Automobile

A large truck driven by Edgar J. Foley, 38, of 399 Main st., Rocky Hill, Conn., was in collision Saturday night with an automobile which had been stopped in the middle of Washington st., Newton, by the driver who had decided to take a nap. He had, however, just been removed from the car by Patrolmen James J. McManus and John F. Lovely, who had put in a call for the patrol wagon to arrest him for drunkenness.

The driver of the truck reported to the police that he did not see the parked car before he struck it. After hitting the car the truck swerved to the right and knocked down an automatic traffic signal pole at the east side of Church st., snapping it off at the base. By expert maneuvering the driver succeeded in preventing the truck from tipping over.

THE NEWTON ARCHERS

In a match characterized by close competition in both men's and women's divisions Thelma Phillips and Adrian Matthews of the local club took top honors in the Newton Archers July shoot last Sunday afternoon.

Mrs. Phillips' score, the highest shot on the Newton field by any woman this year, was the result of excellent shooting at the shorter ranges after trailing her team mate Hazel Wilson at sixty yards.

Matthews led the field at all distances but lacked sufficient lead to let down at any point.

Handicap honors for the field went to Grace Harrison, with Hazel Wilson and Bert Harrison taking the special women's and men's handicaps respectively.

High Amateur scores:

Women — Thelma Phillips 85-547

Men — Adrian Matthews 89-539

Junior — John deBruyn 56-252

High Handicap Scores:

For Field — Grace Harrison, 82-464-444, total 908.

Women — Hazel Wilson, 79-383-422, total 805.

Men — Bert Harrison, 82-430-435, total 865.

Junior — Jane Knowles, 37-133-600, total 733.

Bag and Clothing Taken From Auto

A hand bag containing \$5 in cash was stolen with some clothing on Monday evening from an automobile owned by Thomas Hill of Concord, Mass., while it was parked on Commonwealth ave., near Bourne st., Auburndale.

A window in the car had been broken by the thief.

The handbag and clothing were found the following day in a nearby field by Sergeant Andrew Moran and Patrolmen Dungan and John Donahue. The money and an auto license had been removed from the bag before it had been discarded.

An American Legion banner which had been reported as lost or stolen on July 14 at the Newton Centre playground has been recovered.

JOHN W. BLAKENEY

Funeral services for John W. Blakeney, 77, of 77 Court st., Newtonville, retired painting contractor, who died at his home Friday, were held Monday with a solemn high mass of requiem at the Church of Our Lady at 9 o'clock. Burial was in Calvary Cemetery, Waltham.

Mr. Blakeney was a native of Watertown. He was a member of the Massachusetts Catholic Order of Foresters and the New England Order of Protection.

He leaves his widow, the former Rose A. Lynch; three sons, Albert, John W. Jr., and William, all of Newton; and six daughters, Mrs. Mary Murphy, Mrs. Margaret Hurd, Mrs. Rose Foley, Miss Alice Blakeney, all of Newton; Mrs. Helen Ackroyd of Millis; Mrs. Marion Jones of Waltham, and one brother, Thomas R. Blakeney, of Watertown.

WILLIAM H. SCHMIDT

William H. Schmidt, son of Henry D. and Ann (Payson) Schmidt, and former Harvard Varsity track captain died on Wednesday, July 15, at the home of his parents, 37 Old Colony rd., Chestnut Hill, following a four months' illness. He was in his 28th year and had resided in Newton for 22 years.

He was a graduate of the Newton Country Day School and of Harvard College, class of 1937, where he was a class officer and a member of the Hasty Pudding-Institute of 1770, the Spee, Varsity and University Clubs. He had been employed by the Atlantic Coast Fisheries.

Funeral services were held on Friday morning from his home. A requiem high mass was celebrated at St. Ignatius Chapel, Boston College at 9:30. Burial was in Holyhood Cemetery.

THOMAS E. QUINN

Thomas E. Quinn, 27, a first class seaman of 61 Cherry st., West Newton, was accidentally drowned while on the fall from the catwalk of the Mystic Steamship Company's collier "Glen White" as he was boarding the ship at a dock in Everett on Tuesday morning.

He was born in Newton, the son of Maurice E. and the late Helen (Campbell) Quinn.

Surviving him are his father, two brothers, John J. and Maurice R. Quinn, and two sisters, Miss Helen M. and Miss Catherine Quinn, all of West Newton.

Funeral services were conducted this morning from his home. A solemn high mass of requiem was celebrated in St. Bernard's Church at 9 o'clock. Burial was in Calvary Cemetery, Waltham.

Newton Woman Runs for Congress

A Newton woman filed nomination papers at City Hall as a candidate for the Democratic nomination to succeed Congressman George Holden Tinkham in the 10th District shortly before the deadline for certification of signatures was reached Tuesday afternoon.

The Congressional candidate is Mrs. Helen B. Arata, 43 Austin st., Newtonville, a member of the Democratic City Committee. She is the wife of Joseph J. Arata, a carpenter employed by the Public Buildings Department. She will run against Charles H. Dillworth of Boston, who is also seeking the Democratic nomination.

Congressman Tinkham is not a candidate for re-election. The candidates for the Republican nomination are Christian A. Horter of Boston, speaker of the House of Representatives, and Matthew Luce, Jr., 11 Regent st., Brookline.

The 10th District, as revised by Congress, consists of Newton, Brookline and Boston Wards 4, 5, 6, 12, 19, 20 and 21.

A contest for the Republican nomination for state representatives from the Fourth Middlesex District was also assured Tuesday afternoon when John Finelli, lawyer, of 45 Ashmont ave., Nonantum, filed nomination papers for certification of signatures at City Hall.

Finelli will oppose Representative Loomis Patrick of West Newton, who is seeking re-election, and Alderman George E. Rawson, who is a candidate to succeed Representative Clarence C. Colby, now serving as city treasurer. Two representatives are to be elected from this district. There were no candidates from the Democratic nomination.

Finelli has practiced law for 21 years, and is a member of the state and Federal bars. He is a member of the advisory board of Local Selective Service Board 112, Post Warden of Post 8, Nonantum ARP, a member of the Republican City Committee, and has been active in Red Cross and Community Chest work. He was chairman of the committee that raised \$5,000 by popular subscription for the establishment of the Hawthorne playground nearly score of years ago. He is married and has two children.

The expiration of the time for filing signatures for certification revealed that the incumbents, Representatives Douglass B. Francis and Margaret L. Spee have unopposed for re-election in the Fifth Middlesex District. There were no other candidates for the Republican nominations and there were none for the Democratic nominations in the district.

The contest for the Republican nomination for the office of state senator from the Middlesex and Suffolk District, to succeed Senator Arthur W. Hollis, will be fought between Rupert C. Thompson, secretary of the Chamber of Commerce, Benjamin M. Bowen of West Newton, and Hans W. Lundstrom.

First Victory Garden Show On Sept. 28, 29, 30

"Big city" folks will have an opportunity to show their "country cousins" a thing or two this fall in Boston. Yes, sir, the many thousands of Greater Boston's new gardeners who eagerly responded to President Roosevelt's call for Victory Gardens this past spring will have an opportunity to display the results of their patriotic efforts at Boston's First Victory Garden Show at Horticultural Hall, September 28, 29 and 30.

War Stamps and Bonds will be given to the lucky prize winners. Everyone will have a chance to compete for the awards. Entries will be accepted from all garden classes—from the apartment resident who has grown but one lonely vegetable in his window box to the suburban resident who has grown every type of vegetable and flower listed in the catalogue. It is expected that thousands of Boston and Greater Boston residents will participate at the exhibition.

Mayor Tobin today pledged his full support to this "all out" effort to encourage greater interest in the growth of "food for victory."

He stated: "The people of Boston responded wholeheartedly to the call of our President to grow food for victory. The members of the Advertising Club of Boston, who in co-operation with the Massachusetts Horticultural Society are sponsoring the First Victory Garden Show at Horticultural Hall in September are to be congratulated on giving our citizens this excellent opportunity to display the fruits of their first Victory harvest."

President Ernest Hoftzy of The Advertising Club, sponsors of the exhibition, upon making the announcement, said: "Secretary Wickard has said: 'We must grow food to win the war'. Our people in Boston believed him and arose to the emergency valiantly and with great zeal and energy. Just how many Victory Gardens have been planted no one knows. It is evident here in Boston and the suburbs that many thousands of such gardens are now absorbing the heat and energy of a midsummer sun, building up the energy, nutrition and vitamins with which embattled American gardeners are helping to beat the Axis."

I am especially grateful for the privilege of writing again for my friends and neighbors in my own home town. It was the Newton Graphic which launched me on my modest career as a political columnist. That was about ten years ago. Some of my present readers may recall that my debut was very simple and unexpected. An ordinary "Letter to the Editor," dealing with an approaching city election, signed with my initials, P. W. C., created sufficient interest to warrant a series of similar letters in succeeding issues. Finally, I was asked to write a regular column under the heading "Politics with Color," a title concocted by the editor and your humble servant after great mental agitation. Both the title and the writer are still going strong.

Our Local Representatives

Until fairly recently it seemed as though there would be little or no excitement in connection with the Legislature. City Treasurer Clarence C. Colby, who had indicated to some of his friends that he might run again for his seat in the lower branch, decided to devote his entire time to his new office; whereupon Alderman George E. Rawson, one of the old veterans on the Board, announced his candidacy. However, it was not until John Finelli of Nonantum jumped into the fray at the eleventh hour that a contest on the north side of the city was assured. Finelli is well-known and has worked hard for many excellent causes. However, he is up against stern opposition and he will do well if he merely causes Messrs. Patrick and Rawson a few sleepless nights. Rep. Patrick is a strong vote-getter. I discovered that first-hand in 1940. Alderman Rawson has long been a top-flight leader of the G. O. P. in Newton and will take a lot of beating. Incidentally, it will be very interesting to compare the vote received by Rep. Patrick and the Newton Corner Alderman.

Turning now to the State Senate, we find a much more interesting situation. Here we think we detect symptoms of the old Weeks-Childs feud. I think we may safely assume that former Alderman Benjamin J. Bowen of West Newton is the champion of the so-called organization. Versatile Rupert C. Thompson, secretary of our local Chamber of Commerce, presumably represents the other wing of the local Republican party. Hans W. Lundstrom is, to the best of my knowledge, a lone wolf in politics and Thomas E. Morahan just naturally enjoys running for political office, even when he fails to make much headway. The real contest is, presumably, between Bowen and Thompson. What they have to work about is where the votes for Lundstrom and Morahan are coming from. My own guess is that they will hurt Thompson more than Bowen. As matters stand today, I like Bowen's chances against the field.

Watch for a grand scrap on the south side of the city in 1944. Rep. Margaret Spear may not choose to serve more than two terms, though she will doubtless be returned again if she really wants to stay. A number of gentlemen who were very close two years ago may decide to run two years hence. Furthermore, keep your eyes on Rep. Douglass B. Francis. For several years now there have been rumors that he was headed for either the State Senate or Congress.

Our Congressmen

I use the plural because our present Congressmen, Thomas H. Eliot of Cambridge, has been re-elected out of office. He is currently engaged in desperate battle with none other than King James, officially known as former Governor James M. Curley of Boston. There are, to be sure, more than a half dozen other candidates in the new Eleventh district. Two or three of these are good vote-getters, but they will hurt Curley more than Congressman Eliot. However, the wise boys in Boston

War Department Is Considering The Establishment of Small Army Unit At Norumbega For Skilled Mechanics

The Ordnance Division of the War Department has under consideration the establishment of a small Army unit of 128 skilled mechanics at Norumbega Park in Auburndale.

Under the tentative plan a shop would be located in a section of the car barn building, while the Normandie restaurant, which has not been open this summer, would be used as a mess hall and a section of the bathhouse would be converted into barracks. The Army trucks would be parked in a right of way adjacent to the

present parking space across the street from Norumbega.

Officers from the Ordnance Department who inspected the location a few days ago assured Thomas L. Gill, manager of Norumbega, that the Army activities would in no way interfere with the operation of the park as an amusement resort.

The park property which is owned by the Middlesex and Boston Street Railway is leased to Mr. Gill.

The Army officers did not indicate when a decision would be made on the matter of leasing the park property but the lease which would be for a five year period could be cancelled by the Army on 30 days' notice. It was intimated however that several other sites are also being considered.

Col. W. J. Clear Gets Distinguished Service Medal

Warren J. Clear, Lieutenant Colonel General Staff Corps, United States Army, has been awarded the Distinguished Service Medal. The citation reads as follows: "For exceptionally meritorious and distinguished service while on an intelligence mission for the United States Government in the Far East from July 1941 to April 1942. By his resourcefulness, exceptional ability and untiring zeal he rendered services of conspicuous worth to the Government."

Col. Clear was in the Philippines during the siege of Bataan and Corregidor. He is now stationed at San Francisco and is making his home at Monterey, California.

He is the son of Mr. James Clear of 15 Hovey st., Newton.

Newton Elks Sponsor Send-Off

At their meeting Thursday evening Newton Lodge of Elks voted to sponsor the send-off for the men from Local Board 112 who were called to active duty on Wednesday of this week. The lodge defense committee consisting of Capt. Nicholas Vedecko, chairman; William E. Earle, Harry McPhee, Dana Foley, Edward Foley, Francis Frazier and Oswald McCourt was in charge of the send-off and the distribution of the gift kits.

Letters from some of the men in the service who have received the gift kits were read at the meeting by Roy S. Edwards, chairman of the Citizens' Committee. A letter has also been received by the lodge from George M. Johnson, Jr., U. S. A., who is stationed at Scott Field, Illinois.

A eulogy was read by Secretary Thomas F. Coppinger on the late Richard Clark whose name is to be placed on the memorial tablet.

A report on the weekly socials was read by Esteemed Leading Knight Carl Eschelbach.

Word has been received that Paul Leahy, a member of the lodge who is in the U. S. Army, is ill at the Walter Reed Hospital in Washington, D. C.

A talk on the trip to the convention at Omaha was given by Exalted Ruler Matthew J. Hurley who will present a full report of the convention at the next meeting.

Chairman John Cullen was in charge of refreshments.

War Pictures Shown Kiwanians

Through the courtesy of Dr. F. H. Paul and Wilfred Chagnon, the members of the Newton Kiwanis Club were shown war pictures of the actual bombing of Pearl Harbor, released by the U. S. Navy; also Hitler's defeat in Moscow, and a battle in Norway.

There were twenty-four members present and three visitors. Arthur Williams was inducted into the Club as a new member. Also, he entertained the Club with a very fine solo.

President "Ed" Pease read a letter from Charlie Black, who has joined the Navy and is now in the Naval Officers' Training School.

At the meeting of the Directors last Tuesday a motion was passed to the effect that the Finance and Defense Committees are instructed to pay to the Newton Citizens Committee for the Newton Service men, the sum of Fifty dollars, at such a time as it is felt this donation could be best used.

In Hospital Unit For Active Duty

MISS PRISCILLA TRACY

Police Traffic Bureau Report Shows Marked Decline In Number of Highway Accidents

The report of the Newton Police Traffic Bureau for the month of June shows a decline of 33 1-3 per cent in the number of highway accidents from the corresponding month in 1941, when there were 27 accidents as compared with 18 in June of this year. The number of passengers injured dropped from 22 in June of 1941 to 5 last month and the number of operators injured dropped from 19 to 2.

Accidents to pedestrians and bicycle riders, however, increased; seven pedestrians having been injured this past month and only one in the corresponding month last year. Accidents to bicycle riders who were in collision with autos numbered seven as compared with three in June of last year.

There was also a decrease in the number of motorists booked for offenses during June, there being 987 as compared with 1,697 the previous month.

BIG MEN! LARGE LADIES!

The Thrift Center has had calls from several Newton charities for larger-size suits and dresses. Here is a chance to do immediate good with that garment you weren't sure you'd ever wear again.

Also there is need for all sizes of sheets and pillowcases.

Family Saved From Fumes

John Russo of 14 Cottage place, West Newton, his wife and 8 children were driven from their home early Sunday morning by escaping fumes from an electric refrigerator. Awakened by the fumes at 4 a. m. Russo disconnected the refrigerator from the current and awakened the rest of the family. The fire department was summoned by telephone at 4:12 a. m. They carried the refrigerator out of the house and opened the windows. After it was thoroughly aired out the family were able to return to the house.

At 12:19 p. m. on Saturday the fire department was called for a fire in the cellar of a house at 109 Pearl st., Newton, and at 1:16 there was a fire in an automobile opposite, 31 Lincoln st., Newton Highlands.

At 2:01 a. m. on Sunday morning a false alarm was sounded from Box 3121 located at Elm and Webster sts., West Newton.

3 Year Old Boy Is Hit By Team

While riding on his tricycle Lester Elkins, 3 year old of 23 Falmouth rd., West Newton, was struck by a milk team at Berkshire and Falmouth rd. near the Newton-Waltham line. He was taken to the Newton Hospital where he was treated for a possible fracture of the skull.

Thirty-One Members Of Third Red Cross Gray Lady Unit Graduate

With simple but impressive exercises, thirty-one members of the third Red Cross Gray Lady Unit of the Newton Hospital received their certificates of graduation on Monday afternoon, July 27, at four o'clock.

Mrs. William L. Young, chairman of the Volunteer Special Services of the Newton Chapter of Red Cross, presided and the invocation was pronounced by the Rev. Hamilton Gifford of Newton. The class was addressed by C. R. Cabot, chairman of the Newton Chapter of the Red Cross, and by Miss Ruth Tarrant, Assistant Administrator of the Volunteer Special Services for the North Atlantic Area of the American Red Cross. Mrs. Edward Dillard, chairman of the Volunteer Special Services of the Wellesley Chapter, then presented the class and the certificates were awarded by Miss Mahon McKee, Director of Nursing at the Newton Hospital.

The third unit of the Newton Hospital Gray Lady Corps is composed of both Newton and Wellesley Red Cross members. Mrs. E. D. Warner is chairman of the Newton corps, and Mrs. George Prather is chairman of the Wellesley group. Those who graduated were Mrs. Bertha Bart-

lett, Mrs. Arabelle Berquist, Mrs. Jean Blake, Mrs. Orta Blake, Mrs. Ellen Brown, Mrs. Muriel Burnett, Mrs. Martha Burney, Mrs. John Byrne, Mrs. Gladys Eaton, Mrs. Marianne Frangoulis, Mrs. May Galloway, Mrs. Frances Garland, Mrs. Marion Giltner, Mrs. Ruth Grant, Mrs. Cora Hiltabrand, Mrs. Eileen MacKellar, Mrs. Hazel Macomber, Mrs. Stephanie Marryott, Mrs. Lydia Nuphanie, Mrs. Alice Osgood, Mrs. Helen Page, Mrs. Doris Perry, Mrs. Marion Prather, Mrs. Annetta Seymour, Mrs. Helen Smith, Mrs. Florence Stevens, Mrs. Esta Summer, Mrs. Elizabeth Thorup, Mrs. Rita Toebes, Mrs. Mamie Wisner and Mrs. Dorothy Wright.

Ten Newton Men Join U. S. Navy

Enlistments in the U. S. Navy during the past week included ten Newton men to whom the oath was administered by Lieut. George M. Powers, Jr., officer in charge of the Boston Recruiting district.

The men included David Francis Cormier, 232 Watertown st.; Robert Seaverns Burkhardt, 81 Church st.; William Waters Scannell, 81 Elmhurst rd.; William Harty Gallant, 31 Charlemont st.; Highlanders Charles Randolph Bennett, 57 Morton st.; Henry Chase Hopewell, Jr., 315 Waverley ave.; and Ferdinand Santucci, 418 Langley rd., Newton Centre. Three Auburndale residents, Henry Alfred Cole, 29 Gambier st., Clayton Harp, Foster, 86 Elmwood st., and Joseph Linwood Badger, Jr., 24 Groveland st., were in the group.

Good ratings are still open in all branches of the Navy and Naval Reserve for men between 17 and 30 who can pass the physical examination. Applications may be filed and the prospects of Naval service or a career discussed with the staff at the Navy Recruiting Station at Waltham City Hall each day from 8:30 to five o'clock or on Monday or Wednesday evenings until nine o'clock.

Salvage units of the Navy have a number of openings at the present time for carpenters, motor machinists, boiler makers, and metal smiths. Younger men with little or no trade experience are offered the opportunity of selecting one of 49 different trades in which they may receive instruction upon completion of their recruit training.

The decrease in accidents and prosecutions can be attributed to the rationing of gasoline which has caused a sharp decline in the volume of motor traffic.

Dickerman Named To Ration Board

Robert E. Dickerman has been appointed by Mayor Paul M. Goddard as a member of the War Price and Rationing Board to fill the place vacated by N. McGill, who has resigned because of the pressure of his business affairs.

Mr. Dickerman was sworn in on Wednesday of last week when the appointment was approved by State Administrator Henry Parkman, Jr. He is also a member of the Newton Board of Public Welfare. As there is no salary attached to either office, he can legally hold membership on both boards.

Several Thefts Are Reported

A report was made to the Newton police on Saturday of the theft of a portable typewriter from the Almeta Sclerizing Studio, 392 Centre st., Newton.

Henry Marcell of 205 Lexington st. reported to the police that a gasoline ration book and flashlight had been stolen from his car while it was parked at Beacon st. and Hammond Pond Parkway on Sunday.

Also, the property of Ann McDonald of 212 Robbins st., Waltham, and Betty Marchand of Tolman st., West Newton, were reported stolen from the Riverside Recreation Grounds on Saturday.

Riverside Day Camp Attended By 130 Girls

The Riverside Day Camp which has been held three days a week during the month of July has been attended by 130 girls. The camp which is open to all Brownies and Girl Scouts of Newton, is conducted by a director, assistant director, and 16 regular councillors and others who assist when called. The activities of the camp include swimming, archery, tennis, badminton, and arts and crafts.

Demonstration By Auxiliary Fire Dept. Witnessed By Mayor Goddard and Officials

Newton Fire Department Officials Conduct Test With Local Civilian Defense Officials At Needham

At the City water reservation in Needham on last Sunday afternoon Mayor Paul M. Goddard, members of the Newton Board of Aldermen and other city officials attended a demonstration given by the Newton Auxiliary Fire Department.

The four trailer pumps manned by 135 members of the force and the 500 gallon Ford pump were set up on the reservation near one of the filter bowls of the water department from which the water for the test was drawn. Ten lines of 2 1/2" hose augmented by two lines formed by "Y" connections were laid, two of the lines being fed by a so-called "Baker Gun," and streams of water were shot high into the air.

A demonstration was also given of a "Besnan cellar distributor" which is used when smoke from a cellar fire is so dense that firemen are unable to enter.

Lieut. Charles Kramp, supervisor of motor vehicles of the Newton Fire Department, explained the operation of the pumps to the spectators.

The test was conducted under the direction of Fire Chief Clarence W. Randlett, Captain John

Keating, drill master of the auxiliary force; Lieut. Charles Kramp, supervisor of motor vehicles of the Fire Department and pump operation instructor for the auxiliary force; Douglass B. Francis, commissioner of the police and fire auxiliary departments, and acting Deputy Chief Thomas A. Enegess of the Fire Department.

The work of the auxiliary firemen was directed by Arnold C. Barker, chief of the auxiliary force, and Deputy Chiefs Dwight Colburn and Truman Brackett.

Two Red Cross ambulance units under the direction of Ralph Emery and Frank J. Perry, Jr., were present for service in the event of an emergency.

John M. Bierer, chairman of the Newton Committee on Public Safety; William V. M. Fawcett, chief air raid warden; Alexander Standish, former deputy air raid warden, who is now with the U. S. Navy; and Howard Rich, executive secretary of the civilian defense organization, were among the spectators.

Mayor Paul M. Goddard gave a brief talk expressing gratification at the work of the Auxiliary Fire Department.

Messages May Be Sent Abroad By Newton Red Cross

"A letter from home" to many people in the war-torn countries of Europe today is something that never comes. A "message" from home, however, may be sent to them, and replies made by them to relatives in this country, it was announced by Miss Esther Walker, Executive Secretary of the Home Service Committee of the Newton Red Cross. This is made possible by the International Red Cross Committee in Geneva, working in close cooperation with our national and local Red Cross organizations.

The work is handled in the Newton Chapter by the Home Service worker, Mrs. C. W. Clark, and her corps of volunteer aides. Forms are available on which personal messages of not more than 25 words may be sent and delivered to relatives and friends. Messages are coming daily from Norway, Germany and Italy for family and friends in Newton. Through the Home Service office, replies are returned carrying with them the latest news from the folks at home here in our own community.

Relatives and friends to whom Newton Red Cross workers are bringing messages say they can never adequately thank those responsible for the execution of this plan.

These are major appointments, and will claim the greater part of Mr. Lovell's time, half of which already is being spent in Washington. They will interfere with vacationing as usual at the Cape, devotion to which locality has earned for "Stan" Lovell the designation among his associates as the "Cape Cod Yankee."

Lovell has been an active practicing technician in shoe fabricating processes, and holds a number of important patents in this line. He also created a plastic form, widely used by the Singer Sewing Machine Co. in fitting out evening clothes and dresses for "mild" day. This has quite generally replaced the old mold forms.

2000 Plates Are Issued Here To Bicyclists

The voluntary system of registration of bicycles in Newton which went into effect on April 3, 1941, has ended temporarily. During that time 2,000 registration plates have been issued by the Newton police traffic bureau. These plates were furnished by the Newton Safety Council which was reimbursed for the expense through the fees collected.

The adoption of a permanent compulsory system of bicycle registration was deferred by city officials because the voluntary system was in effect. Because of the increase in the use of bicycles uniform bicycle registration may be established throughout the state.

Newtonville Man Appointed As Technical Aide

Stanley P. Lovell of 65 Prospect park, Newtonville, vice-president of Beckwith Manufacturing Co. of Dover, N. H., and president of Arden-Rayshine Co. of Watertown, Mass., which are among the major interests in the manufacture of box totes and shoe counters, has received an appointment as technical aide to the National Defense Research Committee of the Office of Scientific Research and Development. This is a committee organized by President Roosevelt to develop new scientific materials for the war effort.

Also Mr. Lovell has been appointed to the advisory board by the Quartermaster General and will act as liaison officer between the National Defense Research Committee and the office of the Quartermaster General.

These are major appointments, and will claim the greater part of Mr. Lovell's time, half of which already is being spent in Washington. They will interfere with vacationing as usual at the Cape, devotion to which locality has earned for "Stan" Lovell the designation among his associates as the "Cape Cod Yankee."

Mitten Party Held Tuesday

A mitten party was held on Tuesday afternoon on the lawn of the home of Mrs. Sarah Stevens, president of the Women's Christian Temperance Union, 1190 Boylston st., Newton Upper Falls. As their donation toward war work for the Massachusetts Federation of Women's Clubs of which the W. C. T. U. is a branch, the members sewed on heavy mittens with interlinings to be used by the men who have to handle barbed wires. Several hundred of these mittens have been made by the Federation.

Soldier Saved From Fumes

Private Thomas J. Farrington, 23, of 46 Webster st., West Newton, was rescued by Patrolman Charles Lynch and Edward Bagley, when he was overcome by smoke in an automobile which had caught fire at Putnam and Washington sts., West Newton, on Friday night. He was taken to the Newton Hospital in the police ambulance.

The fire department was called and quickly checked the blaze which had started while the car was parked.

Real Estate News

R. M. Patterson reports an Auburndale sale for Laura E. Hastings of Framingham Centre. The property involved consists of 6720 square feet of land, a frame one family dwelling, and a garage numbered 48 Woodbine st. Tax assessors value the parcel at \$4100, \$1100 of which is on the land. John H. Gordon & Son represented the buyer Frederick Joyce who will occupy after extensive renovation.

Loveliest Garden

Galsworthy said that the loveliest garden in the world is the Magnolia Gardens on the Ashley river, 12 miles from Charleston, S. C. They were laid out early in the Nineteenth century by the Rev. John Grimké Drayton, who brought the first azalea indica plants from the orient. Now there are millions of azalea blossoms, camellias, wisteria, roses, magnolia grandiflora, live oaks with Spanish moss and pools, artistically arranged to bring out the beauties of the gardening. Galsworthy said: "Nothing so free and gracious, so lovely and wistful, nothing so richly colored yet so ghostlike exists, planted by the sons of men. Beyond anything I have ever seen, it is other-worldly. To this day I have seen no garden so beautiful as Magnolia Gardens."

'Knocked Into Cocked Hat'

They say "Knocked into a cocked hat" because the old-fashioned three-cornered hat that turned up on one side and sat jauntily on the head could be crushed and carried under the arm without damage to its shape. It generally is supposed that the slang phrase arose in the boxing ring where the knocked-out antagonist was derisively compared to the doubled-up hat—physically and figuratively.

Real Podunk

Podunk, the town name that perhaps is mentioned most frequently in the gags of comedians, is no myth. It really exists. Legally it isn't a town. It is, however, a community three miles long and two miles wide in a corner of Brookfield, Mass., and its 100 families bubble with community spirit. There is a Podunk road, an old Podunk school (now closed), and a chapel where the citizens meet for social activities. Their children attend school in neighboring communities.

A WEEK OF WAR

The U. S. overall output of planes, tanks, ships, guns and ammunition during June was nearly three times that of last November, the month before Pearl Harbor, War Production Chairman Nelson reported. Mr. Nelson stated, however, "too much boasting about production progress is altogether premature—the biggest part of the job is still ahead." Any letup now, he said, "would mean years more of war and hundreds of thousands more lives."

Chairman Nelson, as an index of the nation's productive effort, estimated that approximately 36 per cent of the U. S. record breaking income during the first six months of this year went into military channels. This compares, he said, to the 50 to 75 per cent of total income being spent by Great Britain and Germany.

The War Production Board announced it will concentrate production of civilian goods in certain plants and regions as much as possible. The Board said, as a general rule, small plants will be kept in civilian production and large plants will be required to suspend civilian production. Civilian production will be restricted or suspended in regions where labor is urgently needed in war plants or where power shortages are likely to occur.

Rationing
Price Administrator Henderson reported gasoline coupon counterfeits had been peddling bogus ration books in the East and stated that "saboteurs attacking our war program" will be prosecuted promptly and vigorously. All persons found to be in possession of the counterfeit books, he said, are liable to have their regularly issued ration books either revoked or withheld. Because of delays in obtaining gasoline rationing coupon books, the OPA said service stations may sell gasoline on a "coupon credit" basis until midnight July 31.

An increased tire and tube quotas for August and September quotas will be made available for rationing in August as compared with 45,000 in July. The Office said only trucks engaged in services essential to the war effort will be entitled to rationing of new tires after July 28 under a drastic revision of the tire rationing regulations. The OPA published names and addresses of field representatives who may be called upon by tire dealers, recappers, truck operators and other users of tires for aid in solving problems arising under the rationing regulations.

Maximum Prices and Rents

Price Administrator Henderson reported "Government controls of prices and rents, where they are in effect, are doing a good job of controlling down prices, but uncontrolled food prices are showing a definite inflationary tendency." He said "the total cost of food to city families advanced by 1.3 per cent between May 15 and June 15, continuing the steady upward trend of the previous 14 months and offsetting the benefits of price control on all foodstuffs covered by the general regulation."

Mr. Henderson said housewives and other members of the buying public will acquire the legal right beginning July 31 to bring civil suits for damages against any storekeeper who charges more than OPA regulations permit. The \$50 in damages plus attorney's fees or triple the amount of overcharge plus attorney's fees, whichever is larger. Similar suits may be filed in defense rental areas against landlords who collected more than the permitted OPA orders. The Office reported it has designated 370 areas as defense rental areas and by August 1 rent regulations will become effective in 94 of these areas.

Gold, Platinum Formed From Mercury Experiment

Gold and platinum have been formed from mercury by bombardment of the liquid metal with high-speed neutrons in experiments at Harvard university by Dr. R. Sherr and Dr. K. T. Bainbridge. Ten different isotopes of the three metals were found after the bombardment. There were three kinds of gold, four kinds of platinum and the remainder were of mercury.

One kind of gold isotope was half gone in 48 minutes, the second kind had a half-life of 65 hours and the third isotope 78 hours. The synthetic platinum also had brief half-life spans, 27 minutes, 85 minutes, 19 hours and two days. All of the isotopes were radio-active and broke down to other more stable forms of the same elements. The rate at which this happens is indicated by the half-life, which means that in the given period half of the material has broken down, and in a similar period half of the rest will do likewise, in a continuing process.

Gold, platinum and mercury differ but slightly in atomic weight. By shooting extra neutrons into the nucleus of the mercury atom, its atomic weight can be raised, but this also can result in other particles being forced out of the nucleus.

Serpent Sacred Protector

The Egyptians long venerated the serpent as the sacred protector of the home. The snake, the scorpion and the centipede were regarded as the incarnation of certain diseases, but once they had been rendered impotent by divine intervention they were employed on amulets and charms as preventives of the very diseases they represented—and all other forms of evil also.

A sort of ancient variant of the hair of the dog being good for its bite, as it were.

The raven, or crow, tearing at the eye with its beak, together with the panther and dog about to pounce upon it, were held by the ancients to possess strong protective powers. The dog in particular, as it was the favorite animal of the goddess Hekate, patroness of sorcery and magic.

which will eliminate the whole trouble," Mr. Stimson said. Director Hobby of the Women's Army Auxiliary Corps said 20 companies of 150 women each will be trained by the end of this year and 25,000 women will be trained by April, 1943.

Taxation and Profits

The House passed and sent to the Senate the War revenue Bill, estimated to yield about \$6,300 million, providing a 45 per cent normal and surtax income rate on corporations and a 90 per cent excess profits tax. Treasury Secretary Morgenthau, however, said a tax program of less than \$8,700 million of additional revenue would be inadequate. He recommended removal of the "special privileges": tax exemption for State and municipal securities, exemption from taxation of 27½ per cent of income from oil wells and mines, and separate income tax returns by married couples.

The House Naval Affairs Committee, after investigating 40,000 contracts, said "95 per cent of the war contractors are doing an honest and effective job and receiving only fair and reasonable profits, the average being 8 per cent."

Scrap Salvage Campaigns

President Roosevelt reported the recent scrap rubber collection drive produced 64,000 tons to the Government's stockpile—exclusive of rubber in small piles still at service stations and junk dealers. WPB Chairman Nelson asked State and local governments to lend their trucks and workers to local salvage committees to help transport scrap material collections before winter sets in. To keep steel furnaces going at full capacity, more than 750,000 freight cars will be required to carry scrap iron and steel, most of which must be moved by trucks to rail points.

The WPB extended the tin can salvage program to 104 cities in addition to 36 metropolitan areas previously announced, because determining plant capacity requirements have been increased from 250,000 to 400,000 tons. The Board said the Government will acquire scrap metal from junk dealers all useless automobiles—those that cannot be repaired on a practical basis—to maintain the present peak movement of automobile scrap to mills. On the basis of a questionnaire to 350 firms, the Board estimated 100 million pounds of essential chemicals could be realized in the next 18 months if manufacturers of war equipment began now to recover wasted spray paints.

Accused Of Tire Thefts Here

Accused of having stolen two truck tires and wheels so that he might rent his own truck to a contractor on a government project, John R. Signore, 28, of 1175 Walnut st., Newton Highlands, was arrested Tuesday afternoon and arraigned in the Newton District Court on a charge of larceny.

The defendant pleaded not guilty and was held in \$500 bail by Judge Donald E. Mayberry. The case was continued to Aug. 4. Signore was arrested by Inspector Joseph B. Lyons yesterday at the site of the construction of an Army Camp in Taunton. The police allege that the stolen tires and wheels were found on his truck. Officials stated that the contractor on the job was hiring trucks, but required that the trucks be equipped with good tires. The defendant had also obtained a job as operator of another truck, the police learned.

According to the police, the tires and wheels were stolen July 21 from the Community Gasoline Station at 79 Needham st., Newton Highlands.

Needham police, investigating the theft of tires in that town, also questioned the defendant.

Housewives of Massachusetts!

Here are a few of the reasons why your army has asked you to save your kitchen fats and greases and turn them in to your meat market man.

The Army uses your kitchen fats to manufacture the following implements of war: munitions of all kinds, signal rockets, the recoil mechanisms, demolition charges, propellants and gun powder.

In other words, no matter what branch of the service your son or your neighbor's son is serving, he wants and needs the explosives which will come from the kitchen fats you save and sell to your meat market man.

No Dummy Oil Well

People who never saw a real oil well on a downtown street may be skeptical of this story, but east Texans will not be surprised.

There is one oil well in front of a tire company and others behind the building, all operated from a central pumping station. Many persons believed that the well in front of the building was an advertisement for the gasoline station.

Such persons were surprised recently when the well "blew out" its packing and ran wild for several minutes. Oil blew across the top of the building and covered two parked automobiles. Fire trucks rushed to the scene, because a careless smoker could have started a disastrous fire.

But the well was closed in, and the uninformed thought that the oil well was real and not a dummy.

Rotary Club

Last Monday Mr. Alan Doane, New England Manager of The Shell Oil Company, presented a film, "Oil From Aladdin's Lamp," dealing with the experimental end of Shell's business and the many uses of oil. Mr. Harold Tilden of the Asphalt Department of Shell Oil operated the projector. After the showing of the picture Mr. Doane answered questions of the members dealing with the present oil and gasoline situation.

Next Monday the speaker will be ex-past Governor Harry Starr, Waltham. Harry spoke to the Brookline Rotary Club last week and told an interesting story of the coming of the Rotary Convention at Toronto. When Mattie was inducted as President, there was not sufficient time to give the members a detailed story of the high spots of the Convention, particularly the various subjects were discussed. Harry will bring us up to date on what Rotary, from a world standpoint, is doing in this crisis.

Bus Driver Is Fined \$20

The driver of a bus on the Worcester turnpike was fined \$20 in the Newton District Court Wednesday by Judge Donald E. Mayberry on a charge of violating Governor's Proclamation prohibiting speed in excess of 40 miles an hour.

The defendant, Donald W. Cook, 73 Westfield ave., Boston, pleaded not guilty and was represented by counsel.

The complainant, Motorcycle Officer Raymond A. Sullivan, testified that he paced the bus on the turnpike from Woodcliff rd., Newton Highlands, to Hammond st., Chestnut Hill, on July 23, and that the speed of the bus reached 50 miles an hour.

The officer also stated that at the time he halted the bus the driver engaged in an argument with him "in front of a busload of passengers."

The defendant denied that he operated the bus at excessive speed but admitted that at one point on a hill he was forced to drive "40 to 45."

MUNICIPAL "BUY COAL NOW" HONOR ROLL

"Has your city obtained enough coal to meet next winter's needs?" That question was asked today by Luther Harr, Bituminous Coal Consumers' Council as he made public a list of 24 cities which have already bought, or contracted for delivery of, enough coal to protect their schools, hospitals, prisons, public institutions and other buildings against possible heating fuel shortages next winter.

The "BUY NOW Honor Roll" is being compiled on the basis of reports reaching Consumers' Council from the Mayors of all cities of more than 50,000 population excluding those in the heart of coal producing regions and those which do not burn coal.

Letters were sent out asking the Mayors to make certain that their municipalities were adequately protected against possible fuel shortages next winter and asking them to remind their citizens again of the imperative necessity of getting next winter's coal in now.

"Replies are most encouraging," Harr said. "First replies indicate an awareness among municipal officials of the gravity of the fuel situation. They have cooperated splendidly in passing the warning along to their people."

"I urge all citizens to check up, first on their own coal bins, and second on their local government to make certain that their public officials have acted to protect the workers, school children, hospital patients, prison and institution inmates in the various public buildings of the country."

"Is your city on this Honor Roll? If not, urge the responsible officials to put it on."

As additional reports are received the names of the cities will be made public, Harr said. The original list follows:

Bay City, Mich.
Baltimore, Md.
Binghamton, N. Y.
Canton, O.
Charleston, S. C.
Chattanooga, Tenn.
Elmira, N. Y.
Lawrence, Kan.
Madison, Wis.
Milwaukee, Wis.
Mt. Vernon, N. Y.
New York, N. Y.
Norfolk, Va.
Paterson, N. J.
Reading, Pa.
Roanoke, Va.
St. Paul, Minn.
Schenectady, N. Y.
Slough City, Iowa
South Bend, Ind.
Syracuse, N. Y.
Waterbury, Conn.
Worcester, Mass.

Height Puzzle

Why children between the ages of 9 and 14 are almost five inches taller than children of the same age a half century ago is still a puzzle to the Iowa Child Welfare station.

Prof. Howard V. Meredith conducted a recent study concerning the increase in height and weight of children in the last two decades. He pointed out that there is about three-fourths of an inch difference in the average height of the children measured and studied during the years 1930 to 1937 over those youngsters studied and measured during the years 1920 to 1927. The average weight increased about three pounds in the last period of years.

The Iowa psychologist said that the reasons for the increase in height and weight are still a matter of speculation and inference, as well as being "a research frontier."

Annual Camp Day Circus On Saturday

The annual Camp Day Circus will be held Saturday afternoon on the Camp ballfield with the traditional program of pageantry, gymnastics, sideshow, clowns and Chamber of Horrors. A parade led by the Camp band under the direction of Mr. Vincent Marotto and followed by the animal collection of Professor Daye will precede the many performers as they wind their way to the main ring. Robert Seaward, serving as Ringmaster, will introduce the acts as they take their place before the spectators.

The committee of counselors who were responsible for the organization of the many functions of the Day were:

Band—Vincent Marotto, Sheldon Jenkins, Howard Abbott.

Bank—Sheldon Jenkins, Eliot Hall.

Animals—Sydney Roberts, Fred L. Daye, Robert Black, Arthur Kolsti.

Publicity, Eliot Hall, Don Keith.

Side Show—Len Morrissey, Jack Rickard, Robert Harrington, Sydney Greeley.

Chamber of Horrors—Holly Hollister, David Lyons, Harry Greenwood.

Clowns—Jim Newell, Ted Guild, Jim MacKenzie.

Pyramids—Bob Venne, Ray Fagan, Frank Hickey.

Tumbling—Jim Newell, Ed Sullivan.

Pageant—Dick Gleason, Arthur Barnard.

Concessions—Phil Johnson, Donald Barr.

Store and Sales—David Haseltine, Ed Sullivan, David Guild.

First Canoe Regatta Successful

Saturday afternoon the first Canoe Regatta of the season was successfully held with more than one-half of the campers entered. Paul Bellefontaine and Anthony James of the Seniors, E. Holbrook Cook of the Juniors, Dick Ierardi and Earl McGillivray of the Middlets led their respective divisions in points scored. The Yankees led the Tigers in the Senior Camp, the Dodgers paraded over the Giants and Cardinals in the Junior division, and Virginia tied Middlebury in the Middlet camp for team honors.

Summary:

Seniors—Singles: 1, Hansen; 2, Doug Burns; 3, Keith. Doubles: 1, Bellefontaine-James; 2, Walton-Miller; 3, Kepner-Turner. Gunwhales: 1, Doug Burns; 2, Humphrey; 3, Crosby. Camp Day News

Anthony James topped the Senior League scoring in the first of the three seasonal swimming meets held on last Monday but was pressed closely by Traf Walton and Ed Walton. Win Cobb edged Peter Enroth and Clifford Lindholm for honors in the Junior Camp, while John Wighton took the greater number of points in the Middlet Camp. In team scoring the Yankees triumphed over the Tigers in the Senior Camp; the Dodgers over the Giants and Cardinals in the Junior division; and Virginia over Middlebury in the Middlet Camp.

Summary:

Seniors—Dash: 1, Walton; 2, Walton; 3, Rudy. Distance Swim: 1, Linscott; 2, White; 3, Abells. Backstroke: 1, Walton; 2, Walton; 3, Ulin. Breaststroke: 1, James; 2, L. Smith; 3, Keegan. Underwater: 1, James; 2, James; 3, Pardy. Dive: 1, Keegan; 2, Watten; 3, Bowen.

Juniors—Dash: 1, Enroth; 2, Gay; 3, R. Robinson. Distance Swim: 1, J. Ierardi; 2, Tie, Lindholm-Millard. Backstroke: 1, E. Carlson; 2, Miller; 3, C. Cobb. Breaststroke: 1, W. Cobb; 2, Greeley; 3, Price. Underwater Swim: 1, Lindholm; 2, R. Newman; 3, Cook. Dives: 1, Cook; 2, W. Cobb; 3, R. Newman.

Middlets—Dash: 1, Wighton; 2, Tie, Vangel-A. Lindholm. Paddle: 1, J. Ierardi; 2, McGillivray; 3, Burt. Footrace: 1, Green; 2, C. Terkelson; 3, Sinesi. Dives: Triple tie, Wighton, Burt and Read.

Sunday night was known as "English Night" in Camp, and a splendid program was enjoyed by the boys listening to the experience of three boys from England who are guests of the Camp. Introduced by Mr. Thomas O'Donnell, Assistant Director, Anthony James spoke first and humorously told of dodging into air raid shelters, watching bombs drop, and then contrasted school in England to that in the United States.

Jeremy Thorpe and Michael Johns viewed the attacks from a different point of view, but verified the story of James in that respect. Lights horror. Burning buildings on the Thames seen from thirty miles away have some beauty to contemplate, even though the damage is stupendous. Thorpe told of witnessing the coronation parade, and of his father's friendship with George V. Starting to the boys was the statement of young Michael that he was studying French and Latin in the fifth grade in England.

The first six boat race was conducted by the members of the advanced sailing class on last Sunday over a triangular course laid out by Arthur Barnard of the Sailing Committee. Handicaps were provided by Barnard for all boats.

May Enlist In Navy If Done Before Induction

Men of Selective Service age who are expecting to be inducted into the Army within the next few months but who prefer service with the U. S. Naval forces should call at the Navy Recruiting Station at Waltham City Hall at their earliest opportunity, according to a statement issued today by Chief Machinist's Mate Leonard A. Weber, recruiter in charge of the local district.

Although men may volunteer for the Navy or Naval Reserve up to the day of induction into the Army, Chief Weber advises them to have an interview, file an application, and take the physical examination before it is too late.

In the past few weeks, there have been several cases involving local men who were unacceptable to the Navy doctors until minor physical deficiencies had been corrected but who had not allowed themselves sufficient time to have these defects remedied before they were required to report for induction into the Army. Dental cavities and the necessity for replacing one or more teeth have been one of the principal barriers to men who have waited until a few days before induction to apply for Naval service.

Men who are found acceptable to the Navy are under no obligation to enlist, even though they have passed the physical examination and have been interviewed for a rating. If they are accepted for enlistment, applicants may select the date most convenient for themselves to be sworn in.

Complete information may be obtained from the recruiting staff at Waltham City Hall each day from 8:30 to five o'clock on Monday or Wednesday evenings until nine o'clock.

Hodgkins, Jr., Rescues Four From Water

Edward Marshall Hodgkins, Jr., 17, a student at Hebron Academy, son of Dr. and Mrs. Edward M. Hodgkins of 63 Pickwick rd., West Newton, rescued four persons from the water at Humarock Beach on Thursday of last week when they were caught by the heavy undertow while in bathing.

By launching a dory and maneuvering it so Gino Barlotta, a 12-year-old boy, could seize the stern, he brought the boy to the shore where a huge wave engulfed the boat but the boy was aided ashore by persons nearby. He then rescued Patricia Thompson, 16, of 46 Braeland ave., Newton Centre, swimming 150 yards to her side, and diving to the surf again, aided by Aaron Melcher, brought Daniel Donovan of 95 Wheatland st., Dorchester, ashore, and while others worked over Donovan in an attempt to survive him, young Hodgkins swam out again and rescued Miss Phyllis Bowles, 19, of Marshfield.

Daniel P. Donovan, 33, died after he had been brought ashore by Hodgkins. He had been spending a few days at the beach before reporting for active duty with the U. S. Navy.

In all eight persons were rescued at Humarock on Thursday. Lyle Wheelock, 42, also of Dorchester, was rescued but failed to recover.

New Machine Does Away With Tippy Driver Alibi

The automatic alcoholometer, a panzer policeman invented by two Yale scientists to trap drunken drivers who have gazed too long upon the wine when it is red, was recently accepted formally by the state police of Connecticut.

"This machine will do away with the old 'two beer' alibi of tippy motorists," confidently crowed Edward J. Hickey, commissioner of state police, hailing the latest victory of machine over man, as Dr. Leon A. Greenberg, assistant professor of applied psychology, and Dr. Frederic Keator, assistant professor in the department of mechanical engineering at Yale university, proudly put their mechanized Anthony Comstock through its paces.

The alcoholometer does scientifically what wives have been doing instinctively for centuries: Determines the alcoholic content of old Adam after one good whiff of his breath. The driver who has been picked up for weaving his way in and out of Sunday traffic like a maypole dancer or for wrapping his jayloped around a telegraph pole breathes for 10 or 12 seconds into a rubber tube connected with the machine.

At the end of eight minutes, by means of an electric eye, a light beam and a test tube filled with a clear solution of starch and potassium iodine, a gadget like a gasoline gauge on an automobile dashboard will quickly tell the judge and jury whether the accused is as innocent as the driven snail, harmlessly squiffed or really cooked.

Police Bring Boy Back Charged With Break Here

Sergeants Richard L. Bannon and Patrick J. King of the Newton police brought back from Portland, Me., on Monday a 15-year-old boy who on July 3 had broken into the home of Robert Estabrook at 97 Shorncliffe rd., Newton, and on being discovered by the caretaker told him he had entered the house to get out of the rain. The caretaker had taken the boy's name and address and then let him go, but it was afterward discovered that he had gained entrance to the house by breaking glass in a window of the laundry and had also given a fictitious name.

Several weeks ago the boy had been sentenced to the Lyman School from which he escaped after taking \$25 from the room of the superintendent. Following the break in Newton he had hitchhiked to New Harbor, Me., where he entered five homes, obtaining a total of \$195 until captured by the police and was sentenced to the State School for Boys at South Portland, Me

Home Nursing Instructor Of Red Cross Back

Mrs. Edwin A. Meserve, Home Nursing Instructor, has just returned from Fitchburg where she attended the Institute for Red Cross Home Nursing Instructors, representing the Newton Chapter. Twenty qualified nurses from as many cities and towns in Massachusetts met at the Fitchburg State Teachers College where lectures were given by well-known figures in the field of nursing and education.

Because of the increasing needs of graduate registered nurses for the care of the men in the armed service of the country, the Red Cross has embarked upon a program to have, in every home, at least one person with knowledge of home care of the sick. Mrs. Meserve reports that nurses in public health work, schools, hospitals and in home nursing were all urged to study principles of instruction so that they may assist in training women in the fundamentals of practical home nursing. Mrs. C. J. A. Wilson, chairman of the Newton Red Cross Home Nursing Committee, says that an active program of classes is being prepared for the fall. When definite schedules are completed, it is planned to announce them in this paper. Enrollments can be made for the classes at that time.

Several Fined On Auto Charges

Carlo M. Marotto, of Boston, was fined \$20 in the Newton District Court on Thursday morning by Judge Donald E. Mayberry, for exceeding the speed limit of 40 miles per hour. Marotto was the driver of a truck paced by Officer Raymond Sullivan on the Worcester Turnpike on July 6, which was being driven at 50 to 55 miles per hour.

The cases of three other motorists accused of driving at more than 40 miles per hour, who were stopped by Officer Sullivan, were placed on file. They were Elian Sutherland of Cambridge, Edward C. Radzicki of South Boston, and Russell M. Palmer of Natick. In order to prosecute speeders under the Governor's Proclamation, it is necessary for the police to be able to show that they have paced the machines for at least an eighth of a mile.

Fines of \$5 each for failing to heed "Stop" signs were imposed on Thomas F. Conick of Watertown and Walter Musto of Jamaica Plain. Eli Hoffstein of Quincy was fined \$5 for passing another car on a hill where the view was obstructed.

THE CAMBRIDGE SUMMER THEATRE

There will be a great deal of fun over at the Cambridge Summer Theatre all next week. The contrast to the chill and thrills that went up and down the varied spines of those who saw Flora Robson in "Suspect" when the management presents Wendy Barrie, English and American film star, in the delightful comedy "Quiet Wedding."

Wendy Barrie, herself a beautiful and talented young lady, made her first appearance in the Charles Laughton film "The Private Life of Henry the Eighth." This was an Alexander Korda production and Miss Barrie came to be in the picture in a very unique manner. It happened while she was lunching at the Savoy Grill in London one day with her mother, Mr. Korda, who was also lunching with the very rich young girl with the honey colored hair and decided to ask if she would care to make a test for the picture. He did, and she did, and was given the role of one of Henry's wives, and Wendy Barrie made such a hit that she remained an actress ever since. In Hollywood her first movie was "A Small World" in which she appeared opposite Spencer Tracy. "Dead End" saw her as Kay, the very rich young girl, along with all the "Saint" and "Falcon" pictures have spread her fame across the continent. Her fans know that she was born in Hongkong, was educated in London, came to America in 1934, and received her United States citizenship papers in January of this year. Now they have a chance to see her in person on the stage of Brattle Hall in the kind of role for which she is ideally suited, that of a lovely bride-to-be.

"Quiet Wedding" has a large cast of characters who tell the story of how the fuss and confusion accompanying preparations for a wedding can serve to bring fears and doubts to the sweet girl about whom it all revolves and change her disposition into one of nerves and temperance. Not until her aunt, who is understanding and has a sense of humor, turns the tide of affairs by a rather ingenious trick, do things become smooth again between the lovers.

Ruth Hermans has come back to Brattle Hall to appear in "Quiet Wedding." She will be remembered by the host of fans who enjoyed her work at the Cambridge Summer Theatre all last season. Edith Ward who played Amy so aptly in Sylvia Sydney's "Little Women" will appear, and Phillip Huston, the handsome young actor who came to Brattle Hall in "The Dark Tower." Resident favorites will include Louise Kanastoff, Mary Barthelmess, Allan Tower, John Merrell, Charles Bell, Nancy Duncan and Robert E. Perry. Mr. Perry will likewise direct the entire show.

"Suspect," starring Flora Robson continues to chill spines through Saturday, Aug. 1, at the Cambridge Summer Theatre and it may be noted also that Paul Robeson, Margaret Webster, Uta Hagan and Hose Ferrer will be directed by Miss Webster in "Othello" the week of August 10th at Brattle Hall.

Judith and Barbara Osborne of Westwood are visiting their aunts the Misses Nellie, Gertrude and Florence Osborne of High st. this week.

Mrs. Almeda Brennan of Thurston rd. is visiting her sister, Mrs. J. Edwin Mitchell this week at their summer home at Friendship, Maine.

Miss Lillian Ingham, daughter of Mr. and Mrs. J. Webster Ingham, is recovering from an operation for appendicitis at the Corey Hill Hospital, Brookline.

Mrs. Raymond A. Kellaway of 18 Rockland pl. has returned from a visit to relatives at Buffalo, New York, and Detroit, Mich.

Out For Senator

THOMAS E. MORAHAN

Thomas E. Morahan of 220 Tremont st., Newton, who is a candidate for State Senator from Middlesex and Suffolk District, has filed for Democrat and Republican nominations. He received the democratic nomination as a republican in the last election for this office, by an overwhelmingly large vote. Others who are running for this office are Rupert C. Thompson, Benjamin J. Bowen and Hans W. Lundstrom.

Fined \$80 On Three Charges

George A. Cunningham, 28, of 28 Tower rd., Medford, was fined \$50 in the Newton District Court on Friday morning by Judge Donald E. Mayberry on a charge of operating while under the influence of liquor, and was fined \$25 for refusing to stop on signal of an officer in uniform, and \$5 on a charge of drunkenness.

He was arrested late Thursday night by Motorcycle Officer John F. Fitzsimmons, who had chased the car driven by Cunningham from California st. through Chapel st., Watertown st., Bridge st. and Chandler and Adams sts. before it was stopped. Patrolman Robert Ganley and Motorcycle Officer Fitzsimmons had both blown their whistles in an attempt to stop the car as it was proceeding along California st.

Lower Falls

Rector Roger Williams Bennett of St. Mary's Episcopal Church will occupy the pulpit of St. Andrew's Episcopal Church in Wellesley during the month of August for the Union services.

Miss Beverly Jean Fairweather, daughter of Rev. and Mrs. E. J. Fairweather, left last Friday for New York City where she was maid of honor at the wedding of Miss Caroline Close (formerly of Waban) and Lieut. James Robert Kirby, 3rd, of Kentucky. After the wedding Miss Fairweather left for Pittsburgh, Pa. to be the guest of the John Arthurs family (formerly of Newton) and will accompany them on a two weeks' vacation trip in the Georgian Bay Country of Canada.

Mr. and Mrs. Richard C. Schofield are receiving congratulations on the birth of a daughter, Jill Schofield at 56 Pierreport rd.

THE CHANGING SCENE

The United States has appropriated 148 billions for war since Pearl Harbor, about twice the total for all the other wars in our history. . . . The average household uses eight light bulbs a year; last year the Army bought more than 8,000,000 to light the way to victory. . . . The brass in 1,000 radio tubes would make 105 30 caliber cartridges. . . . The United States expects to reach the President's goal of 60,000 military airplanes in 1942, or more than it has produced since the birth of aviation. . . . Three New England plants—the Navy Yard at Portsmouth, N. H.; the Hampshire Woolen Company and Ware Woolen Company, Ware, Mass., and the Hamilton Standard Propeller Division of United Aircraft Corp., East Hartford, Conn.,—have been awarded the recently announced Army-Navy production award in recognition of outstanding performance in war work. . . . New England industry will be asked to salvage 1,300,000 tons of scrap metals in the next five months.

Men in Service

Following his induction into the Army of the United States, Howard Higgins of 36 Brooks ave., Newtonville, is now stationed at the Medical Replacement Center at Camp Pickett, Va. His training will consist of actual maneuvers illustrating medical and evacuation problems encountered on the battlefield as well as basic military work. As a Medical Department soldier, he is joining thousands of enlisted men, doctors, dentists, and nurses in the all-important mission "to conserve the fighting strength" of the Army.

Wilfred Marston, 20, son of Mr. and Mrs. Joseph Marston of 45 Rustic st., Newton, has enlisted in the United States Navy. Two other sons of Mr. and Mrs. Marston are serving with the armed forces. Their son, Leo, who enlisted in the Army about six months ago, is stationed at Myer, Va., and Philip Marston has been at Schofield Barracks for the past two years.

Dr. Pasquale Tedeschi of 270 Pearl st., Newton, has been commissioned a second lieutenant in the U. S. Army Medical Corps and will report for active duty on Aug. 5th, at Carlisle, Pa. Dr. Tedeschi, who has been a practicing physician in Newton for several years, will close his office for the duration.

Joseph Tedeschi, who was reported for active duty on Wednesday, they are sons of Mr. and Mrs. Antonio Tedeschi of 270 Pearl st.

Mr. Arthur R. Curley, of 79 Manet rd., Chestnut Hill, has enlisted in the Regular Army. He left for Fort Lee, Virginia, on Thursday, July 23rd.

He is the son of Mrs. Anna R. Curley, one of the few surviving Gold Star Mothers in Newton. His brother was the late Sergeant John J. Curley who was killed in action in Europe during World War I. Previous to his enlistment, Mr. Curley was employed by the George A. Fuller-Merritt-Chapman Scott Construction Co., at the U. S. Naval Air Station at Quonset Point, R. I., in facilitating the movement of supplies and equipment to foreign bases.

Miami, Fla.—Edward McCarty, son of Mr. and Mrs. E. V. McCarty of 43 Williston rd., Auburndale, Mass., has successfully completed his advanced aircraft carrier flight training at the Naval Air Station here and has been appointed Ensign in the U. S. Naval Reserve.

Ensign McCarty now wears the Navy's coveted "Wings of Gold" which he was presented by Captain G. F. Gurney, U. S. N., commanding officer.

Prior to enlisting for naval flight training, McCarty attended Boston College.

He was introduced to naval aviation at the Naval Reserve Aviation Base at Squantum, Mass., and after advanced training at the Naval Air Station, Pensacola, Fla., was selected for special instruction in takeoffs and landings from aircraft carriers here.

Dr. John A. Clark, Associate Professor of Philosophy at Women's College of the University of North Carolina, Greensboro, N. C., has been called for military service and is stationed at Ft. McClellan, Alabama. He is the son of Dr. and Mrs. Aldred Clark of Wellesley, formerly of Newton.

It's Corporal W. Davis Now

It's Corporal Warren F. Davis now. His aunt is Annabelle Upham of 44 Woodward st., Waban, Mass.

Promotion of Davis at the Army Air Forces Gunnery School at Tyndall Field was announced recently. He will return to his home field at 20th Observation Squad, Pope Field, N. C.

The promotion was earned for the Corporal's successful completion of the intensive five weeks course given picked men here to qualify them as top-notch aerial gunners.

The course is difficult, officers admit, but the men say they like it. It's not all work of course, as there are recreational hours are allowed. To keep the men fit, they cover a unique exercise course three times every afternoon. It consists of parallel bars, horizontal bars and three walls of increasing height, which they learn to scale within a few seconds.

They're mentally alert, physically fit and in a fighting frame of mind when they finish this course, all admit.

Inducted Into W.A.A. Corps

Dr. Elizabeth W. Kingsbury of 117 Woodland rd., Auburndale, has been inducted into the Women's Army Auxiliary Corps. She was sworn into the service last Friday and will leave for the second session of the Officers' Training School at Des Moines, Iowa, on August first. Sponge Cake From Oven
As soon as you take a sponge cake from the oven, invert the pan on a cake rack until the cake is cool. This lets air circulate under the cake, helping to prevent gathering of moisture in the pan. When cake is cool, loosen the sides with a spatula and slip the cake out.

WHAT'S IN THE NEWS?

To read the news intelligently is one of the great arts of democracy. Only if we read papers intelligently is freedom of the press of any use.

Too often we turn to the news not for information but for excitement. We make little attempt to interpret it for ourselves; rather we surrender to the headlines and let them have their way with us.

For all our boasted independence, we enjoy the sensation of being at the mercy of world events, of having our thoughts and actions determined for us.

We'd sooner react to what is happening than decide what ought to happen and then work to make it happen.

Hanging on the news feeds this tendency and weakens our powers of initiative and decision.

The only intelligent way to read the news is to derive from it a program of action for ourselves. Unless we do this we are traitors to our cause, because spectatorism is death to democracy.

We need to have an intelligent understanding of what is going on around us. We need not only to follow the course of the war on maps, but to take account of all the great trends of human thought and action.

For victory in this war is not to be won on the field of battle only. It must also be won in the field of ideas. The enemy fights with ideas as well as tanks. Nations like France have fallen because they were out-thought before they were out-fought. Are we thinking far enough and fast enough to conquer the ideologies? What is America's big idea, anyway?

Clear thinking comes from clean living. The way we Americans live is the American way of life. It can be a reflection of our unthinking whims and indulgences. Or we can think out and then live out a pattern of life which will inspire our fighting men and which the nations of the world can copy.

Letters To The Editor

June 29, 1942
Editor, Newton Graphic:

Dear Sir:

It has long been a temptation to me to write you and ask a question which must occur to other soldiers as well as myself.

I think I can best present my case by quoting myself as an example. I am in Foreign Service and have been for over two years now.

I am trying to do my part for the good of the whole country and am even investing all I can spare in War Bonds. Yet, every year, I receive a bill for my Poll Tax from the City of Newton.

And generally a demand with it. Last year I received a warrant for my arrest for failing to pay my Poll Tax. The point I want to bring out especially, is that I wonder if all this isn't unnecessary. It is annoying to me and must be to other Newton men in the Service. (I assume other Newton men are receiving same demands.) I have yet to find any other soldier, from other States and Cities, who has to pay a poll tax and I wonder if we of Newton have to do so.

This is just a question. I want to do the right thing.

Yours sincerely,
PFC LEWIS E. DAY, JR.,
Co. B, 33rd Inf.,

Your pound of kitchen fat may sink a Nazi submarine.

Not only is kitchen fat necessary for the manufacture of the explosive in depth charges, but a chemical by-product of this fat is necessary to operate the release gears for depth charges aboard sub-chasers and destroyers.

Save it and sell it to your meat market man for four cents a pound.

Don't Throw It Away!

Because of the shortage of metals, many articles are not now replaceable. We can repair anything made of metal.
Prices reasonable.

REBECCA POMROY HOUSE

Various activities manage to help the members of the Rebecca Pomroy House at Newton Corner, a member agency of the Newton Community Chest, Inc., to forget the heat and enjoy themselves.

Last Friday afternoon, thirty little boys and girls enjoyed cool refreshing watermelon and later a cool shower under the hose.

The older girls spend their evenings doing many things. Marshmallow toasts, weenie roasts, bowling, swimming and games keep the girls interested and looking forward to other good times.

The members of the Mothers' Club spent the evening in Cocoon at Two Centers Camp. There was relaxation from bus homes and defense work in a cool dip followed by supper at the cabin.

Two Centers Camp is now in its fifth week. Although starting time from the Rebecca Pomroy House is at 8:30 in the morning the eager children arrive any time after seven to be sure they will be on time for a day of fun.

CHRISTIAN SCIENCE CHURCH

In all Christian Science churches, branches of The Mother Church, The First Church of Christ, Scientist, in Boston, Massachusetts, a Lesson-Sermon will be read Sunday, August 2, on the subject: "Love."

The Golden Text will be: "Be perfect, be of good cheer; be of one mind, live in peace; and the God of love and peace shall be with you" (II Corinthians 13:11). Bible selections will include the following passage from I John 4:7, 8: "Beloved, let us love one another: for love is of God, and every one that loveth is born of God, and knoweth God. He that loveth not knoweth not God; for God is love."

One of the passages from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy, included in the Lesson-Sermon, reads as follows: "Divine Love always has met and always will meet every human need. It is not well to say that Jesus demonstrated the divine power to heal only for a select number or for a limited period of time, since to all mankind and in every hour, divine Love supplies all good" (p. 494).

Swimming Lessons To Be Given Adults

Adults who do not know how to swim may take advantage of the free swimming instruction at Crystal Lake, starting August 3 at four in the afternoon. Those who are interested in taking this special swimming course may join the class by coming to Crystal Lake at the time of the lesson and registering with Mr. E. M. Westgate, director of Swimming and Life Saving for the Newton Chapter of the Red Cross.

These classes are limited to adults who do not know how to swim at all, and will be continued for a period of two weeks.

Milk Without Cow

Sailors at the naval air station in Sitka, Alaska, have milk to drink even though they have no cow. Powdered skim milk, water and large quantities of sweet unsalted butter are poured into a machine. The result is milk that tastes as though it were not more than two hours from the producer.

VAUGHAN—FLAGG

A reception at the Brae Burn Country Club followed the candle-light ceremony Sunday evening in the Union Church, Waban, when Miss Virginia Flagg was married to Earl F. Vaughan. Rev. CHARLES H. SLATTERY

Charles H. Slattery of 111 Grasmere st., Newton, died on Saturday, July 25, at his summer home, Second Cliff, Scituate, following a short illness.

Mr. Slattery was born in Boston. He was a graduate of the Boston Latin School and of Harvard College, class of 1889, and was awarded his law degree at Harvard in 1894. He practiced law in Boston until 1906 when he was appointed city treasurer by former Mayor John F. Fitzgerald, and was reappointed to that office by succeeding mayors until 1918 when he retired. He has also served as a member of the city council from 1902 to 1904.

He was vice-president and director of the Brookline Trust Company and a trustee and member of the board of investment of the South Boston Savings Bank.

He had been active in civic and church affairs, was a former member of the Brookline Kiwanis Club and of the Woodland Country Club.

Surviving him are two nephews, John R. Slattery who is serving with the armed forces, and William F. Slattery of Newton and Scituate; and two nieces, Mrs. John Gavlin of Auburn, New York, and Miss Mary Slattery of Newton and Scituate. He was a brother of the late Rev. Lawrence W. Slattery who was pastor of the Church of Our Lady, Newton, and of the late Francis E. Slattery, former corporation counsel and schoolhouse commissioner for the City of Boston.

Funeral services were held on Monday morning from his summer home. A solemn high mass of requiem was celebrated in the St. Mary of the Nativity Church, Scituate, at 10 o'clock by Rev. John Quirk, with Rev. John McManus as deacon and Rev. John Foley, a sub-deacon. Seated in the front of the church were Rev. Daniel F. Burke, pastor of the Infant Saviour Church, Brookline; Rev. Thomas A. Quinlan of Scituate; Rev. Joseph P. Shea of Medford; Rev. Charles Donahue of East Boston; a vested choir; and a large number of guests.

A solemn high mass of requiem was celebrated in the Church of the Presentation at Oak Square at 9 o'clock. Burial was in Calvary Cemetery, Waltham.

Mr. McMorro is survived by his wife, Mrs. Pauline (DeRoche) McMorro; two brothers, Martin McMorro of Newtonville and John McMorro; and a sister, Mrs. Hugh Waters of Newton.

Newton Selectees Given Send-off

A group of selectees of Local Board 112 who were inducted into the Army on July 17 was given a farewell reception at Newton City Hall Wednesday as they departed for active duty.

The sendoff was sponsored by Newton Lodge of Elks and members of that organization presented traveling kits to the departing soldiers and comrades of roses to their mothers and sweethearts who were there to see them off.

Mayor Paul M. Goddard greeted the group in the dual capacity of chief executive and a member of Newton Lodge of Elks. They were given an inspiring talk and blessing by Rev. John A. Sheridan, pastor of the Church of Our Lady. Many of the new soldiers are members of Our Lady's Parish.

It was the first affair of its kind held in Newton since the new system went into effect whereby the selectees automatically receive furloughs upon induction and at the end of the furlough are sent into active service by the board.

The delegation from Newton Lodge of Elks included Exalted Ruler Matthew Hurley, Capt. Nicholas Vedeccio, chairman of the defense committee of the lodge; Roy S. Edwards, chairman of the Citizens Committee on Service to Newton Service Men; William E. Earle, John A. Bibbo, James Matthews, Frank Lombardi, Dana Foley, Oswald McCourt, Robert Burns, William A. Sprout and Albert Moore.

Members of the Newton Upper Falls canteen unit of the Newton Lodge of Elks were present and doughnuts to the departing men. Mrs. Robert McLaughlin was in charge of the canteen group, which included Miss Alice Jones, Miss Madeline Sears and Miss Hazel Stewart.

Some of the members of the Elks Lodge who were present and some of other relatives in the departing group. One of these was Robert Burns, whose son was one of the inductees.

POLITICS WITH COLOR

(Continued from Page 1)

seem to feel that Curley should win.

In Newton, now a part of the new Tenth district, the outstanding candidate for the G. O. P. nomination is Speaker Christian A. Hertzer of the House. Assuming that there will be no withdrawals by July 31, there will be three other candidates, Almon B. Cook, former State Auditor for sixteen years, may possibly decide to run in the new Eighth district, where he has also filed papers. The other two men are relatively obscure gentlemen from Boston and Brookline. Our new district is very strongly Republican, so it matters little what our friends the Democrats have to offer as a candidate.

Next week I shall speak about my old friend Frank A. Brooks of Concord, running for re-election to the Governor's Council, who has been in the Senate for four years. I shall also have something to say about the six-cornered fight for the Republican nomination for State Treasurer, the Kelly-Putnam scrap for the Democratic nomination for Governor and last, but far from least, the Lodge-Crocker contest for the United States Senate.

Unreeling of Cocoons

Most Tedious Silk Task

In Japan, silkworm culture is a family undertaking, a part time job on some 2,000,000 farms. In the month and a half each spring when the worms are growing and spinning, the entire family participates in their care. A large part of the house is given over to them, the family keeping only one or two rooms. Similar enterprises in America involved the building of separate sheds for the exclusive use of the worms.

The most tedious of all the tasks connected with silk production is the unreeling of the cocoons. First the cocoon is put in hot water to soften the gummy substance which binds the threads. Then the reeler, usually a girl, seeks out the loose ends by which the cocoon was attached to the branch. One thread is too thin alone, so she joins the threads of five or six cocoons and reels them as one. Reeled separately, a thousand miles of silk filament would be required to make a pound. To produce that weight of thread, 2,500 to 3,000 cocoons must be unrolled. Last year it was announced that mechanical devices had been developed to triple the speed of reeling, but still the cost would be prohibitive at American wages.

After reeling, the silk is inspected and rewound into skeins of several ounces each. These are combined into "books" of five to ten pounds, which, in turn, are packed in bales of 160 to 200 pounds for shipment. Each bale represents the life work of some 500,000 hand-fed silkworms.

Silk Worm

The silk worm secretes the silk as a viscous fluid in two large glands in the lateral part of the body. These communicate by ducts with the spinneret on the under lip. The silk from the two glands is united in a single thread, which quickly hardens. The worm spins or produces this thread and winds it about itself so as to form a covering or cocoon in which it passes the pupa stage. In the case of domesticated silk worms, much of the thread may be reeled off in a single piece after it has been softened and loosened from the cocoon by immersion in warm water. Raw silk contains 20 to 30 per cent of sericin, or silk glue, and is harsh and stiff. After this glue is removed by steeping and boiling, the silk is fine, soft and white. Ecreu, or "natural" color silk, has only a portion of this glue removed.

60 Want To Buy Bicycles

The Newton War Price and Rationing Board has received 60 applications for certificates to purchase bicycles. Scores of other applications were rejected because they were not in proper form.

Although only 30 persons have made inquiries and many of them have sent letters requesting permission to purchase bicycles, William B. Baker, chairman of the board, announced Tuesday that the board can act on formal applications only and that applications blanks may be obtained at the office of the board at City Hall.

He stated that the city's quota for July is 18 bicycles and that the applications of those who are not eligible will be rejected, while those who are ruled eligible will be awarded certificates while the quota lasts. After the quota has been reached, applications of remaining persons eligible will be placed on file to await the next month's quota.

According to the regulations, certificates may be issued to those who plan to use them in gainful occupations or in essential to the war effort.

At the same time the chairman revealed that the board is "keeping well ahead" of the ten-day deadline allowed by law for action on the applications for supplementary gasoline ration books.

Scores of letters have been received by the board from persons who feel aggrieved because their bids for supplementary ration books were not granted or granted in part. Chairman Baker stated, however, that the board has acted strictly in accordance with the regulations prescribed by the OPA.

The board has been assisted by a group of citizens serving as volunteers in examining applications and passing on them in accordance with the rules. Assisting in the task of issuing the ration books to the successful applicants are about 25 teachers, who are giving up part of their own time to serve. The teachers are serving in two shifts. Successful applicants are notified by postcards as soon as the board has passed their applications. For the greater part of the day the successful applicants as they wait for hearing on the matter in the corridor outside of the aldermanic committee room where the books are issued.

Ask Extension Of 2 Bus Lines

The Middlesex & Boston Street Railway Company has applied to the State Department of Public Utilities for certificates of public convenience and necessity to extend two bus lines on the South Side of the city of Newton.

The department is expected to hold a hearing on the matter. The Board of Aldermen granted the permits after residents petitioned for the added service. The board held two hearings on the petitions.

One of the proposed extensions is from the junction of Dedham and Brookline sts., Oak Hill, over Brookline st. on the Newton and Brookline town line. The other is from the junction of Centre and Boylston sts., Newton Highlands, to Winchester st. to Charlemon.

Scientists Study Newly Discovered Arizona Pits

Strewn like giant shell holes across the sun-scorched Arizona plain, a score of newly discovered pits 40 miles southeast of Meteor crater are being studied by an expedition which includes Dr. Harvey Nininger, curator of the Denver Museum, and president of the Society for Research on Meteorites, who heads the expedition which hopes to prove the craters were caused by meteorites.

If so, they contain thousands of pounds of nickel now vitally needed for national defense metal production, the scientists pointed out. There is a strong possibility, the experts acknowledged, that the pits were caused by the tail of a comet which smashed to earth thousands of years ago, or by fragments of an exploding meteorite.

There's a chance also, Dr. Nininger admitted, that the perfect circle craters may prove to be sink holes caused by a large underground river. The pits, which average 300 feet in diameter and 150 feet in depth, will be studied with a magnetometer, radio sounding device, and also with special acids and other geophysical equipment. The expedition also will carry drilling apparatus.

Five hundred thousand pounds of nickel valued at \$300,000,000 are contained in the 10,000,000-ton meteorite located underground just south of Meteor crater, government geologists estimate. The Barringer family of Philadelphia has spent \$500,000 since 1909 in mining operations at the crater.

Two Threads in Weaving

In any form of weaving there are two kinds of thread—the warp, which runs lengthwise of the finished fabric, and the filling, which runs across at right angles with the warp. In the simplest form of weaving the filling goes over one warp thread, under the next, over the third, under the fourth and so on. Many fancy yarns are made, and are woven into intricate designs. The plain weave is an open weave, cooler for summer-wear garments, and is found in tropical worsteds, rayon fabrics and most washable cotton and linen fabrics. Twill weave is closer, warmer, and used for overcoats, suits, uniforms, and is more durable than the plain weave for heavier yarns.

Ironical

Whistles issued to air raid wardens in New York recently had the phrase "made in Japan."

Is your son in the Navy? Then here is how your kitchen fats and greases can help him win the war, if you will save them and sell them to the nearest meat market.

First and foremost, the Navy like the Army and the Marines needs your kitchen fats to make explosives for their shells and bullets.

In addition to that, however, the glycerine and other chemical by-products of your kitchen fats and greases are used for ship's compasses, hydraulic equipment, pumps, steering gears, depth charges and depth charge-release gears.

Grease the skids for the Axis. Save your kitchen fats and sell them to your meat market.

Bakers' Dozen
Old laws penalized grocers and others for shortweight sales. Out of this grew the "bakers' dozen," when the baker put in an extra bun or doughnut for good measure.

Grew Vegetables Despite Handicap
Practicing soil conservation, Pueblo Indians of the Southwest raised corn and vegetables in a land of uncertain and scant rain.

Woods From Brazil
Marina and Aracanga, two Brazilian woods, make better keels and stems and main timbers by far than oak, according to a wood expert.

Chinese Moths
Some large species of Chinese moths have a wingspread of nine inches.

Marine Corps Oldest
The U. S. marine corps is the oldest branch of the military service in America.
